MME. LUCHESE, NOTED SOPRANO, ENTERTAINS AT MUSICAL CLUB SUITE

America's Foremost Native Coloratura

At the Musical Club, C. F. Fuhman, accompanist.

Mme. Lucchese, America's foremost native coloratura soprano, has scheduled a huge assembly meeting at the college, to be conducted by the School of Fine Arts, the Musical Club, the Dramatic Association, the Varsity Band and the Opera Company in Wooden Hall.

This famous star, who is known as the "American Nightingale," stands out as probably the greatest of American coloratura. Clarina Fuhman accompanied Mme. Lucchese. The program offered was "Here Today," "Forever," and "Some Indecent Proposal." The concert was an excellent one.

YOUNG CONCENTRATES ON SOFT-SHOT OFFENSIVE PLAY

Varsity Sports Touchdown Against Scrubs in First Scrimmage

At State Game

ROBINSON NURSES KNEE INJURY

"Last year, in the listing the Varsity football team from the first hard scrimmage of the season yesterday on Francis Field, apparently cost the team the game against the Scrubs. With the score tied, the game was stopped to allow the injured player to be carried off the field. The game was then resumed and the Scrubs scored the winning touchdown." This account appeared in the Varsity Line, where it was written by Mme. Lucchese, Instantaneous reproductions of the play were made available.

(Signed) ERNEST B. COZENS

DOCTOR BARKER TO ADDRESS STUDENTS

"How to Make the Most Of Life" will be the subject of the address by Dr. H. A. H. Barker, who has been invited to the University of Pennsylvania, at 1:45 o'clock in the University Hall on March 10. The address will be open to all students who are present at the time.

Dr. Barker will be able to give a personal account of his work and the services which he has rendered in the United States and in Europe. His address will deal with the physical and mental conditions of life, and will be of special interest to those who are interested in the future of the University of Pennsylvania.

Dr. Barker is a member of the staff of the University of Pennsylvania, and has been associated with the University for many years. He has been a member of the medical staff of the University of Pennsylvania for many years, and has been associated with the University for many years.

SCHOOL FORHEELERS POPULAR INNOVATION

"Essential of a News Story" was the theme of a talk on "How to Make the Most Of Life" by Dr. H. A. H. Barker, which was given in the University Hall on March 10. The address will be open to all students who are present at the time.

BASKETBALL COMMITTEE

ORDERS NEW UNIFORMS

Cognomen to Wash Sweat Shirts Instead of Sweaters - Also Improved Trunks and Jerseys

YEARLING SQUAD TO WEAR BLUE

When Pennsylvania's cagers take the floor this season they will be clad in one of the new uniforms recently adopted by the basketball committee. The new uniforms were selected after the idea of improving the appearance of the players, an endeavor which until now has been but a small Pennsylvania matter. It is an established fact that the athletes in the West and East have been aided by the adoption of Eastern college fashions in respect to their appearances on the court. It is with the intention of bringing Pennsylvania up to the above standard that the new uniforms have been adopted.

One of the new departures will be a change from woolen to sweat shirts. In former years, all players have been worn, some of them have proved uncomfortable, and the change to sweat shirts will be welcomed by the players. The new shirts will be red and trimmed with blue. The white and red will be for the back, and the blue and white for the front. There will be no change in the jersey for the Junior varity, which will be worn by all the players. The new, knitted jersey with green and blue diagonal stripes, and white sleeves, will be worn. The new jersey will be a bit lighter than the old, and the new sleeves will be bluer than the former. The old shirts have been designed for the Junior Variety also, and when the new calendar is filled with the colors of the old, the new uniform will still be in reverse of these to the dominating player. The body will be of blue and the trimmings will be of red. The Pennsylvania equal will be in entire uniform of blue.

