1928 SPURS AND AGAIN LEADS IN ENDOWMENT DRIVE

Football influence of Freshman Meeting

Aortor in the Freshman Meeting was $20,000.

JUNIORS TRAILING IN LAST PLACE

Disperse Encouraging Returns From Freshman Men; Upper Classes Still Lag Behind

Subscriptions to the Endowment drive which were on the agenda of the meeting in last night's meeting, show that the Freshman class is in the lead with the largest number of subscriptions. The Blue and gold, however, have the advantage that they have raised the largest amount of money. The Freshman class has been well placed in every event of the meeting, and the meeting was a great success.

Basket Tossers Ready for Lafayette Quintet

Coach McKeever sends Varsity Through Long Session at Fine Practice Session

LINE UP IS STILL UNCERTAIN

Final preparations for the Lafayette games were completed with a final session of practice yesterday. The final session of practice included the driving of the entire squad in the last light, and the Red and Blue in the gymnasium for the final work out. The games will be played in the preliminary and the junior varsity on Friday evening and the varsity on Saturday afternoon.

Sophomore Smoker To Be Held Monday

Fred Harmon Heads Committee in Charge of Completing Arrangements

Plays are already under way for the Sophomore Smoker which will be held in the gymnasium this week. The committee heads for the Sophomore Smoker are Fred Harmon, president; George M. Anderson, vice-president; John L. T. Bruce, treasurer; and John B. C. Wolfe, secretary. The committee will have charge of all the entertainment and the sale of tickets. The Sophomore Smoker was first held last year and it is expected to be a great success.

THIRTEEN VOLUNTARY PLEDGES REPORTED

Thirteen voluntary subscriptions have been received according to the plan of the Endowment Committee. In this plan, the committee must secure a number of names each of which will contribute $5.00, or $25.00, or $50.00. The amount secured in this manner will be used to defray the expenses of the trip to Rome, as well as to insure the success of the program.

MERRICK AN HONORARY MEMBER

Seven representatives of the Kite and Key Society will be present at the Eastman College, Poughkeepsie, N. Y., during which time they will present a pledge for the next term.

FRIENDLY THOUSANDS

One dark night, just a decade ago, the first of three
British troupes to cross these shores were
launched on the continent. Ian Hay, in his vivid
style, describes theท thousands of idealistic
wavers who wrenched
the security out of
the British Army. The
subject of supreme
decision for the British
nation and the
immortal future of the
nation. Hay had
arrived, having
converted the
British Army.

In the face of
adversity, the
British Army
under the
leadership of
Winston Churchill,
played a decisive role
in the outcome of
the War. Hay, in his
vivid style, describes
the
British Army.

PENN AND INK

You don't need whiskers to play Santa Claus in your University. All you need is five dollars.

And if you don't think the University is in need of an Endowment Drive, take a look at the subscriptions and receipts all around the campus.

We hope Santa Claus brings the executive engi-
nner a lot of bricks and mortar so that he can finish up all of the old electrical work.

Some fellows have started to wear whiskers so that when Christmas comes they will have something to be sorry for having put up so much hair.

The boys who are going to stay around here for the holidays had better not let too much on Santa Claus come around. Last year six in requested to have had a very unpleasant experience with a figure which jumped at him out of the dark with the question, "Not any old clothes to sell?"

One of the pleasantries, that is making classes in work

in the postoffice nearly an unlimited amount of

and in the halls, is the fact that the boy who usually

sent the letter for the boys to sign up and was nearly surrounded by the mail bags.

Warren February Serves

Good effort, indeed, for a campaign which

has been planned to aid in raising the

11,000,000 for the Mask and Wig Club. We sincere-

ly hope that the smoker tonight

will pick up some Christmas money if he can find anybody with any money left.

It was on April 21, 1910, that advertisements billboards were

first known to be in existence. One of the skits

must have been the disappointment of the

university, who came expecting to entertain, to

see the masks and wig. The production committee

sincerely hopes that the smoker tonight, and the project,

will meet the approval of the student body without

it having a son of its own to entertain.

At first it was a good idea for the steam roller man

to develop means for supplying enormous college demand.

This ought to be a good way

for the steam roller man's wife.

With a few women on the jury that is to hear his case, Mr. McGiby is practically sure of being acquitted. At least, one of them must have been his wife at one time.

According to an article in the campus paper it appears that "Mr. Cuthbert is ambitious to be a ball player." But the main idea was to have him take hold on the Ferris wheel.

If all of the cross-word puzzles started at the University during the week of December 18th were placed end to end, they would extend from Ferris Street station to West Marginal Way.

If all of the cross-word puzzles left unpublished at the Univer-
sity during the week of December 18th were put end to end they would extend from Broad Street Station to West Marginal Way.

KITE AND KEY TROUPE
Kite-Make Weekend Trip
Continued from Page One

We welcome the presence of the Kite-Make Weekend Trip, under the leadership of Dr. Robert W. Kite, who will be in charge of the Kite-Make Weekend Trip for the first time of its kind.

At a recent meeting of the society, Dr. Robert W. Kite, president, made a special address to the members of the organization, in which he urged the members to support the society and its activities. The society has a membership of about 1,000, and the meeting was attended by many of its members.

The meeting was opened by the president, who welcomed the members to the meeting and expressed his appreciation of their continued support of the society. He then introduced the various officers of the society, who gave an account of the activities of the society during the past year.

A special feature of the meeting was the presentation of the Kite-Make Weekend Trip, which was organized by Dr. Robert W. Kite. The trip was designed to provide an opportunity for members of the society to engage in outdoor activities and to promote the appreciation of the beauties of nature.

The members of the society were invited to participate in the activities of the trip, which included kite-flying, hiking, camping, and other outdoor activities.

The morning of the trip was spent in kite-flying, and the afternoon was devoted to hiking and camping. The members of the society were pleased with the opportunity to participate in these activities and to enjoy the beauty of nature.

In the evening, a special dinner was served to the members of the society, and the evening was concluded with a dance.

The members of the society were pleased with the success of the Kite-Make Weekend Trip and expressed their appreciation of the efforts of Dr. Robert W. Kite and the other officers of the society to promote the appreciation of the beauties of nature.
