Today, among young men as well as old, plain men and prominent citizens, the cigarette is more popular than ever. There is a great deal of respect for it.

As the boy says, they were the only thing that offered a chance to a soldier, and to a soldier it was a necessity. The manufacturing of the cigarettes, as stated above, was a great success. It was a real war-time plan.

Berkshire Life Insurance Company

OF PITTSFIELD, MASS.

We are always ready to talk with young men about entering the life insurance business and connecting themselves with this Company.

There has never been a time when life insurance has been in such popular favor as now; nor a time when people are so dependent upon life insurance as now; nor a time when life insurance was so generally recognized as a necessity. Because of these conditions the business opens a great opportunity for young men starting in life, requiring no invested capital and offering features such as few lines of business offer.
