UNDERTAKING COUNCIL HOLDS FIRST MEETING IN NEW OFFICE

Yesterday afternoon the Undertaking Council met for the first time in its new office. This office, which will house the student governing body, is located at the base of the lower lobby of Brown Hall.

The Council will hold office hours during the second session of spring quarter on Mondays and Wednesdays from 1:30 to 2:30 and on Fridays from 12:30 to 1:30.

Michael E. Miller, who was chosen chairman of the council, said that in the future his council would be more active than heretofore.

POLO PRACTICE STARTS TODAY

Candidates For This Year's Team Will Begin Practice At 2nd St. Armony

Open Season Against Cornell

All candidates for the Pony teams will begin practice at 11:30 a.m. today at 2nd St. Armony. The team is composed of many new men who are interested in polo for the first time. There are no experienced men.

The squad will be divided into two sections, a University squad and a second string squad, the former being composed of those of the University have returned with the desired signatures. The amount that a candidate is asked to pay for the privilege of trying out will not exceed ten dollars.

The first string squad will probably be composed of ten men, while the second string squad will probably consist of five players. A small squad will probably be the nucleus the简单 life led by the fisherman of Cape Cod.

**TEACHER PLACEMENT SERVICE INCREASING**

In the brief period of time, during which the Teacher Placement Service of the Department of Public Instruction of the Commonwealth of Pennsylvania has been in existence, more than eighteen hundred and seventy-five re- quests for teachers have been filed. School directors and superintendents have made use of this list to the extent of filling five hundred and fifty vacancies.

In addition, lists are kept made up entirely of the names of teachers who, although not seeking a change in their positions, are desiring fields of service offering larger opportunities for the ad- ditional professional training they have acquired. Names that are especially valuable in men taking courses here in the University.

The NEED FOR MORE FRATERNITIES

At Pennsylvania there are more than a thousand men, if there be that many, are members of fraternities. The fraternity system is a permanent arrangement, in the form of a contract, between the University and its students. It is not a matter of mere convenience, nor of mutual advantage, but one of mutual understanding and a willingness to abide by the rules and regulations of the fraternity. The University requires that all its students shall belong to a fraternity, and the fraternity is expected to give the University a certain amount of money, in order to meet the expenses of the University, and to contribute to the general welfare of the University.

The fraternity system is not confined to the University, but is to be found in all the colleges and universities of the country. It is a system that has been in existence for many years, and has been found to be a very effective one. It is not only a matter of convenience, but it is also a matter of mutual advantage. It is the only way that a college or university can be adequately supported.

Carnival Spirit to Reign

January 25 has been selected as the date for the Sophomore Banquet according to an announcement made yesterday by Harry Allen, chairman of the Sophomore Banquet Committee. Posters will appear upon the campus to advertise the feast. "If the present tentative plans can be crystallized this year's entertainment will be assured of a high place among Philadelphian's banquets," say the sponsors.

Unique favors which are of practical use will be secured for the occasion. Scores of great mast with entertaining upon interesting subjects. The number of speeches will be limited and, contrary to custom, will take place early in the evening, leaving ample time for the additional entertainments provided.

For the hundred second year men are to be gathered into the classic function. The tickets which will shortly be put on sale will range from $1.25 to $4.00.

The feast will be held in one of the luxury downtown banqueting halls. The meat, especially made up for the occasion, is excellent and will be placed at each plate upon appropriately printed cards as an additional favor.

Manners of Benjamin Franklin

From the days of Franklin's Printing, the development of newspapers and newspaper reading has been a blessing to the world.

Franklin, with a daily average circulation of more than 400,000 copies in Philadelphia, was able to mould one of the greatest newspapers in the world when Franklin was young.

SIDELIGHTS ON FOOTLIGHTS

KEITH'S—VAUDEVILLE

Dolly Baker, doing a lot of important comedy, was at Keith's the other night with Arthur Shaw, who, with four able assistants, puts on a comic sketch, shares lovers' scenes, has an air of precluded bill at Keith's this week. Shaw, who has a fine line in the art of suggesting and the latter's vaudeville debut, has an act on the second act. His incisive wit is a rift and remarkable singer on the stage, probably, and all other vaudeville personalities. Harry Burr, well known Italian comedian, has a new act and has added a deft lascivious harpist who defeats not a little from him. Madelaine Collins, English princess known making her debut, is as a deft Slapstick. She gained fame in the Royal Opera at Cahir, County Limerick, London.

BIRD AND BESSA, funny—possibly the funniest of the bunch, keep the audience in good humor, although Collins is not as good as her brother and is in danger of supplanting it. Baker and Mable Riddle execute some fast dancing ala Harpo. Following a clever act put on by the Dixie Four whose sloughing, dancing and singing was very effective, the most amusing. Opening and closing the bill are Carson's punning dogs and The Harpoons, respectively who add to a typical Keith program.

FOREST—"THE PERFECT FOOL"

Ed Wynn was the most Perfectly Perfecto person last night for the shortest two and one half hours we have ever sat through. Wynn ripped daily through endless facetiousness endlessly carrying his roaring audience with him. The funniest pinstriped its way into a great assortment of "something" in brogues, hard gold, lacquer, greys and "peaches" of doubles, typewriters and other unreal figures. A nice balance of dancing ranging from smooth grace to spirited interpretation was distributed in the show. Wynn's Japanese trio was again successfully introduced, as was the coming of an audacity. In music and dance—"A Better Fool" was fantastic timing and charming wherein "She Loves Me, J' Love Me Too" proved melodically appealing.

The "Perfect Fool" is absolutely priceless but contains an unusually successful comic makeup to make it one. It is surely Wynn, but directly not too much of him. He positively compels you to pay attention to his act. Baker and Mable Riddle share honors with an appeal. Wynn's Japanese trio was again successfully introduced, as was the coming of an audacity.
