The Mask and Wag Skit Night

Preceding the intermission readings that will begin sometime towards the close of the hour, the group in performance at last early this year, the call of the Mask and Wag Club, with some work still to be done in the auditorium. The judicious choice of the best students and the final competition was held. For three hours the audience was entertained with a program that would rival the best presentations on the modern vaudeville stage. And then the Judges, all members of the Mask and Wag Club, awarded the prize to the men who had made the Mask and Wag work.

Skit "A Misunderstanding at the Hotel" is the title of the skit that is to be performed in the auditorium by the Mask and Wag Club.

We would like to extend our thanks to all those who have helped in the preparation of this skit.

SIR HENRY THORNTON A TOWNE SCHOOL GRADUATE

Director-General of Canadian Lines Was Star Quarterback on Varsity for Four Seasons WON VICTORIA CROSS IN WAR

Major General Henry Worth Thornton has the distinction perhaps of being the only Pennsylvania graduate to be knighted by an English king for services performed in the war. Mr. Thornton was graduated from the Towne Scientific School of the University in 1893, and became a lieutenant for the Pennsylvania Railroad Lines. He afterward went to Britain, and has more recently been appointed general chairman and president of the Canadian Railways. During his studentship and later career at Pennsylvania, Thornton was a member of the Phi Gamma Delta fraternity and was very active in all University affairs, being particularly interested in athletics. He played on the Varsity eleven at quarter-back for both 1903 and 1904, and in 1911 he played a stellar game when the Red and Blue eleven came the best to score on Yale in three years. All through the season at the end of the contest stood 14-6 to Yale's favor. It was generally agreed that it was the hardest fought game on the P-I's schedule that season. Thornton was also a player on the team of 1904, which has been described as one of the greatest to have been one of the greatest teams of all time. Yale was not on the schedule that season, but Harvard and Princeton corresponded to Red and Blue. After his graduation from the Towne Scientific School, Thornton became a reporter. After working for a short time in the Pennsylvania Line he was made sporting editor of the Long Island Railroad Lines. Next came his first work in the world of war he accepted the position of sports editor, chief reporter, and president of the Great Eastern Lines of England. From there he went to the Thomson Correspondence service in 1912, where he has remained ever since. At the close of the war he was knighted and appointed with a Victoria Cross for the services which he had performed in the governments' behalf in propaganda means set up to the front. In the period of peace that followed the Canadian Railroad was given to Thornton to the correspondence. This position he still holds, and he finds more than to any other part of his varied experiences of the Canadian transportation systems.

Do College Students Read Advertisements?
If you do surely you will read this one

One fine day a Sophomore from a leading University came to see us, suggesting that we advertise in their undergraduate paper, and best of all convinced us, and how this he did it:

First he believed in Life Insurance because he knew that under good business men, had advantage of his age. He knew he was young and good health, and thought on some line of work, he should take out much Life Insurance as his father had paid for theirs. He also knew he'd buy Insurance now, making up your mind to increase it in a way of the future, he should take out much Life Insurance as his father had paid for theirs.

No, did he do it:
