There's no doubt that to many men this is one of the most satisfying games the world has known. It is a game that is played by millions of people, and it is a game that is enjoyed by all who play it.

In Scotland it is not unusual for two or three men to meet every day at the same hour to play a game of golf. This is a custom that has been followed for many years, and it is a custom that is enjoyed by all who play the game.

Berkshire Life Insurance Company of Pittsfield, Mass.

We are always ready to talk with young men about entering the life insurance business and connecting themselves with this Company.

There has never been a time when life insurance has been in such popular favor as now; nor a time when people are so dependent upon life insurance as now; nor a time when life insurance was so generally recognized as a necessity. Because of these conditions the business opens a great opportunity for young men starting in life, requiring no invested capital and offering features such as few lines of business offer.

One of the remarkable features of football this year is the number of brothers who are playing on the same teams or on opposite teams. With Princeton, however, the two old college rivals, are playing a new game. In former years, both Princeton and Harvard have been in the business. This year, however, the foursome comprises only 121 members per team (oddly enough, it seems to make no difference what it is called), while the Harvard team consists of 141 members. The Princeton team is leading in the Miller brothers, while Harvard has the fourth brother in their line-up. The Harvard team never has had the advantage of the two brothers who are playing at the center. The three brothers, however, have given the Harvard eleven no chance of winning any game this season. The members of both teams will be free to come back strong.
