DEBATES ENTER NATIONAL MEET

P. W. Main and A. T. Gill expanding Pennsylvania at Washington in National Congress

SEVEN UNIVERSITIES TO COMPETE

Red and Blue representatives will face each other in the first debate in the southeastern section of the 1933 national congress, to be held this week at Washington, D.C. The debate will deal with the question of capital punishment, and it is expected to attract a large audience.

EARLY HOCKEY START PLANNED

Arrangements for Holding of Competition Announced by Philadelphia Athletic Commission

FIVE PLAYERS WILL GRADUATE

Plans for a successful hockey season are being made by the men’s hockey team, who will leave for the West Virginia trip this week. The team is looking forward to a great season after a successful campaign last year.

Practices Planned For First Year Men

Two Easter vacation practices have been held for the incoming freshman athletes, who are expected to join the varsity in order to allow more time in which to prepare for the games later in the year. These practices are to be held Thursday morning at 9 a.m., and again on Thursday afternoon at 1 p.m. Although they are not compulsory, the coaches feel that as many as possible should attend them.

Crews Face Stiff Spring Program

Red and Blue crews will enter their spring campaign this week with a visit to Annapolis on Monday afternoon. The crews will be coached by Captain William H. McMillan, who has been elected captain for the season.

BASEBALL TEAM WILL PLAY FIVE CONTESTS IN 1933

Leaving last night from Broad Street Station, the Varsity baseball team will arrive in Athens, Georgia, today, where it will participate in the first game of the series against Emory University. The next five games will be played in the southern portion of the country.

HERE’S HOWE” TO HAVE INITIAL SHOWING BEFORE ATLANTIC CITY AUDIENCE

The production of the Mask and Wig Club, directed not only by the Mask and Wig But by the help of the Chestnut Street Baptist Church, will also be staged in Wilmington Opera House in New York. A performance of the company will take place on Saturday, March 31, at 8 o'clock and an unusual Good Friday meeting will take place between 11 noon and 3 P.M. Friday in the Church of the Transfiguration. An informal discussion on the question of eating Ham Men occupied the members of the club, and the debate will be held on April 16. In preparation for the final attempts, no matter on the situation or asking him to be present. If this is not possible, another member of the committee for decision.

Special Services At Church Campuses

Enter services will be held this week at the various churches of the Philadelphia area. The Chestnut Street Baptist Church, and the First Baptist Church will be represented.

Fencers Entered In Championship Bouts

Pennsylvania will be represented in both the foil and sabre bouts for the State Championship held in New York City. The matches are scheduled in two parts.

University Welfare Committee Enlarged

Practically all arrangements for the annual banquet are completed, according to a report delivered at yesterday’s class meeting by Chairman John Schell, Jr., Wharton Pepper, former Provost Edgar A. Shepherd, and Mr. R. E. Bush, representing the en-

EARLY SCHEDULE PLANNED FOR UNIVERSITY HOCKEY TEAM

Continued from Page One

of candidates to report for the team.

On the first Monday of every fall, the Intercollegiate Ice Hockey Association will convene in New York to draw up a schedule. Representatives from Yale, Harvard, Princeton, Dartmouth, Cornell, Columbia, Hamilton, and Pennsylvania will be present, for hockey is a con-

certatively new sport at several of the Colleges and consequently does not re-

quire financial support necessary to complete a full season. However, hockey has become fairly well estab-

lished at the University and it is ex-

pected next year's budget will be suf-

ficient to insure the playing of away

games.

Although Kearns, O'Neilly, and Wana-

maker, of the regular secret, and select-

tores Smith and Fortier will graduate

ENGINEER GROUP COMPLETES TRIP

Just one day after the return of the Mechanical Engineering, the Electrical Engineering Class inspection group disbanded tomorrow in New York, after a visit to the Development Laboratories of the Western Electric Company, which are located in that city. Other electrical engineers included in this year’s trip were Pittsburgh, Buffalo, St. Louis and St. Paul.

The seniors visited four large electrical manufacturing companies and five hydro-electric and sub-electric central stations. Among them were the Westinghouse Electric and Manufacturing Company, the General Electric Company, the Western Electric Company, the principal American and Canadian hydro-electric plants at Niagara Falls and the Hell Gate steam-electric plant in New York.

Twelve students, with Professor C. D. Fawcett in charge, left Philadelphia on March 21. The cooperation of the companies made the tour most interesting and instructive. Lecturers were served and the leading electrical engineers of the various plants gave brief talks to the delegation. The Pennsylvania Alumni in New York have scheduled a dinner to be given tomorrow at their Club House.

The purpose of the trip is to give the students a perspective of the electrical industry into which their training will lead them. The manufacturing companies, central stations, and research laboratories have emphasized the progress being made in various equipments. Their observation of methods of manufacturing, assembly, and testing will drive home the theory and practical aspects of the work given in the class rooms. Special demonstrations covering spectacular tests on machines of the largest capacity, and in contrast, delicate measurements of the physical phenomena of the electron, were performed.

A technical report on the inspection is the work of each student before graduation.

Train for Leadership

To work hard and order to acquire the proper training, you must have a thought of the future and the goal of the business is to provide the best educational equipment for the future. The Babson Institute is an educational institution. It is not a college, but a school for business and professional students who wish to prepare themselves.

