Statistics on college graduates who have entered life insurance place it at the very top as a source of income. Before making a decision as to your career it would be well to make inquiries of the "Agency Department."

SLAVIC PROBLEMS SUBJECT OF TALK BY RUSSIAN BARON

In summarizing the conditions in the Near East, Baron Sergius A. Koffr denounced the first of a series of two lectures on "The Russian Situation" held this morning in Logan Hall. "The Far East," a continuation of the Russian problems, will be discussed by the Baron in the same place tomorrow night.

Concerning this topic, Baron Koff assured his audience that the situation in the Near East depends entirely and absolutely on a clear understanding between England and France. In all of these questions, Britain has set, and ought set, her own special claim.

Before the Great War, Baron Koff was Foreign Secretary of the International Red Cross. In 1919 he was in Paris as a member of the Russian Peace Delegation and since that time has lectured at more than sixty colleges and universities throughout the United States.

PRETTY PROMISES OF A PLEDGE

Yesterday Charlie Apple walked out of the S. G. L. House with a hat on. Today Charlie swore a Freshman Gag, stands up on his mouth, has learned how to say "Hir", has matches on his person, and waddles what it is all about.

He has decided that Philadelphia has a very questionable climate. One day it snows, the next it is necessary to shed overcoat and hats of civilization; one day a certain gang of bachelors all over his neck and shirt and when he order the gillons on him, and not long afterward this same gang fire him with Trills and burnt words, oh we found out about the Freshman that he is.

And dawgones these Seniors! Why do they always make

goons down to the "Red and Blue" office at noon? And then

many rite him because he hasn't got any ad.

And when he works his beard and manes out on to ad, give them

the ray because he's going any more!

Well, it can't last much longer or he won't be able to

WHARTON DROPS FEW STUDENTS

Dean Johnson Announces Failure of Small Percentage on School's Rolls.

EXECUTIVE GROUP HEARS CASES

According to statistics recently given out by Dean Johnson, small numbers were dropped from the Wharton School for failure to meet the scholastic requirements last term. This number is only four per cent of the students who entered last fall and is less than half of those who failed in thirty percent of their subjects. Divided among the several classes the number is: 

- Freshmen: 18, Sophomores: 17, Juniors: 20, Seniors: 12. With the exception of the Sophomore, whose average is above normal, this division of the classes remains nearly the same as in former ratings.

The Executive Committee has worked for three weeks in hearing the different cases, according to Dean Johnson, and because of this individual attention only about half of the number failing were dropped from the rolls. Men were excused for the following reasons: Sick- ness of the student, death in the family, and inability of the student to give sufficient notice of necessity to continue work. Dean Johnson desires that those students who fell below the standard last term should arrange to have their schedules corrected by becoming part time students.

Taking into account the variations in conditions, Dean Johnson said that the student dropped comprised very few above the average for the past few years. In February, 1921, 215 men were dropped, and in 1925, 195. Last year only 158. The Wharton School are proud moreover by the fact that over 300 men have been dropped from the Wharton School rolls.
