Despite these hardships, we feel confident that the team will uphold the reputation of those famous basketball teams of a few years ago and that with all the more now that the opposition grew stronger. It was not without struggle that these formed basketball championships in Pennsylvania. Yet we feel that the present five will duplicate those feats of recent past and give not less.

A victory over Columbia gives us the opportunity to throw off any obstacle to the realization of such a hope.

Well, this seems more like the usual Philadelphia weather. It is unfortunate that we should have had such a cold rain just at this time of the year. Though it is no work to push out the damp Freshmen visiting the fraternity rooms.

Some of the Freshmen seem quite perturbed at the rule of the interfraternity Council that they are not responsible for what they say to the fraternities. They think that remark is entirely uncalled for.

A CRACK TURNED IN THE FIRST REPORT

Well follows, I certainly shall be glad to write up this first news Rushing season for the rulers of the Pennsylvania account I think it should be done by someone thoroughly familiar with the situation. I got back kind of late for the second term and account I had an "F" on it, or, if I was that, on a couple of E's, and I was bothered with the textbook details of going interferences to none of my professors and other members of the student body. However, I forgot out these grades in my usual light and airy manner and told them as how I had brothers name Chadwyck as Sperry a correct they tell me I did.

Well follows, I went up to the S. O. L. house and maybe I didn't get a good reply. I walked in at a course on account of knowing the boys so well as they was taking my coat when one of the boys says my but you are all wet, as I laughed in my usual hearty manner as it had been raining outside as he probably thought that a good crack.

We at dinner which was pretty late start but all the brothers seemed much dissatisfied with it remarking my but the cook is serving poor stew lately as maybe we will have to fine him as get the head self from the title. After ward I was sitting around the fireplace as the brothers remarked why does it smoke so as we have had a fire in the fireplace every night for three years now as it never smoked before, as it all a good one as I say maybe it is because we know to be unsaid. They all exclaimed loudly but passed it off as my own think thinking of it a manner.

Right after I pulled another good one as I say- maybe it is because I have my kind of cigarettes there on a brother says there certain cigar but why do you ask. An I that they would be Russian cigarettes about account this being Rushing season.

They kept me there until around eleven when all of the other fresh had gone as. I thought they say I would try on so me up but they fairly shut there mums. A lot of brothers in the next room made a lot of noise and one of these against yelling meeting meeting but that didn't bother me a whole lot but interfered with my telling some jokes. Finally it was going to be one of the brothers says to go to so more better to me already and so didn't another boy to passify them as we seem to fear a trial they will love me.

More later.

CRACK APPL.

Whatever else may be talked against the Penn men they certainly can't be accused of not keeping up to date. Yesterday another student explained to the proof that he was late because he was down taking a little exercise in the other lab and didn't notice how the time was passing.

The Drama Cup is the opinion of that joke. Ray hasn't the opinion grew stronger and the opposition grew stronger. It was not without struggle that these formed basketball championships in Pennsylvania. Yet we feel that the present five will duplicate those feats of recent past and give not less.
