The spirit of the agreement. In spite of all efforts the contrary, is a part compact. Various and sooner constructions and interpretations may be derived from the different articles. This statement, however, is necessary because there is not a chance of inactivity and superficiality to keep the terms of the law not set to the letter, but according to the spirit. Berkshire Life Insurance Company

We are always ready to talk with young men about entering the life insurance business and connecting with this Company.

There has never been a time when life insurance has been in such popular favor as now; nor a time when people are so dependent upon life insurance as now; nor a time when life insurance was so generally recognized as a necessity. Because of these conditions the business opens a great opportunity for young men starting in life, requiring no invested capital and offering features such as few lines of business offer.
