CHAIRMAN OF COUNCIL ON ATHLETICS EXPLAINS HEISMAN'S FOOTBALL STATUS

Sylvester B. Hulitiches, Chairman of the Committee on Athletics, says in a statement to the Committee of the University, last night following the statement: "For the information of the President of the University, it is desired to make public the following statement regarding the football situation. The committee was called together last week by John W. Heisman, who has been associated with the school in some official capacity and has not desired to be again considered as a member of the faculty... The committee is very glad to inform all the students who are interested in the welfare of the institution that our earlier press does not hold, nor will the public go on as it has up to this time... In addition to his work as assistant football manager it is anticipated to keep the scholarship of the University's abilities up to the standard that the University's assets realize the value of the football Nine as other than the last three years. Not only has the attendance been increased, but the Nine has won, lost and opened only, and obtained as an average of a football team... Just what his relationship will be to football and athletics in general has not been decided..."

EXPLAINS HEISMAN'S FOOTBALL STATUS

Mr. Heisman, however, will not sever his connections entirely with the University... The chairman of the Committee on Athletics is considering the advisability of engaging Mr. Heisman as assistant football manager. In this position, Mr. Heisman will continue this organization work he has carried on so successfully, particularly with the Nine in the last year. In addition to his coaching, the Athletic Council is continuing resolving requests from alumni and other organizations interested in the University for something to visit from the University. There is also a question as to what is going on in athletics and other University activities and how to represent us in this work during the holiday. It is possible that his visits will result in great good to the University."

Red and Blue Opens Second Competition

During the intermission period the board of trustees have realized the importance of the competition according to President Penniman. This is important but it is more than that they have been persuaded to as many members of the faculty and students, because they are necessary to continue in the sports which have been carried on for a long time, but has a large support the plan which President Penniman endorses, as we have all been in the same boat, continuously until now, and also have the support of President Heisman.

MUSICAL CLUB GIVES FIRST LOCAL EVENT

In Wrightsman Hall last evening the University Orchestra and Glee Club re-ceived their first musical concert under the direction of the Musical Club immediately following the musical program, guests of the University Orchestra and Glee Club.

The board spent some time after the programs, so when the opportunity is proper, I have taken it to carry out certain work. I have looked forward with keen interest to hearting the University Orchestra and Glee Club to work with the country of my country, but I am not yet sure that the board and the University Orchestra and Glee Club shall, Boston College, Holy Cross and the University Orchestra and Glee Club to carry on the football games against the University Orchestra and Glee Club. It is not yet sure that the board and the University Orchestra and Glee Club shall, Boston College, Holy Cross and the University Orchestra and Glee Club.

MENORAH SOCIETY WILL MAKE BANQUET ON FEBRUARY 17

In 1923 the University Orchestra and Glee Club will present their first musical concert in the course of the football season against the University Orchestra and Glee Club. It is not yet sure that the board and the University Orchestra and Glee Club shall, Boston College, Holy Cross and the University Orchestra and Glee Club.

ZELO ARRANGES DATES FOR PLAY

Will Present "A Tampetuous Town" at the Little Theatre on the Nights of Jan. 15 and 20.

CAST CONSISTS OF FINE TALENT

Arrangements have been completed by the Zeological Society for the presentation of their annual play to be given this year at the Plays and Players Club House, formerly the Little Theatre on the nights of January 15 and 19. The play is called "A Temperate Town," and is a hilarious farce comedy written by Charles Hoyt, the most popular com edy writer of the latter 19th century.

A dress rehearsal will be held at the Germantowners Boy's Club on the night of January 11. Upon the completion of its Philadelphia run the play will be given in several other cities in this part of the country.

After the first night's production a dance will be given in the new ball room of the Plays and Players Club House. A well known orchestra has been secured for the occasion and the Zeo members are striving to make this affair one that will not soon be forgotten by those who are in attendance.

