36th & Chestnut St.

This is the perfect time to purchase life insurance, as the popularity of life insurance has increased significantly in recent years. This is a great opportunity to protect your family and ensure that they are taken care of in the event of your passing.

We are always ready to talk with young men about entering the life insurance business and connecting themselves with this Company.

There has never been a time when life insurance has been in such popular favor as now; nor a time when people are so dependent upon life insurance; nor a time when life insurance was so generally recognized as a necessity. Because of these conditions the business opens a great opportunity for young men starting in life, requiring no invested capital and offering features such as few lines of business offer.
