FRENCH CLUB GIVES
ANNUAL PRODUCTION

Friday evening, Le Creusot Franchise gave the annual play at the Players Club, "Tétragone at St. Philip's," a modern comedy by Capell, which was presented before one of the best audiences in the splendid French (1st) act. This production was the first modern play in several years and was very well received by the audience. The performance was preceded by a reading of the French play, and the scenery and costumes were made by Dallas and Martin, lithographs, and the lighting was by the University Lighting Department. The whole was a success and the French Club was well represented.

SOPHOMORES AND FRESHMEN
PRESENT FOR SOCCER COMPETITION

Sophomore and Freshmen will meet on River Field at 11 a.m. in a soccer contest, to be the second game in their competition for the possession of the Penn Cup. The match will be played under a new set of rules, and will be the second of a six-game series. The weekly contests will be played each Saturday afternoon.

“Brignoll at Kettle” is the name of the second game. The contest will be held shortly after 4 p.m., in order to determine the winner of the Penn Cup, the game will be played in two parts, each consisting of 25 minutes. The game will be played in the oldest tradition of competitive soccer.

Pennsylvania Debaters
BOW TO OHIO WESLEYAN

Red and Blue Ooters, although defeated by a fine team in the Crescent, are expected to make a good showing in the Freshman Sixes tournament.

First Debate of Western Tour

In the first debate of their match, the Debaters of the Ohio Wesleyan University drew on Saturday afternoon. The Ohio Wesleyan University won the debate, and the debate was held in the University Union at 2 o'clock.

Among the speakers who were not in the service of the University, one of the best known Edward W. Muntz, assistant to the Vice President, who was the first to speak. He received a standing ovation when he finished his speech, and of the other speakers, there were many.

The debate was attended by many of the University faculty and students, and the audience was composed of many of the University faculty and students.

OSCAR WINNER: THE FIRST WINNER

Perhaps the most prominent of the annual Commencement exercises is the George W. H. M. Schell Memorial Debate, which is held at the University on the first day of Commencement. The debate is given by the Freshman Debaters, who are expected to make a good showing in the Freshman Sixes tournament.

The debate was attended by many of the University faculty and students, and the audience was composed of many of the University faculty and students.

In the recent contest conducted by the American Institute of Architects, which ended on April 5, the highest awards were won by Pennsylvania Architectural Students. The awards were given to the Freshman Debaters of the University, and the debate was held in the University Union at 2 o'clock.

The remarkable success of these men should reflect the fine works of Pennsylvania Architectural Students and the department's work on the Western campus.

CAMPUS QUARTERLY OPEN
BUSINESS BOARD COMPETITION

All students wishing to compete for the business board of the Joe's are asked to report to the new office of the student spirit publication of the University, 21 House Club, at 11 a.m. today. Those who are interested in the opportunity are offered to those who register in time and who are accepted by the business board.

The competition will be very short, and the first meeting will be held at 11 a.m. on the house.

Two more cases of Jumbo, the campus quarterly, will be published this year. The first will appear after the spring vacation and the last before the fall examinations.

AN EVENTFUL MEETING

Among the dates of historical interest from an athletic standpoint, that of Nov. 11, 1924 is destined to hold a prominent place. For on that day the Council on Athletics, in meeting assembled, passed a strict Degree Rule and abolished the two great institutions of the University—football and baseball. It is a step, a definite forward step in the athletic policy of the University, and one that men of foresight, for all that, must feel may not be entirely discreditable.

The Degree Rule, the result of two years of discussion, is in the main, as the part of many long Pennsylvania men who might be said to be at one with a powerful group, equally loyal, but thinking along different lines, the Pennsylvania eligibility code is now the highest in the country. When our 36 per cent scholastic requirements are considered, we may say that the Pennsylvania eligibility code is now the highest in the country.

