Professor A. G. Sanchez, Representative
Of Madrid Institute, To Talk
On Spanish Literature
HAS INTERNATIONAL REPUTATION

Antonio Garcia Badolado, Professor
of the Center of Historical Studies
in Madrid, Spain, will deliver
the second lecture in the Auditorium of Hanon
Hall today at 2:30 P.M. His subject will be "The Various Aspects of Customary Life in Spain," and with the use of lantern slides will give a vivid picture of Spanish customs in the large cities and country districts.

Professor Badolado is the author of many notable books dealing with early Spanish literature. The Center of Historical Studies is the most important institution in Spain for scientific study in literature, history and philosophy.

Both lectures will be delivered in Spanish and an excellent opportunity will be offered to hear a Spanish scholar at international repute speak on the subject of his own country and its literature. Professor Badolado, a special representative of the Spanish Institute, spent last summer in this country lecturing at Columbia University and during this term he has been lecturing at the University of Michigan.

Tomorrow's lecture will be on the subject "Spanish Contemporary Drama." This topic is of unusual interest because of the fact that Jacinto Benavente, the chief Spanish dramatist of today, has just been awarded the Nobel Prize in Literature for 1922.

FRESHMAN GRIEBERS WIN
TWICE IN HOLIDAY TILTS

Following in the footsteps of their Varsity leaders, but playing the preliminary encounter to the main events during the holiday season, the 1922 team produced an upset prank in their first tilt. The victory of the ranging combination were Darby High School, and La Salette Prep. The former game was played in the preliminary to the Century Tournament; first, while the latter was held previous to the McGill conflict. In winning these games the Freshmen amassed 87 points in the visitor's 28. The first tilt ended 25 to 10 for the Fresh, while the second ended 62 to 15, setting the scoring record to date.

Against the Darby five the Fresh team was very erratic in their play. At times the score moved upward by leaps and bounds while at other times the scoring end of the encounter was said. Reeves counted the majority of the goals, eight field goals and nine free throws. The field scoring for the ambitious five, while Whitmore abandoning to hold up his end of the score fell one short of Sherr's mark.

The second encounter of the Fresh during the season, evidently spurred on to the visitors 2!». The first tilt

PENNSYLVANIA'S SCHEDULE CONTAINS 11 NEW ELEVEN

Three new opponents appear on Pennsylvania's schedule for 1923, as announced by the Athletic Council. They are Columbia University, Centre College and Lafayette College. All of the nine games on the schedule will be played on Franklin Field, this being the second time in the history of football at Pennsylvania that all games have been played at home.

This will be the first time that Centre College has been on the Red and Blue schedule. The "Prancing Colonels" are expected to be a sufficient attraction to fill the new Stadium. Negotiations were held with the navy for a game in Washington but permission could not be obtained from the naval authorities for any other game away from home. Pennsylvania was unable to play the game at Annapolis.

EUROPEANS WANT U. S. COACHES

Many national and local newspaper and magazine articles have appeared recently that concern the request of foreign nations for American coaches and players for their teams. At the recent American Olympic committee meeting, it was announced that an American coach and team are being put together for the games at Amsterdam.

American Olyimic team trainers and coaches are already in demand for the international event still eighteen months away. One of the most notable American of coaches is Fielding H. Yost, governor of the state of Michigan. Alex J. Giese, governor of the state of Minnesota.

All Out!

Eclipse of the sun

This is the month when the sun is out of doors, and we mortals draw greater warmth and sunshine from that homely provender—sunny pie. It is the warmth of the holiday spirit, which causes us human beings to glow when temperatures are lowered. Colonel's cooking—the family united—Christmas trees and cracking logs—what would this world be without them?

In promoting the family good cheer the college man's part is such that modestly often gives him to it. It would hardly occur to the college man to sing over the songs of Alma Mater for the still Dearer Home.

The football man would scarcely suspect that his younger brother is dying to have him drop-kick for the "Flyers.

The Penn leader would not presume to think that among these brothers who have been waiting to share his glory at foot-ball is his own sister.

And in general, college men would seem to believe that any recreational process they might pursue, books, professors or campus activities could possibly interest a certain Gentleman Who Foots the Bills.
