**STUDENT SPIRIT STRONGLY FAVORS BASIC PRINCIPLES OF AN HONOR CODE FOR UNDERGRADUATE SCHOOLS**

The resolution was introduced by the students of the Varsity basketball team, who feel that the adoption of such a code would be a great benefit to the university.

**ALFRED NOYES WILL NOT WRITE ANOTHER SONG**

Announcement has been made by President Harman, of the Arts Association, that Alfred Noyes will not write another song for the university. This action was taken in order to prevent any further plagiarism in the music department.
The enforcement of the system. It was maintained that it was impossible to suit every man, because there would be departments. It will be absolutely necessary to these two.-National Honor System. All-inclusive buttons have arrived from the manufacturer's office, and a different system might have a different viewpoint than whatever else may have been the plan had not the student body ratification in order to have a plan passed. This statement is absolutely absurd and unfair to the committee. The original plan, as drawn up by the committee, has already been considered. There is no question whether the changes, which were suggested by the combined faculty and accepted by the Undergraduate Council, were for the better. The very men who were instrumental in suggesting the changes are now opposing them. But that plan still remains to be done with the object of the plan in hand. This has been and is the only possible viewpoint in the minds of the committee. Where it could be of any advantage to the committee to have had its plan passed, I fail to see how those who have such opposing ideas can act as chairman.

The position of president is one he has never refused to return to the honor system. Wherein the changes were suggested by the combined faculty and accepted by the Undergraduate Council, were for the better. The very men who were instrumental in suggesting the changes are now opposing them. But that plan still remains to be done with the object of the plan in hand. This has been and is the only possible viewpoint in the minds of the committee. Where it could be of any advantage to the committee to have had its plan passed, I fail to see how those who have such opposing ideas can act as chairman.
Murad
THE TURKISH CIGARETTE

You may hunt the world over—but you cannot find a cigarette to take the place of Murad.

The tobacco in Murad is 100% pure Turkish—and Turkish is the most famous of all tobaccos for cigarettes. It is true that "ordinary" cigarettes cost a trifle less.

"Judge for yourself—!"
