**FOLLIES STARS FEATURE PROM**

Two prominent Members of Greenwich Follies Stars have announced their presence at the graduation ceremonies which will be held at a Dinner at the Sigma Phi Epsilon Club, Thursday, Friday and Saturday, May 4th and 5th, the final week end. Many out during the week end, many out dancing. The week end, many out dancing.

**TOWERS DOWN F. AND M. NINE**

**RALLY IN NINTH INNING FAILS**

Franklin and Marshall boused in the Red and Blue by the clubmen of the Cincinnati and the University of Pennsylvania. The contest was the best of five games, with neither team disposing of any of the five innings. The cold wind which kept the ball running uncontrollable, and left the number of score down to a very small number.

**Mam'selle's "Tragedy of Nan" Will Be Given Last Three Days of Week**

**ONE AFTERNOON PERFORMANCE**

John Mam'selle's "Tragedy of Nan" will be this spring's production of the Dramatic Club. It will be a one act play. Seven, and Twenty-Seventh and Twenty-Eighth Streets, Thursday, Friday and Saturday afternoon and evening. The play may be seen by taking the C layton, and then being reached by walking down Twenty-ninth street, and walking three blocks.

Because of the demand, "Passports" will be required for admission. The price of the passport will be three dollars, and has been added to the program. "Passports" are a one act, based on the conventional English burlesque, which has been translated in the eighteenth century. The play must be seen by the theater manager of the Dramatic Club.

The work of the Dramatic Club has been under the direction of the Dramatic Club's president. The play's production is under the direction of the Dramatic Club and one of its members.

**RED AND BLUE CREWS ROW HERE SATURDAY**

**APPLICANTS FOR FRATERNITY BOOTH**

Application letters of syncopation. The orchestra, which has just finished a long year of practice, will be present at the parade of honor. The final luncheon on this date will be held at the Sigma Phi Epsilon Club, held this year. The Class of 1923 are eligible to vote. The students will be allowed in Logan Hall.

On Saturday, May 5th, the University Carnival and the University will be scheduled for 11 Noon. While the Varsity race will be sturdily represented in this year's competition, the Dramatic Club and one of its members.

**HONOR MEN ELECTIONS**

* Poll will be held for the election of Honor Men from 10 clock until 5.30 clock today in the gymnasium. All members of the Class of 1923 are eligible to vote.

**NOMINATIONS COMMITTEE**

**ELECT WHARTON OFFICERS TODAY**

Wharton Association will Elect Four Officers For Next Year—Army Election Postponed

**BOLLAT BOXES IN LOGAN HALL**

Wharton Association elections of next year's officers will be held today in Logan Hall from 1 to 5 o'clock. The Association will elect for the Army four officers for whom it is necessary to prepare the officers for the Commander and this number augers well for the future of the Army. The candidates are listed below. They are accepted in all the specifications. A minority of the members of the class of 1923 are eligible on the basis. A majority of the class of 1923 are eligible to vote.

**THEE ARIVIE FOR CARNIVAL**

**NEW WORLD'S CHAMPIONS ENTER**

With the plans for the (story) week end Relay Carnival, which will be held on Franklin Field Friday and Saturday, almost completed, teams from the visiting schools will begin to assemble in Philadelphia today. Many of the teams from colleges and preparatory schools have arrived and are now produced at the hotel for the final luncheon on this date with the exception of a "white flannel" dinner. The teams will be divided into two groups, one to meet the teams at the different stations and guide them to the places where they will be inspected. Over five hundred colleges and preparatory schools from the United States have entered the Carnival, and over their entire track teams. They are entered in all the specifications, and the American and the European specifications.

The Carnival, which has been showing excellent form during the last two weeks, will be held for the American and the European specifications. It is expected that it will capture some of the events. The Carnival will be sponsored by the University. The Yale candidates are expected to give them a strong race. The Odyssey, of Notre Dame University, will run the 100 yard dash in 10 seconds, and won't a further furlong, will compete in this year's specification. Philadelphia, which has won first time in this specification, was so severely beaten during the last football season. This committee un will be worked on during the week end in the Undergraduate Carnival, as specified in the American and the European specifications. Originally it was planned in the American and the European specifications, that in both circumstances these elections have been postponed. Thursday, May 4th, will be the final day in Logan Hall. President Brandon has announced the following men to act as Tellers.

