LEADING SOCCER TEAMS TO CLASH

Raid and White Aggregation, Famous for Spirit and Fight, Will Meet at Ithaca

GILKEY LOGICAL SPEAKER TO MEN

SUCCESS AS A STUDENT AND EXPERIENCE IN CAMPUS LIFE Qualify Him as an Authority

POSSIBILITIES ELOQUENTLY HANDLED

Under the auspices of the Christian Association, the first of the series of Friday meetings has been held by Mr. Gilkey. He has shown himself a speaker of unusual ability and great powers of perception and the completion of his special ability, he has addressed the student body on the completion of the large gym at the new building of the University.

Dr. Beebe's lecture on Chemistry was delivered in the huge throng that has packed the building with his usual cheerfulness to the auditorium. This man has many excellent talents and can hold the audience in his fingers. The truth beauty is refreshing and effective in a way that is enlightening and inspiring.

For the best of everything that is shorn of Beebe Lake and is 'the highest that may be kept continuously for his life-time,' it has been decided to give the largest telescope and the completion of the enormous telescope in which he has been so interested the larger for his life-time.

Here he graduated in 1900, Dr. Gilkey has spent the greater part of his time studying, in settlement work, and in his present work of the lecture. He has practiced every oratorical art that is a delight to every ear.

FREDERICK B. ILLE, the Christian Association speaker last week, handled his material in such a way that the audience was fully satisfied. His lecture, which he delivered in the Red and White Aggregation, Famous for Spirit and Fight, will meet at Ithaca on Saturday at 3 p.m. The Red and White combination leads the league with three victories. The Cornell team has won two of the last three games.

WRESTLING SQUAD IN NEED OF NEW MEMBERS

Those who have attended the football games this season have been interested in the success of the team. One of the promising candidates for the first place is Shannon, who has been seen frequently at the line. He is a powerful wrestler, and his success is due to his efforts to have his charges primed for the battle with the Red and White. The Cornell coach is said to have been impressed by Shannon's abilities and to have offered him a position on the varsity.

The team is in great need of new members. Many of the present members are not able to attend the games and the team is in danger of being defeated. The Cornell coach is willing to give any interested student the opportunity to join the team and to develop his abilities.

The demands for new members are increasing, and the Cornell coach is willing to give any interested student the opportunity to join the team and to develop his abilities.

Vвести PRIMES FOR PENN

STATE AT SEA RESORT

(Continued from Page One)

he has come through in this situation is the past few games has been but a vain
discovery of our policy.

"Furthermore, anonymous letters are constantly being received, "studing, it is," because we have not been fortunate enough to win all our games. The two defeats sustained were practically any-
body's games, three points being the de-
ciding factor in the aggregate score of both games. A missed goal by Pitts-
burg and one over the bars by Boston and those same futile criticisms will be prophesying the process of the Penns-
ylvania eleven.

The writers of some无数次 have demanded to know why we do not have the
smashing offensive and hand-driving
interference such as Pittsburgh showed us on Saturday. That characteristic of
Pittsburgh's play is the result of a long-
established system with a team that has
year after year been among the best in
the country. If they will only stop and con-
sider, we have really done excellent
work in bringing Pennsylvania from a
third class rating last year to one that is
able to cope with the top-notchers this
year. That the men will maintain such
fitness of play within one year is too
much of a leap to expect of them with
such a short span of time."

McNichol Plans Selection of Varsity and J. V. Squads

Endeavoring to get a line on players to
make up a Varsity squad, Coach McNichol
kept the Red and Blue cagesmen in strict
shape for nearly two hours last night. Mc-
Nichol expects to divide the condi-
tions into three parts; the Varsity and Senior Varsity
squads at the end of this week, and he and McWilliams are carefully testing all
men who have possibilities as Varsity
material.

The number one team lined up with
Brew and Carmichal paired off as forwards.
Reynolds at center, and Robers and
Kunay holding down the guard positions.
Disappointed with the results this com-
petition produced, the Red and Blue
master substitutions Holmes for Boston, Black for Reynolds and McNichol for
Brew. Later (McNichol, the speedo for-
vard on last year's Junior team, repla-
ced Carmichal.

In Black, the second topoff man to be
sent in, McNichol has found the type of
player he wants to fill Green's shoes as
center. While not quite as fast as Graves, nevertheless, Black has the necessary
weight and reach. He lacks experience,
however, but this is a handicap the
coaching staff hopes to overcome.

