50 VOLUNTEERS GIVE SERVICE

Through voluntary contributions of food or money from twenty-four Greek Letter Societies of the University, the Volunteer Service Committee was enabled to distribute forty tons of food, enough to feed the neighborhood of the countryside, in three and one-half days. There are many and always numerous opportunities to help feed the hungry, but in the midst of the confusion and hurry it is easy for the individual to feel helplessness. The individual may be one, but the numerous hand given through the efforts of the Volunteer Service Committee. This is because of the cooperation offered to the Committee by the several Community Clubs and the determination to aid the hungry who are in need.
