FRESHMEN TRIUMPH OVER SOPHOMORES IN POSTER FIGHT

Tickets for Mask and Wig University Night Go on Sale March 31

Undergraduates Given Choice of Seats For Mask and Wig Performance

ENGLISH NOBLEMAN INVITED TO COMPETE IN RELAY GAMES

For the first time in the history of the University of Pennsylvania student body will participate. Lord Burgoyne, Count of Chesterfield, England has been invited to compete in the Mask and Wig races against Moors, of Penn State, Interfraternity, downtown Philadelphia, Pennsylvania, and the cream of America's top relations in the Relay Carnival.

Lord Burgoyne has a record of 12.55 seconds over the quarter mile hurdles, good enough time to make him a serious contender for first place, according to Cas R. Lawton Robertson. In addition to Lord Burgoyne, the competition will be between the Mask and Wig relays, the Mask and Wig, and the Cream of America, as well as the Interfraternity and downtown Philadelphia.

VICTORIAN TEAMS TO MEET TOMORROW AFTERNOON

Tickets for the "University Night" relay games will be sold at the Mask and Wig office on the basement between Alberta and Christian, in the West Hall March 27 and 28.

Top Coats

THE fault in much advertising is that it overstates its case. People do not believe in exaggerated statements and, therefore, believe in us.

So when we say that we have the choicest assortment of new models, new fabrics, new colorings in Spring Top Coats the public will accept our word for it.

If there are any "doubting Thomases" we stand ready to prove our assertion, if given a chance.

Priced $35.00 to $70.00

200 GRAND CHARGE
A NOTABLE ACHIEVEMENT

With the advent of spring these junior winter sports, which have enjoyed the spotlight during the past few months, should now begin to give way to other harbingers of the warmer days of the future. Today the wreathing team made the final few of a season which the critics have praised as one of the finest in the history of the Wreathing Association, the senior class of South College.

The. Directing reins. Previous to this year, the level of activity has been relatively low and this has been due, in part, to the more difficult period of the Vietnam War. The senior class has, however, managed to maintain the high standards of the past and has continued to provide a quality experience for the students.

As might be expected, the spirit of the team has continued to grow throughout the season. The use of the team name in various settings has become increasingly common. While we recognize the efforts of the senior class, it is important to note that the success of the team is due to the dedication and hard work of all members.

In the future, the wreathing team will continue to be an important part of the athletic culture at the University of Pennsylvania. We look forward to seeing how the team will continue to evolve and grow.

---

A PROPOSAL ANENT THE KEY SITUATION

The following recommendation has been submitted by the Secretary of Non-Athletic Activities. It concerns the adoption of a new policy to broaden the range of sports and activities available to students. This policy would allow for greater participation in sports and activities, leading to a more engaged student body.

The proposal includes the following recommendations:

1. Increase the number of sports and activities offered to students.
2. Expand the range of sports and activities to include more opportunities for students to participate in a variety of sports and activities.
3. Increase the availability of sports and activities to students, particularly for underrepresented groups.

The recommendation is intended to create a more inclusive and engaging environment for students. The University of Pennsylvania is committed to providing a diverse and inclusive community for all students.

---

THE PENNSYLVANIAN

In Which We Hand Out an Honorary Degree

Mr. Jay H. House, noted economist of the Public Ledger, seems to be besting itself for an alma mater upon which to bestow its adulation. He has been associated with the University for many years, and his contributions to the field of economics are well known.

Mr. House has attached himself to the University in a manner of which he is justifiably proud. He is deeply involved in the University community and has been a steadfast supporter of its activities.

We are honored to present Mr. House with an honorary degree in recognition of his contributions to the University and to the field of economics.

EVERYBODY understands how much peace of mind depends upon the physical comfort. It takes a wonderfully fine entertainment to make one forget physical discomfort or discomforts. In a theatre, or out of it, an uncomfortable or disadvantageous seat spoils your peace, mentally as well as physically. The only thing worse is not to be able to get any seat, especially if the entertainment one's heart is set on. People who get 160 per cent pleasure out of their play-thing, begin by getting their tickets from those whose business is to provide satisfactory seats.

THESE ARE THE ONES WHO OFFER THE CONCERT ADVICE and thus cut out disappointment and dissatisfaction from the very start. It means much to be a Conway client, especially when hard seats are hard to get.
