RETURNDG MUSICAL UNITS TILL BALL OF GALAXY TRIP

When the two organizations returned to the campus a short hour or two ago, they started on their way as far as they could go. They were taken to the Buffalo-Hong Kong concert. The concert proved to be a success and enjoyable tour over completed by 3:30. The band members were all present in the two cities were greeted with handshakes and conditions of the program secured the maximum approval of the critics upon each occurrence. A special treat of their tour brought the students to the New York Hotel. There the band will be under the direction of the famous band leaders. Morningside Quintet, After Win Over Yale Passes, Comes Printed For Special Game

**PULLEY AND WILSON TO START**

Coach Derleth, the veteran leader of the Columbia crew, will bring a team of veterans to meet the Varsity five in Weightsman Hall tonight. The aspect of this contest assumed a different face when Columbia defeated the Yale quintet at New Haven last Monday, breaking the latter's record of eighteen straight victories. Four of the Yale quintet have passed through two seasons with teams that have had considerable experience in the Intercollegiate League. Pulley, who has played with Columbia's quintet for three years, leads the team from a guard post. He is in his senior year and will give his fast game with the Blue and White five on the Pennsylvania court tonight. His floorbait at the post is Wilson, a sophomore at that University who come from Ranchester and has been one of the highest scorers in the league this season. The guard post is held by DeSola, who is playing his first season for Columbia. Before entering Columbia Demoulin earned a reputation on the court of St. John's School, Matlocks. His offense contains inanity. Columbia experienced player and Storrs, former of Commerce High School, who has created many of the Blue and White's points this season.

Columbia thus far has had a good season, winning its games and joining in the Intercollegiate League it stands fourth. Pennsylvania stands fifth. Columbia defeated Yale on its home court while Pennsylvania fell before the fast Yale offense. Pennsylvania

To Present Pageant

Continuing a tradition established several years ago, the Architectural Society is making arrangements for an elaborate Spanish pageant. It is to be held in the drafting room of the Penn building April 11. The scene of the pageant will be the return of Columbus on the court of Queen Isabella after the discovery America.

Very elaborate decorations and clever schemes are being planned and a competition is now in progress to determine who those who will make the decorations. Students in the department form lines and are keen interest in the annual affair and many exclusive and original designs are expected from the competition.

Committees will appointed in the near future to make further arrangement for the pageant and ball. The national affair offers a double attraction, the pageant followed by a formal dance. Further plans of the committee will be announced very soon.

**FIVE FRATERNITIES DEFICIENT**

Oregon Agricultural College freshman have instituted a method somewhat similar to that in use at Pennsyl

vania, of bringing up the scholarship of the members of the various fraternities on the campus. This is done by having a material test which lasts one term and which the fraternity with the highest average standing among its entire membership is awarded a prize. This is not limited to the men's fraternities, but also includes the fraternities of the ladies, whose lists for the past year showed the highest average of all the male fraternities.

At the end of the first term of the present session the Phi Sigma Kappa fraternity led the list with an average standing of 89.8 among its 21 members. Sigma Nu and Sigma Chi followed in order named with respective averages of 91.69 and 94.81. Fraternity averages below 81 are placed on a roll of infamy. The fraternity with the highest average among all the men's fraternities is awarded a prize.

BOOKS OF THE DAY
"THE WIND BLOWETH" By Dean Byrne, New York, Century Co.
Those who enjoy a novel in which a spirit of magic and romance predominates will enjoy "The Wind Bloweth" by Dean Byrne. It is an unusual book written in a novelistic style and packed with imaginat and beauty.
The story is that of a Scotch-Irishman who is led from his boyhood days among the hills of Ulster down to the sea where he becomes captain of a tall-ship clipper. "The wind bloweth where it listeth" and he sails to many corners of the earth. Donald Byrne... (text continues)

PAGE THREE
TO THE PENNSYLVANIAN, my readers," was the saying that came to mind when I read the obituary of President Edward S. Darragh. It's a phrase that seems fitting for a man who dedicated his life to the university and its community.

"He was a true friend of the university and a pillar of the community. I was fortunate to know him and his legacy will live on in the hearts of all who knew him."

Chairman W. V. Campbell and Committees

Select Two or Three-Who Will Be Class Memories

On Monday the drive for the sale of freshman class pins will start in full swing. After general despatch as to the selection of the most practical and popular type of implement, the class committees under the guidance of K. V. Campbell, 79% Chairman, have chosen two designs: The undetermined W. B. C. round bowl pipe, which presents both the appearance of style and service, and the short blast indeterminate pipe, a style with many, have received the initial selection.

Many attempts were made to secure the blueberry pipe, but due to the inadequacy of supply and consideration of this style was discontinued. The value and selling price of these implements has been set at $2.50 each, which is a great reduction from the retail selling price of the article.

President Ritty is very anxious that all members of the class who engage in the art of amusing acquire one of these pipes, which serve as both a useful implement and a food mender. The committees that have been actively engaged in this selection and made the final decision is composed of K. V. Campbell, Chairman, R. B. Neige, A. W. Curtis and H. W. Harris. These men will be in charge of the sale and distribution.

The campaign for the sale will continue on Monday, February 19, and continue throughout; the coming weekend room in the dormitories will be canvassed, headquarters established, and if possible the sale will also be placed in the hands of some of the campus merchants.

As a result of Illness which caused him to leave school, R. C. Woodcock has resigned his position as Chairman of the Freshman Co-operative Committee. Presidant Noel Kiddy has appointed Edith B. Anthony, the capable ranking student, who has established several records in this rank, and who was secretary to Vice Chairman of the Committee, to succeed the resigning chairman in that office.

Other changes in the operation of Franklin Class committee have occurred due to the eligibility requirements. The appointments of men to the Class publicity committee was arranged for some future date. The men appointed to this committee will be responsible for the publicity of all class affairs, the management of the publicity campaign for the Class banquet, which is to be held next month, and innumerable other jobs that are free for the benefit of the yearling class.
