At a meeting of the Interfraternity Council held last evening in the Houston Club, every fraternity signatory to the Interfraternity Agreement tendered their Council that a new Interfraternity agreement should be drawn up. The belief was expressed that the new agreement should take care of the possibility of open rushing, or of the existence of secrecy in the Fraternities. Since this has been the case, it is expected that any new rules handed out to the men listed on the bulletin board, and should be considered immediately. The race was won by the White Horse, a distance of one mile in 1:54, with Citrus Park for the next two races that were not open to the men listed on the bulletin board unless they were in the race.

VARSIY FACES COLUMBIA NINE

Coed Sprints Fatigue To Travel To New York To Clash With Blue and White Today

WINZINGER STATED TO TWIRL

After a break in the schedule caused by the postponement of the Yale contest on last Saturday, the Red and White varsity-Navy against Yale varsity will be contested at 12:30 today at 12 o'clock. The squad leaves for New York from the University Station at 8:30 today on the opening game of the week, with eighteen men making the journey.

The varsity will meet the Red and White, who defeated the team by 29 points. The varsity met the Red and White, who defeated the team by 29 points, 14 to 11, and won the consolation meet 27 to 19.

RED AND BLUE WRECK WILL ROW AGAINST YALE AND JOHNSTOWN FOR FIRST LONG RACE

SPECIAL TRAIN FROM NEW YORK

PENN STATE will engage Dartmouth College in the first dual meet of the season, to be held on the University Field this afternoon on Franklin Field.

This annual crew event is to be held on the University Field this afternoon on Franklin Field. The contest was called at the end of the second practice game of the season last Saturday. The varsity and Junior varsity of the season last Saturday. The varsity and Junior varsity, receiving the first two medals. The remaining crewmans of the varsity who defeated O. W. Adams will start in the race, which will be run on the field.

VIGILANTES TO HOLD WEEKLY MEETINGS UNTIL END OF MAY

At a meeting of the Sophomore Vigilante Committee held in the Houston Club last Monday it was decided that their weekly meetings would be held once a week until the end of the month. Much of the unfair spirit which has been displayed by many members of the first year class was quoted at the meeting.

Chairman C. J. Weinstock, has said that many of the yearlings are not complying with regulations and that a stricter enforcement is planned for the remaining time this year. The chairman has also stated that with the coming of spring the much dreaded “Frog Pond” will come into being in dealing with the disobedient freshmen.

Prominents are asked by the Committee to cooperate with them in the enforcement of Vigilante regulations so a great help can be secured this way. All regulations will be enforced from May 5th.

MOUNTAINIERS ELECT CLUB OFFICERS FOR COMING YEAR

John Preston, ’24Wh., was elected president of the Rocky Mountain Club at its monthly meeting last Monday night. Other members elected to offices were: lady, ’24Wh., Vice-President; Michael Berger, ’24Wh., Secretary and Martin, ’24Wh., Treasurer.

A committee was appointed to negotiate plans to obtain a private car for the club members so they could all leave school in a group this June. A proposal for an organized drive to secure members was considered.

The Pennsylvania

Wednesday, May 2, 1923

The Test

Under the leadership and guidance of the Undergraduate Council, Pennsylvania has made real strides this year to wards the ultimate elimination of campus politics. Realizing the importunities of the past and present, concern, the members of the student governing body put their shoulders to the task and have perfected a code of student government, especially to make politics and athletics and evils. It can safely be said at this time that the elections held so far this year have been a decided as a slight to the majority which has been lacking for a long time. Today, there is no need of the practicality of the new regulations takes place. If the code can stand up and continue its good work, the students may graduate many may attain, then the University can truthfully say that at least the long search for an has finally been successful. The Junior Class can make as much or be left behind. A heavy burden rests on the members of the Junior Class today. Their conduct at the polls spells success or failure. No regulations mean anything unless the personal character of the individual makes them successful. The Junior Class can make or break all that has been done in the right direction for the same is cleaner and presents no room for misunderstanding or doubt. If the Junior Class want to give us a record as favorable as the report of the Board of Depths of great interest to the students and the professorial world, the code as laid down and put into effect by the Undergraduate Council. There can be but one winner today, but everyone must do his part and be ready to take a trip. It will be literally true that Pennsylvania has "all the time in the world."

Blaze

We know a chap in the Engineering School who has so much Production he can be used for scrap paper.

TOUGH

An adventurer in the Saturday Evening Post is offered to its readers a "Nobility Union Suit." Think what a farcical the attempt is to make a campus laundry to put one of those to laurel.

ANOTHER DISAPPOINTMENT

According to the papers the king of the South Sea Islands is visiting New York. We have always had a great desire to take a trip to a south sea island, but if the king of one of those pretends to be here to boom his product, there will be no real cause for complaint under the old system, circumstances pointed to the fact that a better plan could undoubtedly be affected. Sponsored by the Council. There can be but one winner today, but everyone must do his part and be ready to take a trip. It will be literally true that Pennsylvania has "all the time in the world."

Safest

We are by The Pennsylvania that the University of Maryland has suspended smoking. Is it because the fire hazard is too great?