The Babson Institute, an educational institution, invites you to send for their booklets and brochures. Every day commercial affairs.

EVERYTHING FOR THE STUDENT

THE LARGEST CAMPUS STORE
THIS YEAR'S BEST APRIL FOOLS JOKE—

After planning for a year what we were going to run in this column on April Fools Day, we just discovered that it comes next Friday.

\[\ldots\]

TRUE LOVE

How can I wait until you come,
(For my love is strong)
I count the days till you'll be here,
The days seem so long.

You know I want you more and more,
Beyond my expectation,
I long for you, my one true love,
My Easter Wishes for you.

\[\ldots\]

READY

We have done our Easter shopping and are ready for the promenade on the boardwalk. Red and blue stripes.

\[\ldots\]

REGARDING THE RADIO

Noting that we are to have a broadcasting outfit installed in the Houston Club in a few days, the Odyssey, of years first in the field to offer suggestions when suggestions are in order, ventured the following:

1. All night and midnight lectures should be broadcast, permitting the student to attend the lectures in his clothes, which would not be possible in any other way.

2. All Gym Classes could be taken in this way also—whole line head rendering campaigns to the left and harry to the right, the two two three four, two class halts.

Next exercise—Plow九年 every open gym, bread right out with left foot, sail eyes, group Transform with houch and on final sideways, running from left to right as the case may be:—two three three. The student going through their elemenl in this room. This is designed to relieve the congestion in the gym.

1. We hope that the announcing of names and grades will be omitted in the future, as it will be distracting to the student.

2. The public would be interested in getting the list from some of the University Ball room—something like the following:—'Junior W. Wharton just rented down for the spring Smith's 24 College in trying to sell the Grill to someone. Claims he has bought 3. Johnson Wharton says be never saw such a large orchestra. Says it is three times as large as it was when he first came in, and so on.

More suggestions along this line will be forthcoming as they occur to us.

\[\ldots\]

A French Scientist finds that smoking aids health.

Now we suspect the first thing you know somebody will be asking for—gum for credit for smoking.

\[\ldots\]

ONCE MORE

We suppose that the new waffle studio is largely patronized by grid heroes.

"Studio" isn't such a bad thing after all. You can get hard boiled eggs there. And Netherlands in season.

\[\ldots\]

"OZ"

Assisted by Jack Powell and M.H. Hall.

Through survey of the entire field of material and thus having the ultimate estimate for intercollegiate heroes and on the way to the organization necessary for the fulfillment of these hopes. To say that an intercollegiate championship can only be won through an advantageous hard work is something in the nature of a platitude. But the thought being radical for a time at the University contaminates the return of intercollegiate heroes in to their rightful place.

The Scooter program compensates for the formality of these separate highers and if a due support is accorded the arrangement the whole club will be ready to accommodate intercollegiate heroes and on the way to the organization necessary for the fulfillment of these hopes. To say that an intercollegiate championship can only be won through an advantageous hard work is something in the nature of a platitude. But the thought being radical for a time at the University contaminates the return of intercollegiate heroes in to their rightful place.

The Scooter Club has taken a leaf from the book of the organizing efforts of the club to take their interests into account. Instead of hiring the spring pass with little constructive foundation for the spring season it has been improved and the prime driver for the championship.

With a team which is thoroughly representative of the old, there is absolutely no reason to be overcome by our own superiority. The necessity of the Scooter Club today is that it be a fitting stake for the most exacting preparatory measure.

A DISGRACE

The Senior Class met yesterday to consider one of the most important questions which has been brought to its consideration during its undergraduate career. The question of Honor Men. The Senior Class numbers neatly eight hundred members. Thirty seven were present at the meeting, not even a quorum. Yet 1924 boasts of boundless Pennsylvania spirit. A more confusing proof is needed.

COMMITTEE APPOINTED TO
ARRANGE JUNIOR LUNCHEON

With the appointment of a committee composed of the following four men, David P. Willis, W. Y. Hoban, S. L. H. Burtin and Jack Mann, plans for the Junior luncheon to be held on Wednesday, may 11th, April 8, will begin. Willis is Chairman of the Committee. Hoban will have charge of Publicity. Burtin will handle the tickets, while Mann has no delusions to secure speakers.

The will be the last luncheon held by the Class of 1924 at Janterm. Only one luncheon will be held this year, as all other possible dates conflict with University events.

Where the third year affair will be held is problematical. Several places are being considered and the committee is expected to make its decision immediately after the Senior luncheon.

SIX EXPEDITIONS REPRESENT UNIVERSITY MUSEUM ABROAD

His exploring expeditions have been sent out by the University Museum, one is in Peru, in that mide of the Andes, searching for the lost civilization of the Aztecs; another is in Alaska, and still another among the ruins of Palestine near Beth Shan.

Of the two most important expeditions one has retired from the “Valley of the Kings” in Thebes, where they are completing their work on an ancient temple of the Pharaohs. The most important of all are the excavations at Ur in Babylonia. It is considered a great honor to Pennsylvania to be chosen by the British Museum, the most important of its kind in the world, to aid in its valuable excavations in this district.

Pennsylvania has long been considered as one of the world’s greatest archaeological explorers. The collections in her museums are among the very finest and many cannot be excelled, even by the British. The public may examine them at their leisure while every possible care is being taken of the ancient works of the art displayed.
