Graduates Battle Varsity Saturday
Former Luminaries Present Formidable Array of Football Talent

- Last Year’s Varsity team will go into action on Saturday against a powerful aggregation of football stars in the annual Pennsylvania-Alumni game on Franklin Field. The game will be played following the lively luncheon and meeting of the Varsity Club, which will take place at the Franklin House. A great number of graduates who were Varsity athletes in their undergraduate days will be present at the luncheon and game.

Last year’s Varsity-Alumni battle resulted in a 6-to-6 victory for the graduates, and this year the Red and Blue team will experience a great deal of difficulty in defeating them. Al Langlois, halfback on the 1922 team, and the other players who make up the Alumni team, will be in the starting line-up.

The Alumni will present a brilliant line-up of football stars. H. Miller, All-American in 1917 and 1919, will be a feature of the starting line-up. Left end Brodie Stephens will hold down the other wing position. Little, Georgetown coach and former Red and Blue star, will occupy a half-back post in the Alumni line-up. Al Langlois, half-back on the 1922 team, was expected to play for the Alumni team. The two side positions will be filled by Capt. Thomas and Vic Finch, both of the 1922 team.

METHODOIST STUDENTS
HOLD SECOND SOCIAL
Coming as the result of the Methodist student social, Calvary Methodist Episcopal Church, Forty-ninth Street and Baltimore Avenue, has arranged for a party this Friday evening at 8 o’clock. At the last meeting there were eighteen University men and women students present and helped to run off a very successful program. The committee in charge anticipates an even better and larger party tomorrow night.

Beside the Methodist undergraduates at the University, girls from Drew and from the Bennett house are invited. The University, Alpha Chi, Alpha Xi and the Young People’s Societies of the church are cooperating with the General Students, of the Graduate School, and their committee is making a program of interest and completeness. Although the program is a whole in itself, it will be the second of a number of socials, among which is an exhibition of tableaux, a very carefully prepared and interesting feature.

This social is part of the work of the Methodist examination of the Christian Association, which comes under the direction of Lloyd Price, Methodist secretary, Mr. Foster and Dr. Randolph, pastor of the church, combined in extending a very hearty invitation to the students and guests as many as can possibly be there to come out and get acquainted.

NOTICES
Success.—All managerial candidates for assigned tournament teams or regular field or locker duty report at office, at 11 o’clock this afternoon. Important.

Swimming.—There will be no weekly exhibitions at the pool. Watch this column for further notices. Practice as usual.

Certainly! Milk Is Better When It Is

"FRESHER BY A DAY"

Milk is a perishable product. The fresher it is the better it must be. Of course, the better the quality, the better is the price. Yes, and more wholesome, too, for fresh milk is naturally rich in vitamins.

That is the big health building reason why you should always drink the Scott-Powell "A" Milk—pure, wholesome and chilled.

Fads Don't Survive

The college man is not a faddist in the matter of footwear, but he is considered a faddist by anyone who is not a college man. It was a fad and it could not survive. Leather is water-resisting. It was the leather heels—which college men were the first to adopt. It became national fashions. The college man is not a faddist in the matter of shoes, but he is considered a faddist by anyone who is not a college man. It was a fad and it could not survive.

Nothing takes the place of LEATHER

Leather isfds when rubbed with substances of any kind that are apt to chemically alter it. The best way to take care of it is to dust it with powdered sugar and to rub it with a soft cloth. It is also a non-conductor of heat, hence leather suits are more in favor than ever before. The reason is that it is strong and it can't be damaged by substances, as they are non-poisonous. Leather is water-resisting. It takes away dirt for ease to preserve suit leather.