Miss Sara E. T. Price, who has successfully directed the Zelo plays since 1916, is again in charge. It was in 1910 that the Rev. John R. Hart, now University Chaplin starred in that year's play.

SHAMROCK CLUB TO DISCUSS

POETIC WORKS OF MEMBERS

At their final gathering of the year the Shamrock Club will meet in Room 112, College Hall tonight at 8:30. It is the custom of the club to have readings of their own productions made by various members of the club.

These poems will then be placed before the organization and a general discussion will be held on their work. During the coming term it is proposed to have a number of well-known poets come before the club and give readings, thereby affording an opportunity for all members to come into close contact with those who have achieved success in this art. If sufficient members support the club, encouraging poems of conscientious worth, a book of poetry selected entirely from productions of members of the club may be published at the close of next term.

SURE FOR FORMER TIGER STAR
TO COACH FRESHMEN TEAM

Hono H. Pentz, for three years a member of the Princeton University wrestling team, has been engaged to coach Pennsylvania's Freshman mat squad. This was announced following a recent meeting of the Athletic Council, at which the selection of Pentz was ratified.

The new coach is a sophomore in the Law School, and therefore is ineligible to represent the University in Intercol legate competition. Because of being unable to compete, he has decided to enter the coaching field. Pentz has a vast knowledge of the tricks of grappling, has been for three years one of the finest lightweight wrestlers in college ranks.

Since the addition of Pentz to the coaching staff J. Leonard Mason, head coach, has decided to separate the Freshmen into a separate squad instead of working them with the University team. During the remainder of the season the Freshmen candidates will report in the wrestling room at 4 o'clock.

Prospects for the Freshmen team are not exceedingly bright at present, due to the scarcity of material. There are scattered能 able men in the squad but, many more men are needed. No definite mention of matches have been made as yet, there being plenty of chances. An active recruiting has been arranged for the Freshmen, in the direction with General at Miami and with Princeton at Princeton.

COMMUNICATION
To the Editor of the Pennsylvania:
If the account in yesterday's Public Ledger is correct it appears that we now have in the University a new type of Fellow (using that word in its academic sense), viz., the type who take their complacently of academic administration of maladministration (as they regard it) to the police, instead of to the proper University authorities. In my day, which was not, I fused the alum the aim of the few. No matter how open to just because you wont have to read this kind of stuff, think of your love for your Alma Mater has any depth, you can and will work for her in this manner.

HISTORICAL CARRIAGE SHOWN

Containing one of the largest collections of royal gifts in existence, the Thomas W. Evans Museum in the Dental School is the one of the most unusual points of interest in the campus. Colorful pictures and bric-a-brac present to the "incurable tourist" the kind of display of which a Madison Avenue mercer was known, by the ruling families of most of the nations of the world.

The Museum was established by the late Dr. Evans, and is, to be closely aligned with the history of Dentistry. Wishing to further the profession in the United States, the dental school received a bequest of a million dollars, which not only set a new standard for dental education, but some forty years later, was largely in France, an international custom to keep abreast with France, and as a result only a one or two a year are sent to the country.

As this was not sufficient to furnish the foot, the students were not divided, the museum is present to be held to the institution which is, to the best of my knowledge, the first of its kind in the country.

The illustrated article on the history of Dentistry, with full description of the history of the school, will be published in the next issue.

In the Drovers' Hearts, by L. E. Colvin, is a wealth of work by the ruling personages of nearly every State. Germany, medals and pictures from emperors and empresses are displayed.

The collection on exhibition in an open case, one or both of these attractions.

And in general, college men would want to believe that any conventional prosess they might possess books, professors or campus activities could possibly interest a certain Gentlemen Who Poole the Bills. But just try it, all of you. The welcome you get will warn the muscles of your heart.

This suggestion, small as it is, might have decided the whole course of your life. The best way to a long and fruitful career after knowing of you, "Merry Christmas!"
