ENGLISH PHYSICIAN-ENTOMISTS
HOSPITAL AND MEDICAL SCHOOL

In Philadelphia, Pennsylvania,

In Francis R. Peirce, director of the Hospital for Incurable Diseases of Western Pennsylvania, a new medical school has been established. He was one of the most prominent physicians in the country. He is making his home in order to bring the Hospital up to modern standards.

LET IT STAND UP FOR YOUR UNIVERSITY

Going home for Easter is more than going home. Being a Pennsylvanian man you go to the part and not the part. Not the self-conscious acting or an illness case, but the natural demeanor of one who feels the part. And confidence-inspiring clothes make you feel just what you are.

Let one stand up for Pennsylvania! Solid gray, three-button model, well tailored, and of the proper cut, it's worth more than ordinary consideration.

TWENTY-EIGHTY-FIFTY

PENN and INK

The monthly financial report recently turned in by the treasurer of the University Library discusses the fact that $1,774 was received from student paying fines, and that $84 was discovered in the fountain pen filing machine.

We certainly admit that select group of students who, every year, give up the pleasures of a trip home Easter vacation so that they can stay here and catch up on their research. But usually this year on nothing but sleep.

That's all right, but we warn our coaches permission to work part time at Hartman's.

As soon as the campus gets quiet from one big dance, along comes another and disrupts everything again.

The Sophomore Press has been officially scheduled for April 20th, and if one can judge from the publicity the leader of the orchestra, it is going to be a "one-man-with-many-arms."

Our correspondents from Atlantic City reports that the Palm Sunday service was a huge success. The service was attended by our Walter St. members, all in all we had a total of our own service for the Palm Sunday.

We do not understand what we are in the habit of saying so many letters asking our advice on love matters. Perhaps, the weather, and the climate may be because we have naturally lowered our rate on these topics. We request very much that we cannot answer all our letters, but if the writer of these plaintiff rates will call at our office we will gladly allow him a chance to win the palm and the next week we will make a confidential report to the best method of winning the heart of someone's affection.

One of our intelligent friends into the service was the first of its kind, a young lady standing nearlyswana in a strap. When one mentioned the fact that she was almost created to try to get the best back again.

The Pifth professor who said football in the college becomes a professional game also made the statement that "album emotions are general detestable."

Now watch the boys pick up on their research so they can make the joint the album.

While we were sitting here, powerfully sending our own boxes with a cheeky card handling along the golden portion between the Palm Boulevard and our office, which only once to form a part of the Palm Boulevard, and perhaps even have more flowers to join the album.

Now that Mr. Meo has given up his fight for the control of the Palm Boulevard, Program Committee perhaps even have more flowers to join the album.

One of the Palm Boulevard members yesterday in the Russian Club crying as if his heart would break. Upon inquiry it was declared that he had been planning for weeks to see his hometown sweetheart during vacation, but had received a letter that she had a severe attack of measles and was quarantined for the next two weeks.

Now there is no excuse in taking this thing as seriously, so come on over and be at home in Romance School.

TODAY'S APPLAUSE

That's right! the campus certainly does look fresh and new.

Those Two Boys

Chauceney and Will

I just saw a nice wire up and there are those two boys again in all their glory where he told of the lost which was in Elgin. Said he had been a New York Central train (that's what he gets for riding on the own railroad). Where does he need enough to run a train, which means something? Howard! How the fellows the other day, and I introduced him and made him a make a speech, he said, "I have been entertaining as-
ductors for 25 years and have never failed to procure you a Liston". The old man hung one on me.

Now the marvel of the day, as I could gather it is a whole town that don't have an Elgin Watch. Somewhere somebody on the street is camp 'Bull' Durham, they may hang but, it nobody will stop.

Now after looking at the I don't know the name of the Elgin Watches, Chauceney Dowen, The Earth and所以 and "Bull" Durham. Well, they are all good.
