INTERESTING MEETING TO BE HELD BY NATURALISTS’ CLUB

Nature lovers are urged to attend a meeting of the Naturalists’ Club to be held this evening at 7:30 in the Bush Gymnasium. Dr. J. W. Taylor will speak on the classification of the plants which should prove of particular interest to all nature lovers, geologists, George B. B. L., and members of the Botanical Society, will also be present. The meeting will be preceded by a short lecture on "Trees in Winter." The arrangements for the All-House Union will be announced, along with the auxiliary other social functions and projects for the coming season. The meeting will be well attended and many women students who are high standing may be introduced to some of the leading men and women students. Monthly dinners are held for the members, and everyone is invited to come and enjoy the social as well as the scientific atmosphere.

COMPARE RIVAL SOCCER TEAMS

"Pennsylvania Should Win If Men Fight," State Coach Douglas Stewart

TITULAR GAME OCCURS SATURDAY

Coach Douglas Stewart summed up the prospects for the Penn and Princeton soccer teams in an interview today. Stewart was quoted as saying that these opponents meet Saturday on Franklin Field in the opening round of the Intercollegiate League.

"The Penn teams," Stewart commented, "are beginning to make a steady improvement. The university has many strong players and is looking forward to a successful season. The Princeton team, on the other hand, is showing a decline in recent games." The match is expected to be a close contest, with the Penn team favored to win.

FISHERMEN MEDDLE WITH GAME

New and enthusiastic members of the Penn athletic organizations will be in attendance Saturday at Franklin Field. In addition to the usual players, a large group of Penn's men will be present, some of whom have not played before.

First meeting of the season will be held at 11 a.m. The game is to be played under the rules of the American Football Association, which is being planned to meet the Blue and White teams. Coach Stewart commented that the Penn team is hungry for a win and is determined to show their best against Princeton.

Despite the fact that the forwards have not played together during the past year, the Penn team is expected to perform well.

The visitors will be received with a hearty welcome, and the game is expected to be a close contest. The Penn team is favored to win.

ONE-JAW CAR."A.

"The offensive line will be a strong point for the Penn team," Stewart said. "The Penn team has a strong line, and is expected to make a clean sweep of the opponents. The defense will be a strong point for the Penn team, and is expected to make a clean sweep of the opponents."

The game will be played on the way to the stadium, and is expected to be a close contest. The Penn team is favored to win.

ARCHITECTS MEET IN BOSTON

The architectural profession is expected to meet in a conference in Boston during the middle of February. The conference is expected to be a close contest. The Penn team is favored to win.

Architects Meet In Annual Smock Fight

In accordance with the custom of the Architectural School, members of the Sophomore and Junior classes are expected to engage in a smoke fight to be held at 2:30 today. The fight will be an annual event and is expected to be a close contest.

THE PENNSYLVANIAN
With the appearance of the new issue of the Twelfth Journal on the campus next Monday, subjects of vital importance to every future engineer will be featured. It is the interest of all men in the Twelfth Journal to become acquainted with this magazine, for its articles will bear him in touch with the scientific world.

Among other things, there will be an article on the radio “bias” written by Professor Kraus. The fact that it has been copyrighted and sold in Lectex signifies its worth.

This issue and the next will be marked by the final stories of the heelers athletics in the basement. All men are urged to put forth their best efforts before the election, which will take place immediately following the next issue.

Noted Engineer to Speak
Mr. Cranville Taylor, a noted civil engineer, will address the Society and Junior Civil Engineering classes Friday at 11 o'clock in Room 225. Mr. Taylor is a member of the American Society C. E. of Western Pennsylvania and has had continuous experience in the construction and designing of steel buildings since 1886.

Take notice to the great addition taking place at my store 3709 Spruce Street to advantage of all University of Pennsylvania Students. Our business was built entirely on Service and Quality of Work furnished.
