Sensible Days

The influence of college opinion is seen in the new sensible styles in clothes and shoes.

Friskish square-jawed shoes, particularly, have gone by the board—replaced by both sophs and freshmen, and the natural hair at large has followed suit. Now campus opinion unhesitatingly favors the stout, all-leather shoes of the spirit of borg type, made with heavy leather soles and broad, flat leather heels.

Styles that emphasize the smartsness of well-made, Engr-accounts.

The trend towards all-leather shoes makes a return to sensible days.

Nothing takes the place of LEATHER

Leather in shoes, with millions of tiny mold-like air spaces which breathe and vivifies every step. This allows the foot to breathe and dilates to expand. Air is also a remanufacture of breath, hence leather shoes last longer in summer and winter alike. The reverse is true with sneakers, as they are transpiration. Leather is water-ready. It takes many days for water to penetrate sole leather.

Three Outstanding Men Chosen by Board of Trustees as Candidates to Fill Present Vacancy

400 Votes Required to Elect

To fill the vacancy on the Board of Trustees caused by the death of Dr. Robert C. Latrobe, the Board of Directors of the General Alumni Society has started to seek suitable candidates to fill the entire alumni boşt. The Board of Trustees has selected three men from a list of six nominated by the Board of Directors to the General Alumni Society: Dr. George E. de Revere, Jr., M.D., of Philadelphia; Phillips L. Fox, Southbridge, of Baltimore, and W. W. Ogle, M.D., of Boston. The men selected will not run for the board of three years standing. and must be returned within the month. A minimum of ten votes are required for election. Dr. Norman Barry, President of Harvard and Alumni Society, was one of the candidates nominated to fill the position: The three candidates are among Pennsylvania's most distinguished graduates. For an alumni member he received the education at Moravian College, where he was graduated in 1909. He took his medical degree from Pennsylvania in 1914 and was honored with the degree of Doctor of Laws in 1914. He was first honorary in his medical class. Almost continually from the time of his graduation he has been connected with the medical school of the University. He is one of the country's distinguished ophthalmologists. Among his patients was President Warren G. Harding. He has written extensively on the eye, and his book is widely read as a textbook.

Colonel Hugh Ogden is one of Boston's foremost attorneys. He is very active in alumni affairs. In August, 1917, Colonel Ogden was commissioned a Major in the 108th Division and served with the 25th Division as Assistant Judge Advocate, and was promoted to the rank of Lieutenant Colonel. From 1918 to 1923 he served this country, and the country, he received the Distinguished Service Medal. More recently he has been made an officer of the Legion of Honor, France. Dr. Ogden was commissioned in a regiment of the Connecticut Guard in 1914. He received the degree of Doctor of Laws from Pennsylvania in 1915. He has a distinguished position in the alumni body. In addition to being a member of the Alumni Society, he has been a member of the Legal Class of 1914. He was graduated from the University in 1914, and was assistant professor of law at the University of Pennsylvania. He is desirous of being more interested in the University.

LAFAYETTE JUGGERNAUT HAS SPOTLESS RECORD

Many Powerful Eastern Elephants Have Fallen Before Varsity Attack of Maroon Gridiron

HAVE HEAVY SET OF FORWARDS

Baring down a clear horizon, a dark maroon cloud descends the clear sky of Pennsylvania's gridiron hopes. This cloud, in the shape of eleven well-trained Lafayette gridironers, will invade Franklin Field this Saturday in a battle that will to all appearances at the present time, decide the Eastern football championship. Each team to date has a clear record, both having defeated formidable opponents, but in this respect the team from Hanover has a shining object over the Red and Blue.

Not in years past of any team has such a strong eleven represented Lafayette, but it must be remembered that with a few exceptions the same Maroon team played a hard fought contest and only emerged on the long end of the scores by an 8 to 6 margin so that with the added muscle strength that the Red and Blue has achieved this season the outlook is not to expect the battle to be one of the closest ever seen on Franklin Field. This once during the present season has the Lafayette and the West Louisian and Harvard Saturday at the Polo Grounds when the Washingtonians were defeated.

The simple fact that the Lafayette team is the only team that annually gives Lafayette a hard battle, and the clear sky of Hanover, win and even the strong Franklin eleven was forced to bow before the superior ability of the Lafayette team.

The hope of taking the mythical East pennant of the East over holds them that will make this team from Hanover one of the hardest propositions of the year for the Red and Blue. This season, like the Pennsylvania forwards, had to be completely cracked this year so that it is going to be a question of an unbreakable body meeting an irresistible force.

The Sports in the game are manifested by the fact that when the records were made public neither side will either the North or the South will win in the West. All Easton fans migrating to Philadelphia on Saturday to support their team has taken virtually every seat in the North stand, thus lack of vocal encouragement will be an up or down affair the Lafayette gridironers, to be speeded forward.

Coach McCracken let his players play a day off on Monday but yesterday showed them hard, stressing the defensive tactics that will be used against Pennsylvania. The offense which has swapped all of its stars this year is working so smoothly that the Maroon mentor will do little more than polish it up this week.

The landscape gardener who designed the obstacle race course on the north side of Logan Hall certainly was a genius. He has made passing the ladder necessary to take on the open field and do his high and low duties over the building blocks and walkways. It takes a good man to do his class in lines without knocking over all of the hurdles and getting crippled.

We suppose the biggest question mark on the front of the P.R.T. trolley cars is the prospect of tickets to sell. Students have always been successful and we advise readers not to get disappointed until we get our report for this year.

The report that Junior Prom tickets are selling for ten dollars has caused consternation among the students. We shall devote considerable time in the next few days to working out a plan for grading the gate at the affair. Our plans of previous years have always been successful and we advise readers not to get disappointed until we get our report for this year.

The Pennsylvania football squad leaves for New York to day to start preparations for the game against Carnegie Tech. The enthusiastic condition with the Lafayette players on Saturday afternoon.

In order to keep the players in the best mental condition for the game, the first part of the game will be held over.

The planning is so that the game in the gymnasium on the first floor of the building will be held.

The team will be coming up and the football apparatus is being some effort to join the end at this time. They cannot be expected in good time. The team then will be changed and head towards the gymnasium on the first floor of the building.