We believe in cleanup week when applied to: 1. Those who never take a bath after gym classes. 2. Campus politics. 3. The guy who never gives above a 7.

Impossible

Did you hear some one say that the Sophomore Prom was a great ball? Just a little more, and it will be literally true that Pennsylvania has "all the time in the world."

Familiar Sayings

"What running?" This little process of words can be used at any athletic event, political gathering or at ball games. It is popular today during the war time when ladies want to be shrewd. It is absolutely necessary that the people at large be taught to say something other than "What running?" when one asks to be left alone. It is also necessary that the people know that the world has grown up.

In the Rain

We understand that even in the rain the colored truck was driven fast. But here is a question for the folks that some of them do not seem very kind. They are the kind you'll get to "get under." Newest braids, featuring authentic medieval, finest workmanship and modest prices.

In the committee meetings, the senior class has been a little slow to realize the importance of this drive. Everything that this class has undertaken in the past has done in an excellent way, and because of this the plan is to charge a certain amount of money. Members of the Senior Class are asked to consult with the committee members regarding the importance of this plan, and see Dr. Pickard at 1405 Locust St. informally.

VARIETY TRACK TEAM WILL OFFER BIG GREEN RUNNERS Continued from Page One

He predicts the outcome will be very close and that one or two events will decide a win or a lose for either team. Pennsylvania's entries will be the same as were entered in the Relays last week. Lever will run in the 100 yards and Barmeyer in the mile. News is awaited on whether the Dartmouth star was below form in the relays Saturday when his best efforts only captured second place.

FENCES WILL COMPETE IN AMATEUR CHAMPIONSHIP MEET

At a recent meeting meet Herman Hastings, captain of this year's team and Donald Thompson, captain elect, qualified for the meet to be held in New York tomorrow for the Amateur Fence's title of America. Should they qualify again in this meet they will compete again Friday night in the Ballroom of the Hotel Astoria in the finals.

Other members of the team and members of the faculty will go to Bryn Mawr tomorrow night to a dinner banquet at the Hotel. Several of the guests will also act as Judges.

On the fifth of May Bryn Mawr college will present Dr. R. M. McKendle as Judge at the meet tomorrow night. Several of the guests will also act as Judges.

The Drovers & Merchants National Bank Opposite West Phila. Station, P. R. R.

We extend a cordial invitation to the faculty, students and guests of the University of Pennsylvania, to inspect our new and beautiful bank building at 5206 Market Street. Real equipment ready thoroughly up to date banking service. We will welcome your patronage.

How

1,000 Men helped us give you quicker, better shaves

Although we have been soap experts for over 40 years, we didn't tackle the job of giving you a better shaving cream until we had talked to 1,000 men. They told us what a shaving cream should do—the things they wanted.

And then we worked for 18 months—to perfect it. But—we succeeded in giving you a cream that has five distinct excellencies.

Now all we ask is that you give us a sporting chance to make your shaving easier, quicker, more satisfying—save you just 10 cents at our expense.

Check us up on each of these five points:

A tube good for 10 of the quickest, easiest shaves you've ever had

Palmolive Shaving Cream multiplies itself 250 times in rich lather. And—this fine lather softens the toughest, most hardened beard in one minute, without a lot of streams of 'rubbing-in.'

The lather lasts for 15 minutes on your face, if necessary. Lather bubbles are strong-walled—hold hairs ever for water cutting.

Blended of palm and olive oils, the after-effect is soothing, lotion-like.

Test it free

Take the coupon, filled in, to any dealer listed. Give the thing a trial. You'll discover either—that here is the Man O' War of all shaving creams, or that we have failed.

SUCCESSFUL MEN wear custom clothes because they fit better and are smarter in appearance; because custom-clothes wear twice as long as a ready made suit or overcoat owing to the finer materials and hand work used.

This is real economy too and our store is in exclusive position to suit your purse and your personality.

Come in today and see us.

The Pensylvanian

SERENI SUPPORT ENDOWMENT
Committee Graciously Seeks Subscriptions For Life Insurance Policies To Endow School

NEED $50,000 BY COMMENCEMENT

Fifty thousand dollars is the amount which has been set as the quota for the Endowment Fund Committee to raise. It has until Commencement time to get the required number of subscriptions; but thus far, the drive has not netted as many subscriptions as were expected.

According to the committee members, the senior class has been a little slow to realize the importance of this drive. Everything that this class has undertaken in the past has done in an excellent way, and because of this the plan is to charge a certain amount of money support throughout the remainder of the drive.

Graduating classes in previous years have, at a great expense, bel class memorials by which they are remembered. These gifts to the Alma Mater represent out something to which an alumnus can point with pride. This year's class plans to raise a large fund in a way more simple than way which have ever been practiced.

The minimum policy that can be taken out is for $250 on which the annual premium is approximately $11. It is a 10-year endowment naming the University beneficiary. Members of the Senior Class are asked to consult with the committee members regarding the insurance of pets, or see Dr. Pickard at 1405 Locust St. informally.
