PLAYMAKING SUBJECT OF NEXT ARTS LECTURE

"Folk Playmaking is to be the title of a lecture given under the auspices of the Arts Association in Room 209 College Hall at 3 P.M. on Tuesday, December 5th. Mr. Frederick H. Koch, who will deliver the lecture, is one of the best known men in his profession and is at present a Professor of Dramatic Literature at the University of North Carolina. Mr. Koch will speak on the subject of young people writing and acting their own plays about things they do or observe. The lecture will be illustrated by many colored slides portraying the scenes which the lecturer has had in introducing this custom throughout different sections of the country."

After making his plan a success in North Dakota, Mr. Koch entered the State of North Carolina and endeavored to interest the people in the backwoods in writing their own plays. The formation of the "Carolina Playmakers" was the result, and the people throughout the State have given great interest to the subject. In speaking of the great good accomplished by Mr. Koch and the playmakers, Mr. E. W. Chase, president of the University of North Carolina, says "I believe that the playmakers have made a contribution to their work which is due not only for local but also a matter of world interest and carries a message of vital importance."

Mr. Koch will speak on Tuesday, December 5th, at 3 P.M., as a special lecture under the auspices of the Arts Association in Room 209 College Hall. All students, alumni, and friends are invited to attend.

Yale Students Stand by Tad Jones

The money on hand will be used to send the scrubs to the next game. The Alumni stating that they are also firm behind Tad Jones, win or lose. Mr. H. W. Chase, president of the University of North Carolina, has made a proposal to the Cornell Rand to give the Randolphians a check which is of far more than local interest and carries a message of vital importance.

A play will be given under the auspices of the "Carolina Playmakers" at 8 P.M. on Tuesday evening, December 5th, in the Thayer Gymnasium. Miss Julia Herndon, of the student body at Yale, has been chosen to deliver the lecture Is one of the best known men in his profession and is at present a Professor of Dramatic Literature at the University of North Carolina. GRID MEN MAY TRY WRESTLING

Thurman and Kauffman Expected To Join Grappling Team After Football Season

THREE REGULARS ARE AVAILABLE

With the football season nearing a close, Coach Leonard Mason of the wrestling coach is banking on several of the gridiron bigliners to report for the heavy-weight division, which will soon be ready to make his team ready for the heavy-weight division. Although nothing definite has been reached, it is believed that Thurman and Kauffman, another regular, will report for the grappling team after the Cornell game.

Provided that a suitable heavy-heavyweight can be found, the University team will be represented by a strong team, as three members of last year's squad along with two former freshmen are candidates for the lighter division. Captain P. K. Smith will probably compete in the 125-pound class this season while simultaneous with this, the other two men from last season, are trying to hold their positions in the 115-pound and 115-pound classes respectively.

Maxman, a 115-pounder, and Wright, who weighs 145 pounds, are the most promising men from last year's freshman team. Both are expected to make strong bids for the two berths on the Varsity.

Eighty candidates for the Varsity team have been practicing daily for the past two months, this being one of the largest squads ever to report for wrestling. Because of the large number it is believed that suitable wrestlers for the heavier-weight, lightweight and light-heavy-weight classes will be uncovered.

However, with the freshman team the outlook is not so promising as there are only thirty men trying for the seven classes. Coach Mason is very anxious to have more men report and at his request the manager has sent circular letters to all the first year students in the wrestling class. The letters have met with little response when one considers the number of freshmen in the classes, but it is hoped that more men will report as there is plenty of opportunity to make the squad. During the middle of December the manager will conduct elimination tournaments for the University championship and the freshman championship in all classes. Prizes and medals will be awarded the winners.

Promising Material

In Gymnasium Classes

The numerous classes in physical education are showing marked improvement in the different branches of that department. It is believed that these classes contain the nucleus for some very fine teams in the near future in swimming, track, boxing, wrestling, and gym. There are many men in these classes who are talented athletes and have not gone out for the different sports. These men will be given a chance to try out for the squads if they desire. In this way a constant supply of material is kept available for the various teams.

The classes in all the branches of physical work are extremely large, overcrowded in many cases. This is particularly evident in the afternoons from 4 to 6 o'clock. For this reason some of the instructors have requested that these students who can arrange to take their classes earlier in the day, do so as soon as possible. A very good example of this condition may be found in the boxing class. The University purchased the large number of gloves for those classes, however, late afternoon classes in boxing are so large that a few of the students must wear their own gloves. This handicap is being partly overcome by students borrowing their own gloves.

The classes in gym, under the supervision of Dr. Cromle, are advancing very rapidly in their work. Dr. Cromle has a number of other men who are qualified in gym work to assist him in directing these classes. However the permanent gym leaders for this year have not been selected as yet. There are a large number of men who have had previous experience as leaders in gym work trying out for leaders of the classes.
