**To the Luxury of a Private Tacht**

To South America

In planning a journey to South America, no consideration is more important than the vessel that is to be your home for the voyage of several weeks. The luxuries that you have pictured as part of the conventional private yacht are realized in the appointments of the famous "Santa" steamers. The cabins (all outside) are cozy and beautifully furnished, and your meals are a dainty feast. Everything contributes to make the voyage itself as pleasant an event as the days that await you in the South American wonderlands.

Regular fortnightly sailings to Peru and Chile through the Panama Canals. Opportunities for stopovers at all principal cities and to visit ancient Idaho ruins. Personally conducted or independent tours to Buenos Aires, Valparaiso, and Santiago.

Graduate Denounces
Recent Council Action
W. L. Marion Writes Letter Depicting Discontinuance of Cricket
As University Sport

LADS, "SPORTS FOR ALL" POLICY

That cricket should be reduced to its position at the top of the calendar of sports at the University of Pennsylvania due to the preventition of a protective letter petitioned by the Pennsylvania Gazette, the club's weekly magazine of the University. The writer, W. L. Marion, a member of the cricket team in both 1919 and 1920, as well as a member of the Junior Varsity crew in his senior year and a member of the University Council on Athletics the same year, tells the Council that "cricket is a harmless game, with its sports for all policy. It was announced yesterday that the Board of Directors of the General Almanac Society is also writing a communication to the manager on Athletics asking it to restore cricket. This sport was dropped at the May meeting of the Council, because with four other sports abandoned because of a lack of funds for their maintenance. The other sports dropped were tennis, which has never been taken over by the R.O.T.C., and squash and breath athletics."

Mr. Marion's letter follows:

I believe the University Council on Athletics recently junked certain sports as unimportant and uninteresting, among which was cricket. As a member of a Pennsylvania cricket team of recent years, I feel I can take my opportunity of protest against such action as a serious demerit to that little popularly cricket is found in this country, and entirely in variance with the "sports for all" policy recently adopted, by which we have here boasted.

"Philadelphia is the real home of cricket in this country. I know it was the first sport at our University. Have the players been always men at Pennsylvania who have played cricket? I do not believe so. Our cricket has become more of a college matter and we welcome the opportunity of playing cricket as in college. The spirit of business enterprise is a good one as the expenses of the cricket team have always been very small and certainly there are enough players who will pay to justify the little expense involved.

"Cricket is one of the best, clearest games to be played, as anyone who has played will testify, on the national sport in England enjoyed by thousands. It is as fine a culmination of true sportsmanship as any sport on the college campus of the most prominent college in the nation. But we have no cricket team here. If any cricket team has ever been formed before coming to college and we welcome the opportunity of playing cricket as in college. The spirit of business enterprise is a good one as the expenses of the cricket team have always been very small and certainly there are enough players who will pay to justify the little expense involved."

"Wrigley's is double value. Worth a pleasant it provides. Soured in its Fancy Package."

As usual, will come here for the current season.

POOR SPORTS

It sometimes happens, in these days of strenuous and intensive competition, that after the going has finished, we find ourselves in a situation where we must report to the police for having spent our time in useless activities. What a small thing, then, we are told, that we are forced to lend an ear to and act of how much energy goes into the manifestation of sport, as they perhaps it is relatively slight. The man who has the facility to hear (he tell him) is was an exercise of his entire body, and he it is probable to grumble about a defeat and sling mud at the outcome of the game. Possibly he was just trying to show how much easier it is to negotiate a quarter mile in a machine rather than in a pair of track shoes.

It means that some sort of a crash should by main-

**SIBLEY DONATION TO BE USED**

In a timely contribution to "The Lafayette Weekly," Mr. Sibley, a prominent educator and benefactor, has made a donation of $100 to be used for the purchase of new instruments for the Lafayette College band. This donation is the latest in a series of contributions that Mr. Sibley has made to the college, and it is expected to greatly enhance the musical program of the institution.

**EXTRA CURRICULUM DUTIES**

**TUESDAY, MAY 6, 1924**

The Extra Curricular Duties of the Lafayette College student body have been outlined in a recent issue of the Lafayette Weekly. These duties include participation in a variety of activities, such as extracurricular clubs, sports teams, and community service projects. The college has a strong commitment to extracurricular activities, which are seen as an essential part of the college experience.

**ROBERSTON GROOMS MEN FOR CORNELL CLASSIC**

The men of Cornell are being groomed for the Cornell Classic, which is set to take place in the near future. The men are training hard in preparation for this prestigious event, which is a test of their fitness and athletic ability.

**FORMIDABLE IN FIELD EVENTS**

Encouraged by the results of last week's triangular meet with Yale and Dartmouth, Coach Robertson yesterday made his choices for the tourney of four intensive workouts in the preparation for this year's track and field classic with Cornell. The team was chosen on the basis of a New Haven trip and every member of the squad at its excellent physical condition, ready to do his utmost in the tourney.

The team as a whole showed a decided improvement on Saturday over their showing in the Yale Carnival the previous week. Captain Rose contributed a jump of 20 feet 5 1/2 inches, the longest he has ever made and incidentally the longest that has ever been made on the Yale field. He was able to equal the best in the bloom of the month before he would have returned on earlywarning victory in this event because the winter lamp in the Cornell only measured 25 feet 10 inches.
