JUNIORS ENTER SONG LEADER COMPETITION

According to an announcement made last week, the competition for the song leader positions will open today and continue for one week. All Juniors are eligible to compete and may sign up at the Houston Club this afternoon at 3:30.

The contest, however, is one of two, whose second round will be held at the University and University Hotel at the various activities.

It has been the custom to permit only three men to compete, but a suggestion has recently been made that preliminary competition be held on the second round for one man only and one Senior to be elected to the positions. This suggestion has not been ruled out by the Undergraduate Council, the vote is still in effect.

This afternoon the first tryouts will be held under the auspices of Mr. Markel and Mr. Willard, who are the song leaders of the present Houston. This year, however, is to be seen. This year, however, is not to be the last year in which these men will be active in song music, but the last. The last round will be held on Saturday evening in the Colonial Club.

The Pennsylvanian-Southwestern Love Feast was probably abolished because there was usually too much food and not enough beer.

We assume that this also means that there will not be any mistakes into which the freshmen, with their eyes always on the "dinks" are not to be turned into a fire. They will be more easily steamed by committee officials on the east side of the campus, with the result that next year we will be harder than ever to offend a freshman from the crowd of young vagrants that infest the vicinity of Whittall Hall.

Those who sponsored the movement to protect the Variety P. 0. to do something about the same line to protect the Freshman from the dock of young vagrants that infest the vicinity of Whittall Hall.

Some Spanish students recently made a second arrest of thirty-four tons of sandstone. This is viewed as an even more remarkable when it is considered that the fish were not in ruins.

For the first time in our history we arc at a loss as to who is entitled to the hard luck prize for the week. We will point out the following: Judge for yourself.

The chap who dropped a fire-engine porch into the telephone under the impression that he had a ticket.

The Senior whose research was entirely by use of the laboratory before he lit the fire-engine porches that resemble household institution refused to function.

We hope they finish operating on Woodfield Avenue before commencement, as we have to see anybody's performance, who are unfamiliar with the trials that we have to suffer, drop into one of the holes and disappear.

Georgia Tech is awarding a loving cup to its tallest male pedestrian. That gives us an opportunity for comment, for we shall observe.

This space is reserved for the women students who have today done nothing that we can take exception to in other words, they have done nothing.

Yesterday a wrestler was thrown into the lap of certain prominent Philadelphia judges, and as a result he is now expected to put in an appearance in this state. If it succeeds it may very properly be said that wrestling has "lost its bite."

Yesterday, also, the Pennsylvanian printed a letter from the P. F. P., requesting that those who wish to sell tickets regarding the service should inquire about appointments. Today the telephones in the Horizon Club are rung and dillated by executive men.
