Seniors Start New Endowment Campaign

The campaign is designed to raise funds for the support of the University's permanent endowment. The campaign will be conducted in several phases, with the first phase scheduled to begin immediately. The goal of the campaign is to raise $1 million over the next five years.

REvised DEPARTMENTS OF RED AND BLUE MAKE FOR COSMOPOLITANISM

The latest issue of the University's student newspaper has featured a number of articles on the recent changes made in the departments of Red and Blue. The changes were designed to make the departments more cosmopolitan, and the results have been positive. The departments have become more popular, and student interest has increased.

CHOICE NAMES FOR MOTOR BOATS

The annual spring regatta will be held on May 6. The regatta is open to all members of the University, and boats of all sizes and types are welcome. The regatta will be held on the University's own lake, and the course is expected to be challenging.

CHRISTIANITY Topic Of Yale Professor

Dr. F. V. Kent says College should Give Working Philosophy of Life

"The American college, if it does its work at all should give a working philosophy of life," declared Professor Charles Porter Kent, of Yale University, in a lecture on "The Fundamentals of Christianity," given Thursday night in the University Museum. "All teaching seems wasted out of place. The relay of foundations is in the work of human generation."

PRACTICAL COURSES OFFERED SUMMER CAMP COUNCILLORS

For the benefit of those students who expect to take part in the camps, a practical course for camp counselors will be given under the auspices of the department of physical education. The course will be conducted by a Leonard Mason, beginning immediately after the Easter recess.

Choosing the right place to live is a very important decision for those who have just graduated from college and are looking for a place to settle down. A variety of factors should be considered when choosing a place to live, including the cost of living, job opportunities, and the local culture. It is important to research different areas and consult with friends and family before making a decision. Ultimately, the right place to live is one that feels like home and provides a fulfilling and enjoyable lifestyle.

Soccer Team Members Told to Keep Up Work in Class

The members of the University's soccer team were reminded to keep up their work in class, as the season is off to a promising start. The team is currently ranked #4 in the nation, and is expected to make a strong showing in the upcoming season.

EXPERIENCES OF RED AND BLUE MAKE FOR COSMOPOLITANISM

The latest issue of the University's student newspaper has featured a number of articles on the recent changes made in the departments of Red and Blue. The changes were designed to make the departments more cosmopolitan, and the results have been positive. The departments have become more popular, and student interest has increased.

Although the decision of where to live is often a daunting one, it is important to take the time to thoroughly research different options and make an informed choice. The right place to live can have a significant impact on one's overall experience, so it is crucial to select a location that aligns with personal values and goals. With careful consideration and preparation, one can find a place to live that provides a fulfilling and enjoyable lifestyle.

make mention of a subscription of $5 received from 23 persons, 15 of whom had heard of the campaign through his local paper, and who, voluntarily enjoining only one-tenth of one cent more at the University, was quick to realize the scope and nature of C. A. activity and appreciation.

In the course of yesterday's solicitation, the canvass conducted by Robert Finch assisted to move out 45 new cases with $8, while the latter turned in $12, Gregory's team, which has lost only $1 in the retreative days, dashed badly yesterday and finished far in the rear, with Bob Randall, with $90, still leads in com- position totals.

Today's activity will principally be con- cerned with a final canvass of the dormitory group, and a checking of those of the fraternity houses who are defaults of subscription. Thus far eighteen of the latter have been reported as on the honor roll of 100 per cent.

I am sure that many individuals who have failed to subscribe have this failed to see that it is their own appreciation of the work sponsored by the association and chief James M. Henderson, that is the reason. I am eager to see this amount of $100 is the only amount that the men of the campus will be called upon to contribute toward an annual budget that runs well above $12,000, so as to meet the $12,000 building that will shortly be erected. Comparisons, of course, are unfair, but it is a matter of record that Princeton University, with a much smaller enrollment, raised over $6,000 in its C. A. drive and averaged approximately $14 per man. Fifty-five over 75 per man will pull our campaign over the top.

