The Strategy of the Campaign was the topic of the speech made by the Hon. Roland N. Morris before the University Forum last night in Wheatley Hall. Mr. Morris, a former member of the House of Representatives, makes his last of three speeches made by representatives of the Democratic party of Pennsylvania for the past few weeks.

"The Republican party," said Mr. Morris, "is making a great effort to prevent the election of a man who has a record of having been an official, is a man of business, is a man of great ability, and is a man who is going to be a great asset to the country.

The way you like your hair best—
you can keep it so!

Perhaps you part your hair to the side. Perhaps in the middle. Perhaps you comb it straight back.

How long do you stay the way you like it best?

Before Stacomb was introduced, men tried countless methods to make their hair look healthy and attractive. They used powders, which only masked the fact and made it sticky to the point, where it had to be washed at least once a week. Stacomb makes it so easy to part and then leave it in its place all day. And keep it in its place all day with a fresh new fragrance that is sure to please anyone! Stacomb is available at your local barber shop. It’s a God-send for busy men!
