PROPOSITION SIX
LEADS IN BALLOT ON PEACE TREATY

Senator Frens, intro, proposed the League-Peace Treaty.
and remarked that it was rather hard the recent want ad in these columns things in the concerts to follow. as an omen, we may look for better the next concert, on January 21, is to ability as a conductor. At any rate, essential has been a strident bit of these nearest neighbors. Morality one aimless irresponsibility that included ally. Heretofore, the pro-

the Philadelphia Orchestra has an-

grams presented at Welghtman Hall

...and harmonious. The world today is still very selfish. Labor is earning its rights and capital's duty, while capital looks at its rights and labor's duty. Realism, or lack of love for one's neighbors, makes control. As long as men are imitating each other and with no object, no one can or should trust the authorities will not arise in this country. A comparison of Chartres's em-

Walter for the first task number where the trumpets could move and the sym-

bar bit. Perhaps the numbers given were selected with an eye to Mr. Elitch's ability as a conductor. At any rate, the general public, as on January 21, is to be devoted to a program of modern French composition, and, with this as an excuse, we may look for better things in the concerts to follow.

The Campus Observer focused upon the recent want ad in those columns and remarked that it was rather hard in the dominie and architecture, the advertised might better have asked for Western choral students only.

The Campus Observer thought it was only fiction, but the other day he actually saw a sign in the Normandie-

Le Filtre, "Shoes Wired In-

sales" which seems rather a wide oath of pitch.

with the increased enrollment this year. It will be necessary to put the Local street terrace outdoors and we treat the authorities will not put it up too long.

We are reminded by the C. O. that there have been a single camps in recent years since the holidays, and it's necessary to go off of the campus to spend money now.

COMMUNICATION.

The Undergraduate Council,

University of Pennsylvania,

comment—the activity has not been called to a conclusion published in The Pennsylvania on Saturday, the 17th, under the caption, "The Warming of Winter." We have not yet been able to obtain a copy of this communication, but from what we understand, it appears to be directed to the students of the University, and to call attention to the fact that the weather is growing warmer, and that the time has come for the students to take advantage of the pleasant weather and to enjoy the various outdoor activities.

The communication also states that the council has been greatly pleased with the response to their previous request for suggestions and that they are looking forward to receiving more such suggestions in the future.

The council also expresses its appreciation to those who have already contributed to their cause and asks for continued support.

They end their communication by expressing their hope that the weather will continue to improve and that the students will be able to enjoy all that Spring has to offer.

The council is looking forward to working with the students to make the most of the pleasant weather and to continue to improve the campus and the community.

We wholeheartedly support the council's efforts and encourage all students to join them in their work to improve the campus and the community.

Yours sincerely,

The council.
NOTICES

Berkshire Life Insurance Company

We are always ready to talk with young men about entering the life insurance business and connecting themselves with this Company.

There has never been a time when life insurance has been in such popular favor as now: nor a time when people are so dependent upon life insurance as now; nor a time when life insurance was so generally recognized as a necessity. Because of these conditions the business opens a great opportunity for young men starting in life, requiring no invested capital and offering features such as few lines of business offer.

College "Drys" Plan Campaign

To expend $5,000,000 in the next five years for the development of the college. Prohibition movement is evidence of the program adopted to the National League of the University. Candidates of the International Prohibition Association at Den den, January 1. This program was first put out in a conference with the leaders of the national prohibition organizations and then approved by the annual meeting of the P. L. P. C., giving final approval of the student convention.

The program includes a contest for the best work in the colleges of Amer. or enforcement of the law until National prohibition is held off in the world of the law. The Foreign Department plans first a mon. fer memorial pension from the United States to North America to carry out the ideal of national prohibition, this statement to be printed in various languages and sent to all parts all over the world.

A world student movement in several languages, an international col. noes news service to educational organi. with the states, and movements to organize and successfully compete in the contests. The program is already advanced, prohibition residents outside of countries where prohibition sentiment is small, international sectional contests, preparations of books and literature and their publica. in many languages, and finan. aid to native student anti-prohibition societies in organizations.