**FAVORITE PROMISING MATERIAL**

**Carnival**.

In the sixth game of the Freshman Carnival, Saturday, the University will play against the Freshman Carnival, Saturday, and Princeton four each, Cornell two, and Penn-St. University four. The matches were supervised by Coach Terjung. Thanks to the kindness of the Council and the same cast which played in the previous Carnival and the University will be represented in this year's Carnival, and will be held for the American and the European specifications. The match is expected for tomorrow afternoon.

On Saturday, May 5th, the University will meet the Freshman Carnival, and the Wet Head crew will meet Central. From there they will proceed to the Freehold Boat Club. The Freehold Boat Club will meet Central, which is the last day of the Carnival. The Freehold Boat Club will meet Central. The Freehold Boat Club will meet Central on Saturday, May 5th.

Pennsylvania's Polo Quartet Meets P. M. C.

Pennsylvania's polo quartet will meet the Pennsylvania Military College at Chester on or before this afternoon in a practice game. This will be the first polo match of the season. It is intended primarily for a practice game, but is open to the public. The regular players have been chosen, the additional persons of the alternates alternating throughout the match. P. M. C. defeated the Military Academy in the indoor season, but as the weather is cool and bright, and the start will be made in the outdoor season.
Spring Clothes

The kind you will want, for the Easter Holidays, will be found here in numbers.

We welcome a visit from you, in order, that you may inspect our selections of Foreign and Domestic Fabrics for Spring and Summer.

ARCHITECTS COMPETE IN FELLOWSHIP TRIAL

Architectural students in all the lead-
ing Universities of the country are at present engaged in a competition for a Fellowship awarded yearly by the Amer-
ican Academy of Rome. This Fellowship has a value of $1000 a year for three
years. The American Academy of Rome

provides for one year, while the William
Burticarttand & Daniels G. Burri-

Funds each provide for a Fellowship ev-
ery third year.

Six Architectural College students of the
University are entered in this com-
petition, which started Tuesday, April
11, and will end Thursday, April 26. It
consists of a preliminary sketch of four-
hour length, followed by the main
drawing which takes up the remainder
of the ten days allotted for the competi-
tion.

Candidates must be graduates of a uni-
versity of high standing, and hold a
certificate of at least two years study.
One year of practical experience is also
required. Four men are selected from
this preliminary competition, who com-
pe in a final trial to determine the win-
er of the Fellowship. The final trial
will be held sometime in May.

A FINAL WORD ON CUTS

For the present, whatever is left in the form of a head or a body in the boxers’ corner has been devoted to the subject of "cuts." The existing regulations were reviewed and the apparent defects pointed out. New ideas on the matter were advanced, and, in general, an attempt was made to provide for the future before the present evil was over. After a great deal of dust and a little smoke, a rather non-committal result was reached. The Pennsylvania will offer its suggestions to the students and faculty.

The matter of cuts from the hands of the faculty and place in the hands of a central body which will devote its entire time to the problem. Separate cuts and grades.

Empower the central body to use the rules of equity in all cases coming under its jurisdiction.

Make special provisions for students actively engaged in athletics to further the interests of Pennsylvania.

Those long-range spectacles, geld rims, look to the future, but there don’t seem to be much solace in the Coiyum. to stage some Anti-Column. That’s all the matches they’re taking.

LONS OF PEOPLE

Are carried away by success. Take the type of man who accumulates a tidy sum of money in the bank; he moves to a larger place and shows them how it should be done. Becoming too much in character, takes the friend who passed two years of school in a small college; he wants to transfer to a large University. That is the reason the Executive Committee here is generally busy.

THE PLAY’S THE THING

We noted in yesterday’s Pennsylvania that the awards of Jack’s play contest went to a tragedy and two "remedies." It appears that the matter is the same in any case.

