For Young Men
There is nothing like a STETSON

MOST young men today know the importance of looking fit. Good appearance counts much in the game of life. The young man who dresses with taste has a decided advantage.

But— it is surprising how little thought the average man gives to his hat. It is his crown, yet he seems to stop dressing at the neck.

Be careful in your selection of your headwear. When you buy a hat, select a Stetson. Its style is right, its quality means long wear.

Track practice and events inevitably produce many bruises, scratches and cuts. An application of Mifflin Alkohol will bring speedy relief. The alcohol is a splendid antiseptic; bleeding is stopped almost at once, the sore spots are cleansed efficiently and thoroughly; the rapid evaporation of the alcohol brings soothing, cooling comfort; gentle massage of the bruise provides quick, pleasant relief.

And Mifflin Alkohol has a dozen other daily uses, too!

After bathing, a Mifflin rub-down is cooling and invigorating.

After exercise, Mifflin Alkohol relieves tired muscles and many "sore-spots."

Mifflin Alkohol is denatured by a formula which actually improves its external use.

College teams and many other athletic organizations use Mifflin Alkohol regularly. Be sure you get MIFFLIN— in the handy-grip one- pint bottles as illustrated.

Grecian Bears Have Defeated First Three Opponents— Coach Anderson Has Few Veterans

WESTERNERS BELOW STANDARD

By an announcement with the Daily Californian, student newspaper of the University of California, the Pennsylvanian will publish, after today, articles every Friday of the football season. The University is a California football team, its prospects, progress and accounts of each individual play. These stories, which will be written by members of the Daily Californian staff, will be written the week of the preceding game and sent out by airplane mail.

It is our aim to write during the fall, other information concerning the team and their veterans on the Olympic Club will appear on this page every week until after the last game and until the Pacific Coast Conference season.

Student who is also being taken as a strong contender for the Conference title got in serious difficulties when he was the only California football player in the entire Union of its five games, and as a climax to the preliminary season will play the strong Olympic Club eleven chosen today in the California Memorial Stadium. With few reserves to call upon, Anderson is a strong team and many "sore-spots.

In games the performances of the varsity for the season have shown that they are the Olympic Club eleven would be hard to beat, even their in condition, but they are not, a fact which gives the theory that the team has gained.

Coach Ade Smith has had on each of this team to make the average player a great manager, but his greatest problem was to build an entirely new back field, which was a tall task in itself, considering the weather at hand. This has accomplished this, his victories to the lineup made it necessary to excel not practically a new team. In the last two games the ever-constant Smith has shown only streaks of ability but success in all three made in the big improvement.

With Wall Run, a tower of running is a grand, out for the rest of the season as a result of an injury for appendicitis, and Lewis, another outstanding athlete, also at the same time. Two map has been left in the back line which are going to be hard to fill. At present, however, Nicolstein, Nordendorf, and Cooper have appear themselves to be able and willing performers, but as yet they have failed to display the power of their predecessors.

Smith has also been presented with further difficulties in finding the right men for the end positions. For this season his two reserves of last year, the war, has taken down their injured legs and entering the last two games has been displayed by his brother, Lewis McGill, who is a substitute player in the back line who is quite valuable in the back line team and still has not been able to fill. Come Out and Root for Logan
The football spirit is offering very poor returns for the season this year. Now it is true that the balcony area already has and probably already around the campus respectively the football area to "Frick, Peer" or some other valley. The East End Club isn't holding so many true either. Looks like a bad win for the editor of this opinion.

You'll remember that we called your attention to the number of serious accidents in Philadelphia recently. It seems our hearts are well grounded as another is reported today. "John Rossell in Harris, Blowin' Out Brains"—a headline in one of the newspapers.

We actually saw a man break through the lines established by the politicians around the Union Club yesterday. Shortly after he was called to the top of the monument, part of the latter, amount of all involved, would make it that the rule was valid. The Council will have to make some change on the matter.

Some scandal also has been whispered around already about the election. One of the prominent politicians who is also a member of the Walter Polk team was reported to be election voting within ten feet of the polls, which we understand is violation of the Undergraduate constitution's stipulation in that the distance should be measured from the feet, in which case he was not within twelve feet any of the polls. A political opponent claims that the distance should be taken from the nose, part of the monument. The latter answer, if all involved, would make it that the rule was valid. The Council will have to make some change on the matter.

Another more serious charge against the same man was that he presented 'Pickle Percy', or some similar slogan as a campaign battle cry leading to the presentation of these candidates at the polls, may result in the whole election being thrown out.

Recently the N. Y. Giants played a game of football against the New York Signal team, which was particularly significant. The signal was that the real reason the New York team played was to send the New York team for possible material in the future. Those who saw the game state that there was ample reason of making accommodations if the图文参考的文本与该问题无关。

The line is much stronger than the

strongest this year. Even the Pennsylvania

Schmittack, at center, is a sure

run guard who transferred to the pitch

position this fall and according to all

appearances is one of the best plays in the

East this year. He is backed by

Dolph and Wiberg, two husky guards,

Girls, Such An Opportunity Comes But Once—

Margie had a couple of nice House Dance invitations for after today's game. But she held out too long.

Her feverish little mind could think of only one person—Flitz '26.

"Surely he will ask me," she thought. But no! Flitz has followed his habit of scattering honors among his friends.

So Margie will not be with us at Flitz Fraternity tonight.

But Flitz will be there—in an absolutely correct Tuxedo—a jacket with broad shoulders and short easy loops, lapels being long and faced with dull-finish silk instead of ordinary satin.
