Students in charge of the Campus Council, which is a part of the University, have scheduled to hold a banquet tomorrow at the Club. The banquet is to be held at the Chaplin for the Year "24 Club, the main attraction being the banquet of the Pennsylvania Art Institute. The banquet will be held at the Pennsylvania Art Institute and is open to all Pennsylvania students.

The banquet begins at 7:30 p.m. and will include a variety of food and drinks. The guests will enjoy a three-course meal, including appetizers, entrees, and dessert. The menu features local ingredients, and all dishes are prepared by professional chefs.

In addition to the delicious food, the banquet will include live music and entertainment, providing a fun and lively atmosphere for attendees. Attendees will also have the opportunity to network and connect with other Pennsylvania students, making it an ideal event for both social and professional development.

The Campus Council is committed to providing a unique and enjoyable experience for all attendees. They have carefully planned every aspect of the event to ensure a memorable evening for everyone. Whether you're a Pennsylvania student or simply interested in attending, the banquet is sure to be an unforgettable experience.

For more information or to make a reservation, please contact the Campus Council at students(at)pa-university(dot)edu or visit their website at students(dot)pa-university(dot)edu. Don't miss out on this exciting event - see you there!

Soccerists Meet Navy Saturday

Varsity Eleven Opposes Opponents of Penn State Rovers in Final Contest of Season

FRESHERS PLAY GEORGE SCHOOL

When defeating Harvard Saturday in the exciting Intercollegiate League game of the season by the record score of 8 to 1, the Varsity sailors are now preparing for their game with the Navy tomorrow at Annapolis. The Midshipmen ended the brilliant seven-year winning streak of the Penn State College by decisively shooting them, 6 to 1.

Although Princeton was the Intercollegiate League champion again, Pennsylvania won a close second, being only one point behind the Tigers in the final ratings. The Big Blue booters scored more points during the season than any other team, topping 22 points against 19 for the second-rank rival, Princeton. Coach Douglas Stewart's protégés have always been noted for their scoring power and this season they again displayed their ability to the delight of their department of sport.

Coach Stewart said yesterday, "I am very much pleased with the showing the Pennsylvania team made in the Intercollegiate League this year, for it finished third ahead of Harvard and only one point behind Princeton. When the season opened George School was given, but by true Pennsylvania style it fought hard in every game and finished second in the standing."

Yesterday the Varsity engaged in a strenuous scrimmage with the second team, and appeared to be in condition for Saturday's game. MacDonald, whose leg was hurt in the Cornell fray, is fast recovering from his injury, and although he may not start in the game with the Midshipmen, he will probably see action sometime during the contest. Drinkwater will probably start at outside left.

The Navy fans will be the last of the rear for the first-team men but the junior varsity and Freshmen eleven may play several more games before closing their respective seasons. The Freshmen will appear George School on Saturday, and will conclude their season with the Big Blue and Gibson School on the 13th of January.

Dramatic Club Has New Executive Committee

Reorganization of the Executive Committee of the Dramatic Club has taken place and the following have been appointed: Milton Sins, President; Ola Stuart Thomon, first vice-president; Ed poor Brugy, second vice-president; H. Johnson, secretary; Donald Thomson, treasurer; and Eileen Schmitt, financial manager.

Scene supervision has been assigned to Mr. Brugy, who has had a great deal of varied experience in this line with the foremost designing companies in the country. He also has studied this work in Vienna and Paris. Professor Thomas, of the English department, has made plans and scenic techniques a life-long study and is well qualified to direct the new committee.

Mrs. White, Mr. Schmitt and Mr. Brugy compose the actual directing committee. Mrs. White had one of the roles in last year's performance, "Three Georgian", by Ferris, and is consequently capable to carry on her work. Mr. Schmitt recently transferred from France University, and he was associated with the Dramatic Society while there. Mr. Bolshe is a former member of the Moscow Art Theatre. He has had a great amount of experience, both here and abroad, in directing as well as acting. He has inspected several new innovations from the Continental drama, which will be attempted by the Club for the first time. It will be the initial appearance in this country of these new ideas. Miss Schmitt is editor of the amateur play cast, and another added feature this year. The program thus far, of the Club, has been concerned with a membership drive and campus affairs only. Actual work will now begin in training cast and directing. Six plays will be put into regular weeks with stage crews, and directed by students. Two of these will be presented at the next meeting, December 15, and the remaining four before the Christmas holidays. The Club has been requested by Station W F I to broadcast over the radio, and it will go in the near future.

Theatre Magazine's College Prize Contest S125 In Prizes

If offered by THEATRE MAGAZINE for the best answers to the following questions:

Who is your favorite actress and why?
Who is your favorite actor and why?
Who was your favorite play during the year and why?

Theatre Magazine readers are interested in college students' opinions on the drama. We want to know what you think. College men and women will surely have interesting ideas on these subjects and we hope that you will contribute to our pages with results from this contest.

Answers must be received by February 1st, 1926. Any enrolled college student in the United States is eligible to compete.

Tell us a typical day at your college and campus affairs only. Actual work will now begin in training cast and directing. Six plays will be put into regular weeks with stage crews, and directed by students. Two of these will be presented at the next meeting, December 15, and the remaining four before the Christmas holidays. The Club has been requested by Station W F I to broadcast over the radio, and it will go in the near future.

The privilege of witnessing the only public showing in America of the official film of Boston's Russian Revolution was ours this afternoon. This picture is one of the greatest features ever presented by the Hollywood producers. It is a story of life in Russia under the czar and the revolution which overthrew him. The scenes of the revolution itself are graphically presented, and the story of the American-Russian war is told in a series of thrilling scenes. The picture is a masterpiece of direction and acting, and is a credit to all who have been connected with it. It is a picture that should be seen by all who are interested in history and the life of the people of the world. The picture is a reminder of the warnings which were given by the prophets of peace, and it is a warning to those who would ignore the lessons of the past. The picture is a reminder of the need for international understanding and cooperation. It is a picture that should be seen by all who are interested in the future of the world.

that the other tackles were coming along fine shape at that time and because of their superior team play were given his position on the line-up.

The eligibility of Albert Kivuz for next season's play will be taken up for discussion at the next meeting of the Council to be held Friday. The question brought up by reason of his having played for Penn State in 1916. The later insurrection of the "Reds" constituted one of the most dramatic events in recent history. The newly reorganized "Red" army was seen forming with their recent enemies, the Germans, at the declaration of the Armistice on March 30, 1918. The later insurrection of the "White" armies under Wenzel, Kondak and Valdenik and the campaigns in northern Russia under Trotsky mark the close of the serious troubles of the Bolshevik dictatorship. The last reel of the film features the assassination of the industries under Communist management. Professor Hovland of the History department will give a short forecast on the historical significance of the Russian upheavals. It has been stated that this revolution is of greater importance politically than the French revolutions, and he Hovland will explain its significance by controlling the destinies of 160,000,000 people.
