TRACKMEN WILL MEET BIG GREEN

Case Outcomes Predicted for First Day of Season—Pennsylvania's Early Start Is 10 a.M.

To be held prior to Yale game

Leaders of the valuable track squad were cramped in afternoon workout at Franklin Field yesterday afternoon in preparation for the dual meet with Denison College, tomorrow afternoon. All of the boys will be out for the opening game of the season for the Haypaw team. Coach Ralph G. Swartout has predicted a championship track for Franklin Field and track men on the working list for the past few days. The meet will begin promptly at 10 a.m. The other one of the two contests was scheduled for last Saturday on the Wharton School track.

Students Don Straw Hats This Saturday

Because of the fact that tomorrow is Straw Hat day, the Freshman Class of the University will have its Straw Hat dance at night (10 o'clock), all attendants will wear straw hats this Saturday evening. The custom is strictly enforced and straw hats must be worn for the entire evening. Those who fail to comply will be expelled for the first time.

A week—or more—in Yellowstone Park
"Go In Gardiner, Out Cody"

Another week, or more, in Colorado! Can you imagine a more wonderful vacation. The motor-stop through Yellowstone Park can be made in 4½ days but you shouldn't mortgage your people's remnant a month. People also say, can they pay for half a day? The spot, picturesque, of the Rockies, the shattering, the delightful would be—these are sensations which few who ruminate annually. The guard—Park tour costs $4 day stay at the hotels. $6 at the camps.

And Colorado—only twenty-six hours distant—is satisfying, in its way, to Yellowstone Park. Rocky Mountains (Zora) Park—a summer para
dise—is only a few hours distant from Denver. So in Colorado Springs, meeting at the foot of Pikes Peak. The round trip to and from the "Royal Gorge" can be made by 2 day Denver or Colorado Springs.

Daylight Saving Put to Use
Value of “daylight saving” to athletes was shown on the second day of its use this year, when the V. M. C. polo team played Bryn Mawr in an after dinner game and defeated them 6-2. Both teams were able to enjoy their evening meal before the game was played. Despite this both teams showed much speed.

Germantown Jumper Sets New Mark
One new record was established in the dual track meet between German- town High and Southern High on Hous- ton Field yesterday afternoon. The new mark was made by Boyd, the German- town High freshman. In the running broad jump he did 12.3 feet, 1/2 inch. This bettered the old freshman mark by one foot.

THOMAS F. GHUDD

GEO. R. SCOTT 200

The club should contain a soda fountain and a cigar stand. The old post office is safely moved, and the executive secretary will be learned by a comprehensive knowledge of its salient parts.

The movement of educational opinion away from former methods of studying by rote has helped to foster this abstract tendency. One of the methods in the Houston Club has to offer, then, will take its proper place as the axis around which the campus activities revolve. One of two methods of the Faculty Tea Club before the end of the year.

READER S, 1203

This letter is written in an effort to make all students understand the necessity of making the club a real center of activity.

The program now under way calls for several additions to the present facilities and many changes designed to make the club more attractive to the students. The present booklets will shortly contain a complete list of all the latest fiction, and a few hints on the "art of getting away with it," there will be a number of articles on the prominent men this year.

It is the only scheme suggested thus far, that would make further improvements in the Houston Club are now under way.

The latter days are account of the subject itself. A clear understanding of the fundamentals of the subject, a knowledge and ability to express the special terms which alone are able to give body to the former requisites.

ACCURACY

It is a common fault of the classroom that a lesson can be learned by a comprehensive knowledge of its salient features, without regard to the medium used for its expression. The movement of educational opinion away from formal methods of studying by rote has helped to foster this abstract tendency. In theory, the movement has been a good one. It has been a fact that in the near future all the commercial features of the club will be centered in the basement, and the upper floors left to the students for recreation, to say that another progressive step has been taken.

WEATHER FORECAST

It is now certain that the warm weather is here to stay, for are not the girls all starting to wear their furs?

We wish to have a full of bed-time stories. Are you ready for play-now, "last minute, and hurry-up shoppings? The new and varied bread shapes, and "trimmings" in profusion. There's a "hit" for every man and there is a price to fit your purse! Gone.
