KIDS TO THE CONTRARY

Salve!Chaps are like a Pauli Local. Which is a nice, smoothly oiled, prevalent affair. It doesn't stop at a great rate between stations. But the stations come frequently. And then the electric slows up and stops. And it never gets any farther than Pauli.

Other chaps are like a freight train. It pulls smoothly down the track. And when the speedier electric slows up for a station, the freight train catches up to it and passes it. And the freight for a station, the freight train catches when the speedier electric slows up and stops. And the freight for a station.

Which is a nice, smoothly oiled, pre- vention affair. It dares along at a rate between stations. But the stations come very frequently. And then it has to slow down and stop. And it never gets any farther than Pauli.

Which would you rather be, a Pauli Local or a freight train?

A gentle sport!

Why is this column like some people know? Because it is set up and arranged on a last-minute contingency. But—

Berkshire Life Insurance Company

We are always ready to talk with young men about entering the life insurance business and connecting themselves with this Company. There has never been a time when life insurance has been in such popular favor as now; nor a time when people are so dependent upon life insurance as now; nor a time when life insurance was so generally recognized as a necessity. Because of these conditions the business opens a great opportunity for young men starting in life, requiring no invested capital and offering features such as few lines of business offer.
