ENGINEERING SELLS, TOO!
A whole lot of the make-believe has been eliminated from selling operations in the past ten years. The old idea that salesmen were born to the sample-case, that they carried some sort of a special diploma from the University of Posse, had less to break camp, along with the other exploded theory which insisted that a salesman must be "a good fellow," a man of strange habits, tremendous stories, and unquestioned qualities both as a mixer, and as an assimilator.

Now we believe—nay, we know—that the best salesman is the man who knows most about his goods, and can talk most interestingly about them.

This being the proven case, it isn't so queer that engineering should find a real and effective application in the selling field, especially if the merchandise marketed is an engineering product that is bought and operated by engineers.

Every engineer who now engages in the sale and distribution of Westinghouse products feels that he is doing work worthy of his training—for he is carrying Service and Sincerity to Industry, and to mankind! He is out where the fighting is often the fiercest, and he is putting up a battle for the things that he believes are right. And a man can't expect, nor ask, a bigger chance than that!

Sixty percent approximately, of the engineering graduates who come to Westinghouse find their way eventually into some phase of selling. We are proud to have them there—and they are glad to be there!

OPPOSED TO BOLSHEVIST RULE

"Leo Tolstoy—His Works" will be the subject of the lecture by Count Iya Tolstoy on Nov. 27 in Houston Hall. An invitation is extended to everyone interested in the famous Russian author and philosopher by the University to bear the address on Monday afternoon at 4 o'clock.

This will be one of a series of lectures planned by the University which will be open to the public. Special interest is attached to this lecture since Count Leo Tolstoy is the father and also the tutor of the speaker. Leo Tolstoy, a member of one of the oldest noble families of Russia, did more to reveal the true nature of the despotism that ruled Russia than any other author.

Count Iya Tolstoy and his father are both opposed to the Bolshevist regime now prevailing in Russia. The lecture is intended to be the rule by violence, rather than by the popular will of the people.

They favor the constructive and democratic spirit of this country and predict that a United States of Russia will emerge from the ruins of the present Russian government.

GRACIOUS!

It is common gossip in collegiate circles that football relations between Cornell and Illinois High School are adversely strained.

G. Dobie expects the game with Pennsylvania to be a battle to the death. We offer you our condolences, Illinois.

“She’ll be there again.”

One freshman thought that the song, "The Pennsylvania Girl," referred to the Co-eds. Just read the words of the song, Pennsylvania, and you’ll see your mistake.

That "rustic" iron bridge you notice as you pass down the walk from College Hall to the right of the Library is, no

1. Place a rustic log archway over the Houston Club en

2. Direct a walkway between the various buildings on each side of the Wharton School steps giving impression of a pas-

THE PENNSYLVANIANS' RIVALS

From the confusion of Monday morning, a fact emerges which has no inconsiderable significance to football at the University of Pennsylvania. Pennsylvania has no traditional football rivals save Cornell. This is a fact which may be disputed but is not controverted. We write of the Cornell relations alone. In the past, no other team has been so far this year. We do not view none of them in the light that we consider the Thank-

sgiving Day game. Our rivalry with dermatologists is of long standing, but it is not on a footing of equals. Relations were re-

sented with Navy only after a breach of several years dura-

tion and the excitement aroused by that gridiron combat was caused less by the fact of the city as much as possi-

bly. This move in the right direction and we venture the following suggestions:

DR. C. W. GILKEY COMES ABLY PREPARED TO SPEAK ABOUT COLLEGE STUDENT'S PROBLEMS

Upon graduation in 1893, Dr. Gilkey toured the United States, the South of the Y. M. C. A., touring and holding meetings at prep schools and colleges. He also assumed a charge in New York where he became actively connected with social service work. Between this time and 1919 when he assumed the pastorate of the Hyde Park Church in Chicago, Dr. Gilkey travelled and studied in Europe and the United States. His congregation at the Hyde Park Church, realizing his value as a speaker to college men, releases him for a number of weeks during the year to do deputation work and conduct series of talks at Universities. He has visited practically every Mid-Western institution and regularly speaks at Lake, Harvard, and Amherst.

HAWER LEADS PENNSYLVANIA TEAM IN INDIVIDUAL SCORING

"Tex" Honors leads the Pennsylvania football team in scoring with 54 points.

The big halfback has scored four touchdowns and on ten occasions has garnered the extra points following the goal.

George Sullivan halfback, ranks second in the University scoring list with 50 points, the result of five touchdowns.

Kingsley, fullback of Franklin and Marshall College, who played against Pennsylvania earlier in the season, leads the collegiate field of halfbacks in scoring with a total of 120 points. Kingsley also scored in the touchdown-scoring meeting with twenty to his name.

Winner of the halftime races next to Kingsley with 81 points, while Wilson, the Penn state halfback and Robertson of Carnegie, are tied for third with ten points less.

Curled the only remaining team on the Pennsylvania schedule ranks high in the scoring with Pratt, Kasir, Roberston, Key and Hart making up the first two. Pratts 668 with 68 points while Kasir is ninth in 63 points. Ram-
