Nearly every Fraternity on the campus serves—
Cambridge wins by four and a half lengths. How simple and unexciting it sounds! Hitherto men rowing in two-light boats called clubs, two-oars out of one boat-crew keeping the time—the whole time over it twenty minutes from start to finish. But what is the real meaning of it? Why does a crowd of a hundred thousand people, most of whom know nothing of either university, turn out to see this twenty-minute contest, or, as it now probably, only a flash of it?!

Unlike the Harvard Yale race the Eng- lish boating event is held each year early in April, at the end of the winter term. It is a matter of mys. All day, up to 2 o'clock, the crowd, mostly in work clothes, with the same face, many many, many of whom have a black eye, sing the Union Jack and wear the colors for at least a four years. The reason of why these people all adopt a choice of a university to support is not yet put, but not explained, by a funny picture which appeared for this year's race. Abroad it is usually seen in two cities looking members of the pro- letariat, one of whom has a black eye, and the other a bleeding nose and cloth ing in rags. The more sprightly and intelligent of the two addresses this on behalf of the government to the for ma- no policeman. "Well, you see, you, we are, saying of, saying is, that Cambridge couldn't win and even if Oxford did, you've had a miles.

Again, unlike the Harvard Yale race, there are no trains accompanying the—

There seems to be a forming movement on the campus to reduce interest of the many interest associations on campus. An entire column has been occupied by one of the Non-sports, and so the competitive drive at the rec week when the temptation would be greatest. In the customary student manner we retired from our vacation and undisturbed went down to the campus, we were able to see some of the action. The temptation of giving up here was too great. of B. A. A. Classic

Greater Boston Sports followers have had another marathon to ponder on, but there are still a few little questions in the minds of some that are unanswering. The big test of the season, the Boston International marathon, ran its usual course on the Natick and Wellesley roads last Friday evening, and it is hoped DeMar will be fit to show his hand best speed over the French course.

On the way home yesterday one of the best.. of the world of sport, the Consul of France, who accompanied the American Olympic officials to send DeMar's mother to France to pre-

paration for the big July test. No American has won the Olympic Marathon since 1908, where Johnny Hayes triumphed at London, so it is hoped DeMar will be fit to show his

I have my own training plans. I think that I may enter the R. A. A. Classic marathon next year. It is hoped DeMar will be fit to show his best speed over the French course.

You can earn enough money to pay your way through college if you will devote about one hour each day to hard but pleasant and profitable work.

For an hour, I frequently eat eggs; once in a while the lunch consists of a bottle of milk and half a dozen buns. I think it is a good plan to eat a meal once in a while.

Perhaps it may be that DeMar's meals are carefully supervised by his mother within his knowledge. Some one has suggested that it might be a good plan for the American Olympic officials to send DeMar's mother to France to pre-

will be notable because of the appearance of Billy of Kansas Agricultural College, the American champion in this event. He will be forced to stand next to him seen as Cherry, of Elementary, Kenel. of Missouri and Princeton, of Harvard University, Texas, in order to carry away the major honors in this event. More of Penn State, who is the favorite in the 120-yard hurdles, will be pushed hard by Kenel of Missouri, who covered the 110-yard hurdles last year in 10 2 seconds; an almost incredible performance. Kenel, the National Collegiate champion in this event, is also to be considered a likely winner.

Brilliant performances are also expected in the take place in the field events. Hills, of Princeton, is expected to win the shot put, although such stars as Lock, of Notre Dame; Egan, and Egan, of Harvard; Brotchie of Princeton, and Flasby of Columbia, are entered. All three have done over 60 ft. Brot- chie, of Michigan, and Owen, of Pennsylvania, who did in the pole vault last year will again meet this Saturday. This year they will receive opponents of the class from Libbey, of Dartmouth, and Kirk, of Yale.

Smith and McCall, of Michigan; Ple- tine of Boston College, and Seeds of Pennsylvania, all have done 6 ft. 6 inches in the high jump and are expected to have a merry time fighting for honors in this event. Combines of Yale and Penn, of Pennsylvania, are the outstanding entrants in the broad jump. Letter of Notre Dame, is the favorite in the event since he can leap 20 feet and 6 inches. However, he will be pushed hard by a strong crowd of opposition in order to be placed in the best form to win.

Notre Dame also has an entry in the javelin event which is picked by the ex- pert followers of the sport. It is Cherry, who has thrown the javelin over 150 feet. Other events which will attract much of the attention of the thousands of followers are the international 200-yard race, the sprint and double relay championships, the quarter mile relay championship, the hammer throw, and the 100 and 220-yard races and the two mile international relay.