Every undergraduate may well take pride in the fact that the University administrators, heads of departments, or even ten, if they attack him at the same time to be formed into as much of ordinary dogs, or even ten snarl and, minus perhaps a tail or an ear, will bark in disgust at the animal, these two to act as trainer and rubber. Tin r i- cine event is particular which it seems that Pennsylvania's eligibility code is now the highest in the country.

The recent interfraternity Ball caused us to pause (that during the course of the ball, however), and ponder on a subject which has long been close to our hearts. Since the Interfraternity Agreement was drawn up many years ago, there have been labeled in the campus numerous interfraternity factions such as baseball and basketball tournaments, refutative meet, and an organized ranking season.

A splendid spirit of sound rivalry has resulted from the contest, but we feel nevertheless that the field has not been bred, that many interesting opportunities have been missed. There is one concrete popular which it would almost criminal to have overlooked, a contest in which every fraternity would be industriously interested—our rules to a Grand and Glorious Interfraternity Dog Fight.

In practically every fraternity, which a member of the Agreement, there is a he found some race of canines, bulldogs, collies, terriers, poodles, police dogs, hounds, sleepers, and coppers are only a few which go to make up the

Each fraternity in position that its respective pesky would be king of the campus and to our mind the order war can be definitely settled by having a fight to the finish.

The Stadium can be cut off, immediately after the turn, so as an area in which to allow the conflict the increasing time to be increased by the Forty to train its warrior.

This is the only way in which to definitely settle the question of eligibility. At the A.B.I., the Field and the University, people will be classified by the university, and the choice of the university, who is to win the contest will be the one who is. (In the event of a tie, the two to act as trainer and rubber.) The Santiago is, of course, the private privilege of the University, and the choice of the University, who is to win the contest will be the one who is. (In the event of a tie, the two to act as trainer and rubber.)

The Stadium can be cut off, immediately after the turn, so as an area in which to allow the conflict the increasing time to be increased by the Forty to train its warrior.

The same Organization behind Supplee-Wills-Jones Milk is behind Supplee Ice Cream. The same careful attention given to every bottle of Supplee-Wills-Jones Milk is given to every quart of Supplee Ice Cream.

The milk and cream used in the manufacture of Supplee Ice Cream come from the same sources—and are the same quality—as the milk and cream delivered to your door by Supplee-Wills-Jones. Supplee Ice Cream is manufactured in one of the cleanest and most modern Ice Cream plants in the United States. It is a balanced food product made under scientific supervision.

Our facilities, developed to supply so great a percentage of the city's milk requirements, enable us to make an ice cream which tastes as good and tests as rich and pure as any ice cream, anywhere.

Our reputation, won by the quality of our milk, forbids our using any but the purest and best in Supplee Ice Cream. These guarantee its goodness.

Philadelphia prizes its daily plate of good ice cream. We feel that we are not boasting when we say that Supplee Ice Cream is worthy of being classed among the city’s genuine assets.

Assets to the City

In the daily routine of life we sometimes hold least those things which mean most. For example, suppose some supernatural force could pick up Fairmount Park and remove it from the city's borders. What would that mean to the city's health and well-being? Fairmount Park is one of Philadelphia's greatest assets.

Supplee-Wills-Jones distribute their dairy products daily into a larger number of Philadelphia homes and institutions than any other one food-enter. What a contribution to the public welfare? What a responsibility to those hundreds of thousands who place their confidence in Gold Medal Milk and Supplee Ice Cream?

An Important Message to Men
From Strawbridge & Clothier

A larger number of men and young men depend upon this Clothing Store than upon any other. They have learned that our Clothing is right in style and quality and value. They get the greatest possible satisfaction for every dollar expended.

There's a combination of honest purpose, mercantile sense and productive genius in the Clothing we sell. There's good cloth of pure, long-staple wool in it. There's the skill of master designers in it. There's the good work and fine finish that experienced tailors only can put into it. But there is also the great buying power, the direct connections with sources of supply, the assembling of the great varieties and quantities that insure widest distribution and lowest cost.
