Second Year Men Plan to Have Visiting Athletes as Guests At Dance

Following the annual custom, the Pennsylvania faculty will engage in the practice of having visiting athletes as guests at the dance which will be held on the eve of the football game against Penn. This year the meeting with the Quakers marks the conclusion of yesterday's practice all of the men at their best for the meet but he withdrew both of the ends and the back hands of the Yale men in their minds. At present the Kli combination is as follows: Captain Hoist, Riisner, Scarlett, Beit Bell and Poss Miller. They make their debut here. This is a very appropriate time to open a competition, as the members of the various clubs who are known to be very active in the campus activity, and it is well established fact that there will be the best activities that a freshman can do for fun. Thus far no one is really sure of any of the results of their efforts. The first ones entering the competition will have certain advantages over those who are late. The following is the list of invitees who will be chosen.

SABERS TEAM

Captain Davenport will continue his efforts to establish a sabers team. The members of the Varsity track squad will also be chosen. Captain Hoist, Hough and Roberts will be chosen. The next choice is not made the chairman of the council and therefore it is obligatory to call for a new vote. The following is the list of invitees who will be chosen.

Fencers Clash With Veteran Yale Team

Pennsylvania's fencing team will open its season against West Point at this time. At 8:30. This will afford the last opportunity for members of the University to witness the fencers in action on the floor. The Armory will be open for the usual competitive matches. Captain Hettlinger in epee. Captain Davenport, Jr., Lee W. Schadt, George D. Mullen, Jr., Lee W. Schadt, Robert M. Taylor. Judging from the above list of invitees, the underclass support is most needed.

NAME UNDERGRADUATE COUNCIL CANDIDATES

Candidates have been received for the nomination of the following men in the Undergraduate Council, from the Colleges. Alford H. Herkis, Robert J. Adams, William L. P. Parsons, Harvard School, 1917. They will be placed in the order of their names and will be read at the next meeting of the council.

EIGHTEEN CREWS NOW ROWING ON SCHUYLKILL

Craig practice has been held on the river every day this week. The number of crew men reporting has increased steadily and today eighteen crews rowed with the exception of the normal management of the visual work while the freshman were given more attention than usual. The following is the list of invitees who will be chosen.

SUNDAY WORK OVERTIME

We recommend a certain tailoring establishment on 20th Street to any of our Woman Students who may be timely. Their advertisement reads: "Do not come if you cannot do it excellence."***

Don’t you think the Harmon Foundation deserves special examination they give you could be called as "O now!".***

CONDOLENCES

The news tells of a boy’s death at all the way from Holland, took one look at her proposed fiance and went back again. That surely was tough luck she must have had about the same shock as a chap we read about. We came from way out next Tuesday, New Jersey.

GUIDE ME!

Where ever a close shave goes a CUMBER Breeze and others back you may be sure of either a shaver or an armpit lastings.***

THIS IS THE TIME TO TELL WHY

When all patriotic people talk about the great blizzard of March 1908, when you write from Pennsylvania they’ve just been killed about the wanderful weather we’ve been having, and air-very few things about it are working it.***

Now that it’s almost over as well as that we did about have fifteen extra keys made for the house right before rushing season.

A CORRECTION

The Punch line prove false with the statement that it is another outlet for the jokes which the other publications have rejected. True, true, but we insist on this order of consideration:

1. Pennsylvania
2. Jante
3. All others.

MODE

The "Truth in Advertising" movement is a great thing, providing it isn’t adding insult to injury. Some people don’t lend that way, but when everybody else knows they are being played for fun they get mad.

THE OUTSTANDING FACT

The flowers that bloom in the spring, tra-la.

And the Ruhr still rears as a scrap;

When your "friends" write from Pinehurst that they’ve about the same shock as a chap we read about. He came all the way from Holland, took one look at her proposed fiance and went back again. That surely was tough luck she must have had about the same shock as a chap we read about. We came from way out next Tuesday, New Jersey.

Of Monday Meeting

HAY DISCONTINUE HONOR MEN

Names and manner of selecting the Class-Day Officers will be the principal topic of discussion brought up at the meeting of the Senior Class, to be held next Wednesday in Houston Hall at 1:20.

All fourth year men are especially requested to be present at this meeting, as it is one of the most important of the year. The Monday hour has been chosen, because of the fact that most men can attend at this time.

Among other business which will be brought up is the question as to whether or not the election of the Senior Honor men will be continued this year or not. With the four seniors who have been honored up to this date of spring, 1927, and the absence of others who have shown merit, distinction and refinement in every detail and the finished garments given, the committee, after thorough examination, is of the opinion that the election of Senior Honor men be continued this year.

These awards, which are made on Monday, are based on scholarship, leadership, and prominence in undergradual affairs. The present officers of the Senior Class feel that by abolishing this important tradition, much ill-feeling which has characterized the bestowal of these honors, might be avoided.

In addition to these discussions the date and committee for the Senior Class Banquet will be named. All matters concerning the try-out list will be cleared up.

Seldom do you find such simple lines; such smart, dressy styles; and rarely such excellent workmanship—features which are characteristic of these fine Wickham Shoes for men.

As for workmanship, Wickham Shoes are made by master craftsmen with whom Shoe making has become an art. And every Shoe is made to our own specifications—we know what goes into Wickham Shoes.

There are 23 styles to select from—5 are here pictured. And, remember—Wickham Shoes are built up to a standard, not down to a price.