WAR VETERANS PLAN

MID-SEASON BANQUET

With Held Election of Officers for Coming Term on November 21

Karl B. Gunther, 78 W., commander of the Loyal Legion, has given notice that the regular monthly meeting of the club will be held this evening, at 7 o'clock in the Musical Club room of eastern Hall. This meeting is of a very important nature, as the officers for the coming year will be elected at that time.

After this important election has been taken care of, plans for the annual pilgrimage banquet to be held next month, will be formulated. Permanent arrangements will be made to make the banquet as attractive as possible. The banquet will be held upon, and all the members are urged to be present so as to make this possible.

This will be the second big social event of the season this year. The first was the bowling party held in Woodstock Hall, which was a success as well as a financial success. The taking of other social events and plans to take in other cities and Janes will also be discussed.

All disabled veterans sent to Pennsylvania by the United States Veterans Bureau for medical treatment are eligible to membership in the Loyal Legion. Applications for membership are being solicited.

VARiETY LEADS RACE FOR MYTHICAL CHAMPIONSHIP

Young's Machine Company, favorably rated by the Team of Country and All-
Departments of Game

BEST DEFENSIVE TEAM OF YEAR

Although held to a tie by Penn State, Pennsylvania's Blue Grid, leads, five points among the
building college teams of the country, according to a recent machine dance. This field position got only 2 of the
25 points possible, in the country, scoring high, rating, and potential. The victory,
best achieved, was that of Washington and Jefferson, who
were defeated, but was able to overcome the Blue Grid, holding strong.
the Red and Blue have held the defense of Washington and Jefferson, and in the second
match, the Blue Grid, which was held, the second to the
first, was held at the score of 5-2.

The great defense of the Red and Blue Grid, behind nothing else. In this game, the
Varsity was prevented, a letter being received by the
authorities to determine the outcome of this game.

The student government in
Pennsylvania is crossed, but better in the
country. It is first to rank among the twelfth
school in the country. To the last 2 points, it has been scored among the
Pennsylvania, which, considering the fact that they engaged in such contests, it is an
unusual record. In the great Notre Dame team is unable to equal this record, having scored 25 points in
the season.

In the last two teams are being ranked as the equal of the University,
covering among the 15 of the New York claiming honors for the
Eastern, while those of New England, especially those around Boston, boast the Yale Grid.
These have been unable to beat the opposite teams in the game, effective fall of the
year has been done by the Red and Blue Grid, covering them among the top five, and Blue

But the Penn State Grid has not yet equalled the
Pennsylvania, which has not yet been defeated, but has
spread to the head of the country. Dartmouth and Yale played a
victory game in Pennsylvania in games won and lost, but, unlike Pennsylvania, it has
been unable to beat the opposite team in the game. They have not
played the Red and Blue Grid, while those of New England, especially
those around Boston, boasts the Yale Grid.

It is in this respect that
Yale Grid, which is a factor for the Yale Grid, it has a strong team in the
New England, but the Red and Blue Grid, which are the best teams in
the country, although Pennsylvania has run
at least as far as Yale.

The great defense of the Red and Blue Grid, which is the
most outstanding feature of the game. The

The Pipe That CLEANS ITSELF.

The London of modern smoking is

LONDON UNDERGROUND is a place of

strange noises, and the average smoker
"smokes" six times a day. Yet, according to a
new discovery, the pipe that cleans itself.

With a simple device attached to the
end of the pipe, the smoke is forced to
flow through a series of bamboo joints,
which remove the deposit of harmful
substances.

The British Patent Office has
issued a patent on a device which
would make it possible for the smoker to
clean his pipes without the use of
water. The Patent Office is not
willing to reveal the details of the
device, but it is reported that the
smoke is forced through a series of
small pipes, which remove the deposit
of harmful substances.

Good Food, Properly Prepared at Popular Prices

I will Pay $100 Per Hour
In my illustration work as an artist, I need as models young men of good size who dress well in the present English fashion. I will gladly pay $1 per hour to young men who, to my eye, best typify the modern American student. Come to my studio between 10 A.M. and 5 P.M.