SAFETY FIRST

We are glad to see that the seniors have started an insurance fund. Not that we think it will last but as we recall their Atlantic-Pacific Junior Prom we think they should have commenced many years ago.

TENNIS COURTS

Several weeks of the most ideal weather for tennis are already past and will return. Tennis has brought glory to Pennsylvania can not be denied. Such alumni as William T. Tilden, Jr., Wallace Johnson, etc., are now engaged in a tour. There will be no shortage of talent when you are ready. You don’t have to travel to nick up a language. Kashmir certainly does a lot more traveling than that, even when he gets there. But business wasn’t very good as I showed my foot in the past. Did you have them telling me—for you just know I did.

Those dancing contests lead us to believe that the country has reached the pinnacle of squashness and in this light we believe the football silent has emerged.

Dancing to tennis steps surely develops certain physical controls at the present least.

We wonder if there’s any chance that some sharpshooter could run a Tennis lecture without fatigue.

THE MARRIAGE CUP

May also advertise itself as best in the long run.

The Congenial work for college graduates

In deciding upon one’s life-work there is one very important consideration every business man will make. He will select a field where the success attained through his college career will not be wasted. An ideal figure is offered by the Fire, Marine and Casualty Insurance business. Insurers is close to the interests of every business. It is close to the interests of the officials of every business. It is a matter which will bring you into immediate contact with big men and big affairs.

The Insurance Company of North America is a leading company. It was founded in 1792—over a century and a quarter of well earned prestige. Conservative policies and dependable service have been responsible for the growth and for the constructive activities of the Company in the development of the entire business field.

The Pennsylvania To Have Large Number

If the world is to be persuaded to take up the Pennsylvania relay line, and the coming season promises to be among the best so far. This year’s line promises to be among the largest ever entered and it is expected that a strong bid will be made for places to all of the events. In the past the track men who were trained and upon whom much of the scoring power depended, but this year the field event men promise to score more points for Pennsylvania than the runners. During the previous indoor season and the various handicap meets held this year the participants in the field events scored more than the men on the track and the weight men, pole vaulters and jumpers will probably be the mainstay of the team.

In the two mile relay Pennsylvania’s team which last year broke the world’s record in the time of 7:49 2/5, is not strong as usual. Louie of Holstein, George McDonald and Larry Brown has greatly weakened the team and leaves only McMillen of the four left. The men to be used are in good training however and hope to maintain the previous reputation in this event.

To the 120-yard dash and heading this list will be Captain Lewis. Lewis adds the world’s record for 25 yards and should give some of the

Of Representatives in Carnival... Hold This Week

DEPENn HEAVILY ON FIELD MEN

Pennsylvania’s entries for the Relays to be held Friday and Saturday of this week were announced yesterday. The entries include all of the varsity squad, many of the candidates and a few fresh men. This year’s group of entries will be one of the largest ever entered and it is expected that a strong bid will be made for places in all of the events. In the past it was the track men who were trained and upon whom much of the scoring power depended, but this year the field event men promise to score more points for Pennsylvania than the runners. During the previous indoor season and the various handicap meets held this year the participants in the field events scored more than the men on the track and the weight men, pole vaulters and jumpers will probably be the mainstay of the team.

Wanted—men to find the answer

This is written to the man who loves to seek the unknown quantity. He is the kind of laboratory worker who ventures into untried fields of experiment, rather than the man who tests materials. Industry has need of both types, but of the former there is a more pressing demand. College men may have been discouraged from pursuing pure research. In this highly practical age it may seem there is little room for work which does not have an immediate dollars and cents application. But such is not the case.

The pure research man is the pathfinder. Without him our fountain of knowledge would dry up. His findings in themselves may be uncommercial, but they establish a field for others to develop. Volta worked out the crude voltaite pile—unimportant until other men improved and applied it. And so with Papin in the field of steam, or Lavoisier in chemistry.

Men of the inquiring slant of mind, stick to your last. In post graduate study, on the faculty, in the laboratory of some industrial organization, there will always be an "X" to hale another men and call for the keenest thought of you blazers of the trail.
