COUNCIL EXPLAINS ERROR IN SEATING

The following statement was given out by the office of the Graduate Council in response to the complaint in the student body that tickets were being sold by second session for the next season.

"Because of an error in pricing the tickets, some students were not able to purchase the tickets which the Athletic Council had assigned to the student body were put on sale at the ticket office. The system, as it was originally set up, greatly regret the error but feel sure that this will be remedied for next fall. The tickets are all assigned and it is not necessary for anyone to go through the opening of the stadium." Form Eastern Debate League

CHANGE OLD METHOD OF JUDGING

One of the most important developments that has ever occurred in debating at Pennsylvania is the formation of a High School Debate League. This league can only be compared to its scope and influence with the "Ring of the World". It is the most successful combination that has graced Franklin Field in the last few years.

Hamer directly tore the Lancasterites' defensive system to bits and after Miller and Sullivan had used it as a battering ram for two goals of considerable distance was responsible for the loss of the initial game of the season to the Eastern Intercollegiate Debate League, which was formed in Springfield, Mass., this spring. Eight eight-mans' teams make up this league, and the line, from head to tail, is expected that much Improvement will come from the team in the second period coming largely through the inspiring leadership of tackle to tackle, good line work for home by Sullivan, Hamer and the Meyers.

MOVING FORWARD
Upperclassmen returning to the campus this year cannot fail to remark the spirit of progress which is so evident at Pennsylvania this year. It is being impressed upon them as never before that the University is awake, wide-awake, that Pennsylvania, to use the business phrase, is a "going concern.

To enumerate all the directions in which this spirit has made itself manifest would be difficult, but the chief among them may well be noted. First, of course, there is the stadium.

The creation of the magnificent new Franklin Field has solved the problem which was recently becoming more pressing. Then there is the creation of the newly formed Wharton Library which in two weeks will become an actuality.

Huston Club is being remodeled, and it is not improbable that the present changes may help create a campus tradition based upon those which have gone before.

All over the country the whistle is blowing for the kick-off, the start of that great game—another college year.

Be on your toes when the whistle blows. A good start will carry you well on toward your goal.

Let the football candidate start by working away till his muscles ache from bucking the line.

Let the publications man be alert for news and whatever activity you come out for.

And if a good start helps win campus honors, let the aspirant for manager put in careful study of his team's needs, always eager to help—arranging a trip or carrying a pail of water.

The sure way—arranging a trip or carrying a pail of water.

Whatever activity you come out for, it helps win classroom honors, too. The sure way—arranging a trip or carrying a pail of water.

It is best in the long run, and—selfishly—it is easiest in the long run. That is, if life after college is getting a grip on the basics.
