PLAYING before a large audience, the

Mus and Ware production, "The Cabot"

and the opening performance at the Fulton Ti-

tloe in Lancaster last Tuesday night. To

fete the occasion will also be included.

COOK ADDRESSES TAYLOR

SOCIETY ON GIANT TOLL

NOTE D ER Will Talk on New Poli-

cic. This week’s Conservation of Natural

Resources

ROUND TABLE AFTER LECTURE

Morris Lewitt Cooke will address the

Society on the Pennsylvania Giant-Power

Project tonight in Houston, R. The popular

guest lecturer also presented a master of

the State’s natural resources, he pick-

ed for the Lower Susquehanna.

The speaker is a prominent Philadelphia

economist and former head of the natu-

ral resources section of the Argus

and construcive services in the city.

After receiving his degree in mechan-

ic, Mr. Cooke started his career as a news-

paper photographer and became an in-

spiring lecture. He has covered the

Spanish-American War, and after

his return, the 1914-15 World War, and

the Blackstone, among others. At this

time, he is on the staff for rare en-

ters, in Philadelphia, D. C.

The meetings have been held in the

library of the University, and the next

will be held on Thursday, 2-19.

A great many of the visiting delegates

to the University's Institute of the club

of the committee in charge of the

arrangements, with the

of the day.

Newman Club Holds

Inaugurates Series of Psychological

And Religious Lectures

SCHOLASTIC TEACHERS

AT ANNUAL CONVENTION

Rosen of "The Work of Administration

For Pennsylvania" to be Discussed

This Afternoon

EXPECT FULLY 3000 DELEGATES

Names of vital interest in men and

women interested in public school edu-

cation will appear on the rolls of the

other states will be

be at the beginning of the scholastic year at

The convention will be held at the Hotel

the course for three hours.

The program for the remainder of the

week will be announced at a later date.

The schedule for the first day was

announced on Thursday, April 24th, the

opening of the executive session.

Secretary R. T. Kelly, 1200, the recently

elected president of the organization,

will give the opening address on the

afternoon of that day. The meeting will

be held in the auditorium at 1:15.

The address will also state that a series of lec-

asures on the "The Power of the

suit," will be given every Friday after-

noon at 2:30. The program for the.

of the regular sections interested in this

field can be obtained at the office of the

other schools.

SECOND SOCCER TEAM

DEFEATS SCHOOL BOYS

In spite of the moody weather, the Eu-

vation with the company of others.

This year the Fair Hill Athletic Club

has been received with a great deal of

enthusiasm. The team has been play-

ing on the River Street field, and the play

held on the River Street field, and the

play

covered the field with a minimum of

weather. The team has played well

all season, and the results have been

encouraging.

The Red and Blue team was up by a

score of 7-0. The game was played on

the River Street field, and the play

was good. The weather was not too

bad, but the wind was strong and

made it difficult for both teams to

keep the ball in the center of the

field.

Red team play was better, and they

managed to hold on to their lead.

The Blue team, however, showed

some promise and played well.

The game was a success, and both

teams were pleased with their

performance.

Student Phi Beta

Kappa’s Meet Today

Junior Members Will Write Scope of

Activities Next Season

Phi Beta Kappa members will meet for

their third banquet in the Pennsylvania

State Hotel, 1000, Superb street, on April

17. The meeting will be held at 8:30 p.m.

FINE BREAD

NO PICTURE CAN SHOW
Supplee Ice Cream
Must Be Unexcelled

Supplee-Wills-Jones serve almost one-half of all the homes of this city and vicinity every day with Gold Medal Milk. Its quality is unquestioned. This reputation has been earned by years of successful effort to maintain the highest standard of service in supplying fresh, rich, wholesome milk.

Favorable opinion so dearly bought is too precious to gamble with. Supplee Ice Cream must be as good as ice cream can be made. We pledge our word that it is. Controlling, as we do, a supply of pasteurized milk and cream unequal in quantity and unsurpassed in quality we can guarantee its goodness.

There is no better-flavored, no richer, no purer ice cream anywhere.

Supplee-Wills-Jones
One Organization Behind Both
INTRODUCTION, AND THE CHOICE OF VOCATION

President Eliot's being in his address at the recent meeting convened at Harvard, stated to be somewhat mysterious and hinting at the possibility of a trend of the academic profession towards new ways of thought and action. A new angle was given to the old age-old problem of the subject, "What is the meaning of life?" and Nature meant you to create. President Eliot was most considerate and wrote an article to be published in the immediate future about the subject. Online, much of the material will be accessible to all students of the subject. Subscriptions to the journal are available in most academic institutions.

Three Years for a Start

JOHN HANCOCK experience shows that if you sell life insurance for three years you will continue for your entire active business life. Why? Because you will find it the most pleasant and remunerative business you can choose. It is constructive work; it produces self-reliance and independence and affords the greatest satisfaction in every way. To be a John Hancock representative in your community is to stand for the best there is.

Before making any decision regarding your career write the "Agency Department."
THE OLOGY OF EASTER!

Normally Easterology is a study of the Spring; its causes and effects. Let us consider, then, the Easterology of your apparel—Colors, lighter wear sport clothing, Sweatiers, knickers, hose, ties, belts, etc., Something to go home with.

You, as students of the iflogies from the clothes point of view, we anticipate your demands for Spring sports wear!

Relays Draw Record
High School Entry
Over Two Hundred High School Runners
To Compete for Track Honors

Final reports indicate that Pennsyl-

vania's Relay Carnival has attracted a

remarkable entry list from the high

schools of this country. No less than

200 schoolboys, runners will compete for

honors in the relays and the sprints of

Hamiton Collegiate Institute at Canada

this year adds an international interest.

According to George W. Orton, manager

of the Evening school, and Dr. Fernald, of

the Moore School of Electrical Engineer-

ing co. for the popularity and impor-

tance of this race.

It is estimated that such a large entry

list must represent the pick of over

1000 school runners. The time

made by the various high schools in the

one-mile relay last year averaged about

1 minute and 53 seconds, which is consid-

ered very good time for comparatively

untrained men. A few years ago, this time

was made by very few high schools.

Many of the boys entered in the meet

are considered exceptionally fast for

secondary school runners. Austin, of the

Somerset High of New Jersey, has

run the half mile in 1 minute 33.5 sec-

onds. Thomas and P. O't. of Direc-

tional, Meierburg, have all done

better than 1 minute. 57 seconds in this

year. Best of all, however, has covered

the quarter mile distance in 56 sec-

onds. There are also outstanding spe-

cialists coming from Institution

High, Lakewood, Rich of Ohio, German

town, High, New-ark Central and several

other well-known schools.

COOK ADDRESSES TAYLOR
SOCIETY ON GIANT POWER
Continued from Page One

Food per year is utilized for power pur-

poses and not one pound of this is pro-

duced for the residential housewife. By

means of placing this power and ob-

taining by-products, about power will be

calculated to save 16 per cent of Pennsylvania's publics, even to those in the most

exclusive communities, at rates one-half

of what they are today. This address before the Taylor So-

ciety tonight is open to all who are in-

terested in the University. It will be

of especial interest to all who may

understand Dr. Grayson, Director of the Evening school, and Dr. Fernald, of the

Moore School of Electrical Engineer-

ing, will be present.
