NEWMAN CLUB HOLDS BUSINESS MEETING

Arrangements to be Made for the Reception of Cardinal Dougherty on Nov. 26

Members of the executive board of the Newman Club will meet tonight at the

chateaux, 1214 Spruce Street. The most

important subject to be discussed at the meeting is that of the membership

drive now under way. Arthur A. Miller, '26 B.C., who is in charge of the drive,

will report at the meeting. Mr. Miller and the other members of the commit-

tee are covering the classes, beginning with the Freshman drive which started

last week.

Plans will also be made for the reception of Cardinal Dougherty, mass of this diocese, who is coming to the University

this December to address the students of the Catholic Church.

The reception will be held Monday, November 26, in the Newman Club.

The reception will be held before the students of the club November 26

will also be followed by a meeting at the Newman Club.

Many of the students attended the tea and dance which seemed from all account to be very successful.

The regular Thursday meeting, which was omitted last week on account of the

weather, will be held as usual. An open business meeting will be held before

the dance, at which time the members will be allowed to give any suggestions

for the reception of the Bishop. A dance will start at 8 o'clock and the

class will be over by 12 o'clock when refreshments will be served.

Hold Tryouts For Aquatic Candidates

Weekly Meets Staged by Coach Kiesler as Means of Selecting Team

At the sound of a siren of meets held in the Wright & Mich. pool last Thurs-

day afternoon candidates for the University swimming team were given the op-

portunity to demonstrate their aquatic ability. Coach Kiesler has decided upon

three weekly competitions as the fastest and most effective way of choosing Penn-

University's swimming representations.

Heads seven times this season and one of the squad and candidates for the team are required to partic-

ipate in these try-outs, in order that a judi-

tious choice may be made. Whenever any one is unable to report he may be

excused, and the candidate who will be selected will be announced prior to the

following competition.

The results of Thursday's meet are as follows:

The Pennsylvanian has long been noted for its coaching. This is the winning team, and the traditional cheerers who are accompanying those of the other orders. The players, however, who always remain outside, make it possible for the boys to stand out of the best coaching in the country. We have to stand the same thing.

The Pennsylvanian has not been surprised by the decision of the executive committee. The Athletic Council, which has come to our stadium on Thanksgiving Day with few hours of rest, has vetoed our outside positions. Already, by witnesses, external and internal, the big field team does not fit in as a football team. For it is not.

In the big field team, however, the Council has never had a team without its Pennsylvanian. If we can maintain a decently founded to the outside positions, and the big field team should not act as a danger to our hope and our future, it should stand up to the test. Let us not be discouraged. It should be our purpose to he the basis of our team's success, by a definite score in the columnar game of a successful season.

A DECIDED IMPOSITION

DICK CRAWLEY, ARMS—FOOTBALL TRAINING

THOMAS STARTS AGAINST CORNELL

"There isn't anything like—using the
surrounding air to make a man in good physical condition," said Clark Craig, after running over both "Red" Granges and his summer business. "I want him to
play when I was a student at high school in Sharon, and I haven't missed a game since that time.

"From the time I started at Pennsyl
vania, I have sold for every season. It is wonderful for the back and arm muscles to
have the heavy tackle out of the way, and it sure does help the wind to blow freely through the back of the house with a rack on the back.

"On the other hand, a football
season has been one of the brightest spots of Pennsyl
vania life, and a short spell during the summer months, such as Carl has, will enable him to maintain
his high level of work and keep up his fitness.

Preventing to this season Craig, who is a center played in the Pennsylvania back field. Lee and arm injuries prevented him from playing the center back field last season, Young decided to convert Craig into a wing, since the first game he has saved me on my left side of the first back field, particularly on the defense, that he has had the position ever since. The excellent end as Thayer and Siner, the Pittsburghalis provide.

In the Virginia game Craig suffered a back strain, and the Oklahoma was back at his old post against Lafayette. As the Quakersmen zing, a few minutes after the fourth quarte
r came, Craig was unable to play, and Craig was unable to play, for the games which Craig had to leave the team. We participated in the same manner Penn State without using a man. It may be a surprise.

Craig and the Varsity regulars will be given a rest in Monday after the next game with Penn State. On Tuesday active work, with players of prominence, will start the ball rolling for Cornell the last game before the December holidays. End Thomas, the quarterback, who was injured in the Lafayette game, will be available to Wednesday, according to Dr. Farber.

Cornell has been the cheered in the last three academic years on a big team in 1921, and winning, 9 to 3, and 11 to 7, in 1922 and winning, 19 to 13, in 1923, and Cornell has a score of two years Pennsylvania back field has had the two most games of the thirty games played, nothing in it a tie.

PROLIFIC SCIENTISTS GIVE PUBLIC LECTURES

Frank Van Kleeon, of Brussels, to Speak at University of Pennsylvania Political History.

ARRANGE WEEKLY LECTURES

During the coming winter the University has arranged for a number of eminent scientists of worldwide repute to deliver a series of special public lectures at the University. Among them is Professor Franz van Kleeon of Brussels, who will speak on November 16th, at 8 p.m., in Houston Hall on "Belgium Political History."

The second and famous lecture, Charles de Vallois-Petit, will give a series of two lectures in French on December 1st and 11th on "Les fonctions d'ensemble de l'evolution" and "Exclusivité des fonctions de variables réels de O. functions quasi analytiques." De Vallois-Petit is one of the most distinguished mathematicians in the world, a member of several academies and author of numerous works and publications on both natural and social items. He has also won many scientific prizes, and has been honored by a number of foreign academies and institutions. His work has been written on, and has been translated into several languages.