Other attractions include the revue "Where's Winni," the month of theatrical columns, and short stories by G. Halkin Blake, Jr., Karl E. Jarmol, John H. Mayer and Maurice Holland, and to forget an interview with "pets" popular TVX. monitor.

All in all, this number of the Red and Blue makes a most cosmopolitan appear- ance, with a bewildering mixture of a diverse nature. Several departments have been deleted that were unnecessary and a couple more have been added which materially improves the general tone of the contents. Really worth one's while reading.

The finishing touches were made to the team yesterday afternoon, when Coach Carnes got his twelve-men through a strenuous fifteen-minute drill. All the players were highly enthusiastic in anticipations of the first real game against Temple.

Coach Carnes filled confident that the Red and Blue players will live up to the men in the right way, and he has hopes of them capturing the district championship, as they did not last.

The line-up of the Red and Blue team, as announced by Coach Carnes, will be: Prince, left; Helms, second; Helms, short; Farrell, shortstop; Schuff, first base; Mc- Grane, right field; Traister, center field; Allen, second; Davern, catcher; Lane, Krug and Williams, pitchers.

The baseball team will line up as fol- lows: Domschott, third; Haem, second; Haem, first; Woters, left; Becker, right field; O.S. shortstop; Powers, second base; MacArthur, catcher; Pat- center field; Wetherell and Goldman, pitchers.

The engineers from Beaver Institute and the Whirlwind are ready with the brick and iron rounds of Franklin Field to contend with and in addition agitate for the nation's supremacy.

While the Decker content is still the pitcher of the game in the majority of baseball dilemmas, it is as much a realistic superstition as it is a realistic superstition. Before being the first to hit this season, in the actuality, the year's record is not the only one that affects the manager of the season, during the coming year, if the system reduces the amount of Franklin's casualties it will have served its purpose well.

**STUDY TERMINAL PROBLEMS**

"Where should the new Pennsylvania Railroad terminal at Philadelphia be located?" was the question recently presented to the Industrial Policy class of the Wharton School. In order to obtain firsthand information about the subject, the class was conducted over the Philadelphia area by President of the private cars of Kiska Lee, vice-president of the railroad.

The students were accompanied on the trip by Dean Emory R. Johnson, Jr. A. H. Williams, of the Wharton Board, and Dr. J. H. Willette, six students, and two officials of the Delaware and the Pennsylvania government railroads. The party boarded the train at the North Philadelphia Station at 12:30 and was taken in turn to the terminating points of the respective lines.

From Northfield they went to the southwest section of Philadelphia via the high freight line. Here Mr. Lee passed long enough to act as host at a buffet lunch provided for his guests. Immediately afterward the train was switched to the Washington division and going over the Delaware branch, they returned to the starting point.

In addition to pointing out all the various problems that arose in the terminal project, Mr. Lee and Mr. Flensolleh, P. W. Temple, chief engineer of the railroad, and C. W. Beloff, assistant to Mr. Lee, provided the students with detailed statistics and maps showing the volume and conditions of traffic schedules of trains and other data to be considered.

Upon the return of the class at 2:30 P. M., three long cheers were given expressing their appreciation for the manner in which the trip was arranged.

Special Sale
The Spring Collection of Men’s and Young Men’s “ALCO” SILK-LINED Sample Suits $36.50

Salesroom and salesman’s models for the spring season, now released and assembled for us by the famous Philadelphia manufacturer for quick delivery to men and young men who appreciate fine clothing and extraordinary value.

Made from finest English and American suitings, tailored in the manner that has made ALCO famous. Sample sizes—36, 37 and 38—$36.50. We estimate the average saving at $20.00 a Suit.

P. S.—In order that men and young men who cannot wear sample sizes may participate, we have prepared a lot of ALCO Spring Suits in a WIDE RANGE OF SIZES at a liberal concession. We will sell at the same price—$36.50. (The average saving is nearly $14.00 per Suit.)

We advise early selection!
