Berkshire Life Insurance Company

We are always ready to talk with young men about entering the life insurance business and connecting themselves with this Company.

There has never been a better time when life insurance has been so important as now; nor a time when people are so dependent upon life insurance as now; nor a time when life insurance was so generally recognized as a necessity. Because of the conditions the business opens a great opportunity for young men starting in life, requiring no invested capital and offering features such as few lines of business offer.