ZELOSOPHIC SOCIETY WILL INITIATE FRESHMEN TONIGHT

More than twenty freshmen will be in-
troduced into the Zeosophic Society at the
meeting tonight at 6:30 o'clock in the
Silo rooms. This will be the first instal-
lution this year. Others will follow with
in the next few weeks.

The cast of the play which is to be pre-
presented by the society in January is re-
hearsing every Wednesday and Friday
night. The play "A Temperance Tower,"

written forty years ago, is very
modern in theme, dealing with the evils
of prohibition. It offers opportunity
for excellent acting in the portrayal of
several amusing characters.

It is planned for the cast to make an
excellent tour of the cities in the vicinity
of Philadelphia, including Hartberg,
Fording, Wilmington, Baltimore, and
others. Last year's players were un-
thoughtfully welcomed in their litera-
tions before and after the Philadelphia
presentation of their play.

and rhythm are the chief requisites of good cheering, and

meetings and personal interviews under the auspices of the Musical Club to be obliged to adopt. It has attracted talent of notable quality, and we are glad our foreign missionaries are making some progress across the river. Meanwhile the Musical Club makes for support to all. We shall eliminate the practice of stoppage of the cheer, and we shall attract the best of our own membership, no student can afford to overlook the request which the individual student is greatest. A week from Wednesday Charles Gilkey arrives on the campus that he might not even make the Houston Club, and perhaps not even make the Courant. This is indeed a good sign of the change in the tone of the University this year.

The work of the Musical Club needs no exposition here. Not only the pecuniary advantages of membership should be considered, however, the Musical Club this year is a new experience for us to accumulate for ourselves. So, reserve No. 1 for the Pennsylvania Yell. The following appears on one of the Library windows:

"Most of the goods are marked so

that the Musical Club is to be obliged to adopt the tactics of the surgeon in securing the support it desires would be a sad commentary on musical merit.

Not only the pecuniary advantages of membership should be considered, however, the Musical Club this year is a new experience for us to accumulate for ourselves. So, reserve No. 1 for the Pennsylvania Yell. The following appears on one of the Library windows:

"Most of the goods are marked so

comfortable, serviceable and good looking.

The meetings will be conducted so that no fall into the category of "telling off" the student. He is winning the favors of our student body above all. He is winning the favor of the West, but Harvard, Yale and Amherst took him away. Pennsylvania is to be considered, however, the most promising college of the year. Engineers To Elect Committee Members

Four freshmen will be elected on Tuesday, November 21, to represent the class of 1921 on the Executive Committee of the Engineering association. The election will be governed by rules similar to those laid down by the procedure of the Undergraduate Council.

The Executive Committee of the Engineering Association consists of the officers of the association and the officers of the Whitney Society, the President Chemical Society, the Civil Engineering Society, and the Student Branch of the American Institute of Electrical Engineers. One first year man will be elected to represent each of these societies.

Nomination petitions may be obtained from Walter F. Miller Jr., ’23M.E., president of the Engineering Association. These petitions must be signed and turned in at the desk in Dean Clewell’s office before 1 P. M. Friday, November 17. As the freshman class elections are to be held on the 21st, the Engineering Association election has been postponed until the following day, in order that all the freshmen engineers may vote. Every freshman landlord’s student of the class of 1921 is entitled to cast a ballot, and the committee urges that the freshmen should show their class spirit in this election.

The Executive Committee expects to complete the plans for the elections at a meeting at 1 P. M. today, in room 311 E. B. The tent scheduled meeting of the entire association, will be held December 8, when Government motion pictures showing the manufacture of ammunition will be exhibited. It is expected that a dancing act from the Engineer’s Show will be given at that time in order to arouse interest in the show, which will be held December 13, 14 and 15.

Red Cross Drive Nears Completion

Today marks the close of the annual Red Cross Drive for the purpose of obtaining new members. The local committee has placed a booth in the library where students may come. Thus far four hundred students have answered the call and are wearing the Red Cross button. As the men students are making a better showing than the women, most of the committee members of the student body evidently are not aware of the drive or they are timid about becoming members.

President Haug has issued a statement Supreme rating the drive, and solicits all others to respond. It is not well known that the drive of the Red Cross are as numerous in peace times as in war times.
