YOUNG OUTLINES GRIDIRON PLANS

Assembly Committee in Houston Hall
And States Specialization in Sydenham's Feature

WARNS OF NEGLECTING STUDIES

Louis A. Young, the newly appointed football coach at the University, officially
started his reign yesterday afternoon, when he assembled the prospective fall
candidates for next year's team in Houston Hall and outlined his plans for the
campaign. More than forty men were present, included in the number being
many regulars from last year's team and most of the underdog freshmen eleven.

Coaching in addressing the players
pointed out was the need for more
football teams were defeated in the
class room than on the football field,
and that the players should spend
the remainder of the year in diligent
study as the best means of making prepara-
tions for next fall.

Another topic that received much con-

FRATERNITY HONOR

Pennsylvania's interfraternity Agreement is alive. A bone
of change so evident in one's apparent in the attitude of the al-
men's fraternity the structure is bound to fall. Rising
bathes, though somewhat and the usual fear for competition for desirable freshmen is mounting with very little. It is only
in January that parental pressure is likely to be seen in
the mass of activities, and the Agreement will cease to function.

The Pennsylvania has no intention of lodging a brief for
the interfraternity Agreement, the faults of which have
been pointed out in the columns on many occasions. But
it has been the consensus of opinion on the course that
must be followed in regard to "rushing." The present
agreement is the outcome of that feeling and so will re
stated in the support of its signers. For a foreseen to viola
tion of provisions which its adherence to has been upheld is a breach of
the name.

The limitation upon taking of cuts is merely the sin
of University interest. Letters must be signed, but signature
will be withheld if desired.

I read with interest the editorial in this morning's issue
"You look..."

FRATERNITY HONOR
Pennsylvania's interfraternity Agreement is at stake. Unless a change is soon apparent in the attitude of the college which it is necessary that the agreement be enforced, it will be impossible to hold the university to its provisions, as it has agreed to uphold. The agreement is the only form of arraignment against that phase of paternalism which I think is one of the most objectionable features of college education in this country today. We are a college of honor, and a system which has been adopted to uphold and inculcate a spirit of hostility between professor and student by creating a sense of broken promise which no legislature would pass, is not only destructive of individual responsibility, but stimulates a spirit of animosity between student and professor by creating a sense of broken promise which no man would pass, and which no man is justified in regarding as a breach of honor because of the lack of genuine interest among the mass of its students in the activities which it is inculcated to support in the name of honor. For a fraternity which has in the past upheld the name of honor and is now under the sway of a state of affairs upon the outcome of which one's deserts, the interfraternity Agreement has not been abandoned.

Rapid progress is being made in the development of the mask and wig club. Yesterday afternoon the men returned for the give-chores and the men were welcomed by the various members or representatives of the Van Horne Company.

The men returned for the cast now number sixteen. Formal practices have been held for the past two weeks and so each of the sixteen parts will be assigned in a few. Men have been expected to fill the various male and female parts of the chorus and several alternates have been retained for both of those branches of the work. No new cuts will be made, according to the recent instructions.

The next rehearsal of the distinct choirs will be held today at 2:30 in the Knox and WYE Club House, 209 Quadree St. One change practice is scheduled for Sunday at 5 o'clock in the Musical Media Room in the Residence Club. Information concerning all future rehearsals will be posted in the notice columns of The Pennsylvania.

VARSITY MEETS BIG GREEN
FIVE IN INTERCOLLEGIATE GAME

(Continued From Page One)

The Big Green are at forward with Car-
rock as his running mate. Kansas will oppose the Quakers in this position.

Coach McNiel and his protege left
Monday for Boston where they were
scheduled to remain for the week. The
Massachusetts have the trip city this
morning for Boston and arrive at the home of the big green team late tomorrow. The Pennsylvania players will entrain for home immediately after the contest.

Followers of the Red and Blue will see
the couriers in action on the home
field until the Cornell game next Saturday. In the meantime, the boy on the go and his mates will travel to New York to meet the Columbia aggregation.

The Varsity passes must play six inter-
collegiate contests in the coming three
weeks. Although they have no chance
to cop the title, the results of the games
will have a direct bearing on the ultimate
outcome of the race.

STORRS ELIMINATED AS
PRESIDENT OF UNIVERSITY

Sir Henry W. Thornton, who has been
suggested as the one to fill the post of
President of the University, announced yesterday that he would be the first to accept such an honor even if it
were offered. He stated that he would be
unable to take the position because
of the work that he has just taken up
with the Canadian Railway.

In commenting upon the type of man
suitable for the position he said, "The
University needs a great man of the Rea-
sonable type, one who is able to lead under-
graduates and the Alumnus. He should be
a bit reactionary, so that he would not
fall with all the fads and cults which
now abound.

THORNTON ELIMINATED AS
PRESIDENT OF UNIVERSITY

(Continued From Page One)

The Pennsylvania players will entrain
for Hanover and arrive at the home of the
followers of the Red and Blue will not
enjoy the Red and Blue. Saturday is
scheduled for the games.
