DEBATERS HOLD
THIRD TRYOUTS

In the third trials for the "Varsity" Debating Society, the Freshmen and Sophomores were paired against the Longears and the Juniors against the Seniors. The Freshmen, with Hupp and Schmidt as speakers, will be on the affirmative side of the question. The debate will be held on the stage of the auditorium, and will be at 10 o'clock. The time limit for both sides is ten minutes, but each member of the team is not required to make a complete speech, but may be interrupted by his opponents. The debate will be open to the public, and will be at 10 o'clock. The meeting was called to order by President A. C. McVay.

A new rule adopted by the board is that every student member must be present in the meeting to have votes count. It was also decided that no one should vote to the Honor Code Committee, I feel it is improper of those not bound by the Honor Code to vote in the meetings of the board.

The new rule was accepted by every student present.

Berkshire Life Insurance Company

We are always ready to talk with young men about entering the life insurance business and connecting with this Company. There has never been a time when life insurance has been in such popular favor as now; nor when people are so dependent upon life insurance as now; nor when life insurance was so generally recognized as a necessity. Because of these conditions the business offers a great opportunity for young men starting in life, requiring no invested capital and offering features such as few lines of business offer.

Aero Club Secures
Tickets for Show

As a part in the success of the Philadelphia Aeronautical Show, which opens next Wednesday, March 20, John and Cawdell have arranged to exhibit an aero club which will take over the campus distribution of tickets. This exhibit, this year will be the most interesting in the history of Philadelphia shows, as they will display the results which the losses of war produced in aviation construct.

The most noteworthy tendency in after-war design is the provision which have been taken to make flying as safe as any other pursuit of popular consumption. It is the claim of Simon Lake, manufacturer of the " evolves" submarine, that he has accomplished this "Submarine Airplane", which he will have on exhibition.

The great increase in varying capacity will be demonstrated by Oliver E. Martin's machine, 11 feet from tip to tip. The new "winged ship" will be shown by Wise Catherill, 112 W. 39th St., noted aerialist. The Curtis people have recently acquired the Wrights' "A", the "Ohio", and the "Seal Wing". The "Tin" ticket, the smallest exhibit, is to be exhibited "flier" with a 15-foot wingspread and a length of only 18 feet.

The arrangements for the indulgent show which will comprise the show will be in the hands of the Philadelphia Aeronautical Corporation, and will be open to all the public.

For the week-end, for the seashore or mountain, for the club or the country, for the town or the city, for the college or the university, there are correct in every detail.

Order yours here now and you will have in your possession a constant advantage as regarded those traveling in.

Tomorrow night at 7.30 a smoker will be given for the benefit of those who desire to enter the competition for the prizes of the three departments of the publication. Some good local music has been obtained for the evening, and all the students and faculties that will be furnished, will make the evening a most

Becoming more and more a necessary part of the wardrobe of the well-dressed man.

For the week-end, for the seashore or mountain, for the golf course or the pleasure grounds of the Country Club, it now has become the thing to have the "Dress Jacket or Pull-over Dress for evening wear. Knickerbockers are quickly gaining in favor, and gowns and sportswear in general are becoming more and more a necessary part of the wardrobe of the well-dressed man.
