When the Pennsylvania soccer lineup on River Field at three o'clock this afternoon, they will be in the Tournament in which the ten members of the starting eleven have been selected to play one of the most skillful exponents of that game to contest. Although the experts do not hold with the theory of who is to claim victory, there is a grip about the possibility that is not calculable. It is not that there is more than a possibility of a draw, but that the two sides are so evenly matched that the result will be in the end the last chance of the last minute.

Create New Eastern Debating Alliance

This year a remarkable and active move was taken at a conference meeting at the Hotel to create a new debating association to be known as the Eastern Intercollegiate Debating League. Debates representing eight Eastern colleges were present. Four groups of three speakers debate to take place on Dr. Sunday, February 21, March 22, and May 35 at this time. This schedule is subject to the approval of the various faculties, and the respective subjects are to be chosen by Harvard, Princeton, Columbia, Dartmouth, and Yale.

STAGE OXFORD
DEBATE IN GYM

Debate Council Fortunate in Securing
Provenst Peniman as Chairman
for Event

TICKETS PLACED ON SALE TODAY

Weightman Hall has been selected the
place to hold the Pennsylvania-Oxford
Debate on October 21. It was first
told that a place downtown would be
more desirable, but after considering costs
(finances were carefully, a location on the
campus was decided best.

The promoters of the debate have been
fortunate in securing Provost Peniman as
chairman, for few men better
attitudes might easily hold his taking part.
The Oxford team comes from Har
vard where the same question is to be
answered whether or not the United
States should enter the League of Nations.

The Pennsylvania team, which is com-
pared of Carl R. Don, '23 W., Herman
W. Wittlinger, '21, and Patrick M. McAll
'21 W., has been working hard, and by
the time the debate takes place, expect
to have some branch arguments ready.

The University Office has been
sending out a great deal of advertising
matter, and it is hoped that Weightman
Hall will be filled to the brim by the visiting
team.

The debate will have a few unusual
features which should tend to arou-
se even more interest than the fact that it is
between two academic units with
other teams have been connected. A
number of the British delegation will
arrive at the Pennsylvania side, and on
a number debates will make the visitors.

Another feature to the debate will be the
contention of the issue on that date will
decide the outcome.

Attention is called to the fact that the
debaters representing Pennsylvania do
not oppose this year's team. They
were selected because such men had
much experience in attending Pennsy-
lvania in various debates. Members for
the current year's team will be chosen
by November 1, and undergraduates in
different departments of the University are
eligible for this competition.

The present admissions will be 50 cents,
but University and high school students
will be admitted for 25 cents. Tickets
will go on sale today at Geunting's Hall.

MAJOR ARRIVES TO
ASSUME NEW DUTIES

William B. Broggi, professor of military
Agriculture, arrived yesterday
from Camp Dix, N. J., to relieve Colonel
Walsh, who has had charge of the
Training Detachment of the E. O. T. C. Major
Broggi has been appointed assistant
professor in the department of Military
Science and Tactics. He was graduated
from Drexel University in 1879.

The Oiler Officers' Club composed of
new men in the advanced course of the
Military Science and Tactics Department
will have a send-off Wednesday
night as a preliminary to the E. O. T. C.
recruiting campaign. As classes start
on October 15th, men will sign up who
hope that duty will not make up for
classes missed.

In addition to receiving gym orders,
they will be served until the new course is given
one academic unit.

EXCELLENT TALKS GIVEN AT EDUCATION CLUB GATHERING

Several very interesting and instructive talks marked this season's first meeting of the Education Club. Miss Minnich called attention to the increasing number of men enrolling in the School of Education and the splendid work of the Educational Service during the registration period. He spoke on the part the students could play in helping the department in Art, Physical Education and Commerce.

Mr. P. Spalding, the P. S. principal, discussed briefly the opportunity for research in the field of Education and the inspirational side of teaching.

Mr. Love, the assistant director, of the University, presented some problems in administration and suggested ways in which the club could help them.

The vocational work of the Education Club at the University, water sports, and other activities of the University, were briefly discussed.

The meeting adjourned.
