Alfred Nevey, Famous English Poet, To Feature Arts Association Program

With the appearance next week of Al-
fred Nevey, the great modern poet, in
the city, in the course of a two-night
series for the Benefit of the Arts Associa-
tion, Professor Nevey will present a
reading of his own poetry on Wednesday,
December 30th, at 8 P.M. He is a grand
poet of Oxford University, and was nom-
inated to the chair of Modern English Lit-
erature at Newnham College, Cambridge, in
1921, serving in this post until 1923, when he
resigned in order to design more time to his
work. A reader of his poems, the greatest of modern English poets, and
is well known to the students; many magazines, including the Atlantic
Monthly, have featured his work.

Nevey, a native Englishman, who
was born in Seaton, Devon, England, on
February 5, 1861. His early education was
obtained in the public schools of the coun-
ty, although he later matriculated at and
graduated from Exeter College, Ox-
ford. In 1914 he became the United States
ambassador to the Mexican Republic,
being three times—Monday, January
16th, Wednesday, January 20th, and Friday,

The Yellow Drive-It-Yourself System is the one car renting service in Philadelphia where you students don’t have to "sign your life away" or bet a lot of money in order to rent a car. Renting a car from us is a simple operation. It will take you about five minutes to make all arrangements.

The car you rent from us is a brand new, six-cylinder gear shift car, either open or closed. Has all the earmarks of a privately owned automobile. We also have new Ford Touring and Sedan models.

**RED AND BLUE BOOTERS OPPOSE NAVY TOMORROW**

Six Penn Team Men Will Play Last Game for University Against Mid- dles at Annapolis

FRESHMEN PLAY GEORGE SCHOOL

Thirteen members of the Varsity soccer team will leave at 5:00 this afternoon for Annapolis, Md., where they will play their concluding game of the season tomorrow, Saturday, against the Navy. Sixteen times, since the Middle's last Yale, 5 to 0, last spring and the Red and Blue defeated the navy team earlier in the season. 4 to 0, tomorrow’s contest is expected to be closely contested. When the Annapolis soccer man won from the Penn State booters, 4 to 1, two weeks ago, they were the first to score on the Mid team this season and the next to defeat them in seven years.

All the first-team men in prime condition for the fray. MacDonald, who was hurt in the Princeton game, has fully recovered from his injury. Although Pratt, whose leg was injured in the Cornell fray, will not start tomorrow, he will probably see action during the game.

Coach Pearson got the team through a strenuous practice yesterday afternoon in the form of a scrimmage with the Junior Varsity.

Six members of the team will play their last soccer game for the University tomorrow. These men are Captains Frank S. inside right, Richmond, goal-tender; Lewis, fullback; OHM, halfback; Gordon, inside left, and Dougherty, outside left. Richmond and Gordon were selected on all intercollegiate soccer team last year.

The Middle has a remarkably strong aggregation this season, which has defeated some of the best teams in the eastern part of the country. The star of the team is Captain Frank, who has played a good game at center forward in all the Navy’s contests this year. Other stellar players on the team are Abele, inside right, and Pratte, right halfback. Pratt scored three goals against Yale and Abele tallied the other two.

Tomorrow morning the Freshmen team will oppose George School at 10 o’clock, while in the afternoon the fourth team will play the Nation Cricket Club second eleven in a second division Cricket Club League match. The contest between the third team and the Penn A. C. Teams scheduled for tomorrow has been forfeited to the University aggregation.

**KISTER CALLS FOR ADDITIONAL MERITIES**

Curtis Kister yesterday issued the final edict of the year for swimming candidates the squad that at present he is greatly concerned by insufficient material and urged that all men who have had any experience report for a tryout. He also announced that there will be several races on the water polo squad which must be filled soon.

"We need to know how to race and the possibility of injuries is comparatively small," declared the popular mentor. "It reaches the candidates to feel at home in the water and to gain a spirit of team work and cooperation, as in any other competitive sport. This, then, is one of the best possible ways of keeping our men in athletes in condition. Those who enter to compete in track and other spring sports next spring will find both swimming and water polo a fine way to keep in trim."

The next impending meet will be held at Monday at 3 o'clock. This contest is open to all aspiring swimmers and the coach wants as many to turn out as possible. Handicaps will be given to the chosen members of the squad in order that the races may be evenly distributed. On Tuesday a challenge race will be con tested between the first-string men, represented by Captain Wilson, Eberle, Johnson, and Smith and the Freshman team, which will be chosen from the rest of Men's squad.

**WORLD COURT DELEGATES DEPART FOR PRINCETON**

News, the opinion of a nationally known author on the Court, Mr. L. G. Withers. He was a number of the legal Section of the Interstate Leagues of Nations from 1910 until 1923, and in his disinterested treatment of the question, he infers that although it would undoubtedly be of benefit to the nations to join the World Court, as far as our Government is concerned the question must be treated with the utmost care.

"The United States will not be making a great sacrifice for peace," he asserts, when it gives the support which is being asked. We can now go into the Court with a disinterest if the other party agrees. The forty-five other states have voted to do so, and that for us, too. They did for Germany and Russia and our last £1,000,000 in the Philippine administration; they did for the new Court, but the question we must face is whether or not we have been held back by our failure to take part in the present work of organization. We have recently agreed to arbitrate a dispute with the Netherlands concerning an island in the Philippine archipelago, although there has been a remarkable lack of interest in the matter. So far as our present giving our consent would he necessary, we have the Court, as far as our Government is concerned it has been held that we agree to use the Court. It is supported only by the agreement to help maintain it, that we agree to pay some $450,000 a year to help pay the full $535,000. This is a very small price to pay for the benefit of the nations to join the World Court, as far as our Government is concerned the question must be treated with the utmost care.

Johnson's, figure, bearer of the torch, entered a 25 minute time advantage over Hiney, Bragg, Crawley, and Bermud for the West German team. According to official reports, the men signed up to compose have not seat in an approach. In order to success fully end the tournament this week the following suggestion requests that everyone scheduled to take part report to Wehrle's Shop at 1911 Walnut Street next week. Approximately 125 entries have been received, greatly demonstrating the interest of the student body in the sport. With the extremely difficult schedule ending up with the Intercollegiates in March, an announced postponement, ahead of it, the final meet will be held the following Saturday. Among the difficulties that the student body was facing the coming months numerous opportunities for this interest to further assert itself.

Beginning in the middle of the football season and careful how he spent them. The authorities at the University by the policy which they have brought upon themselves the censure of both students, coaches and the Council on Athletics because they have not considered the real reason for the slump, he may continue to win.

The Penn Florin show which was supposed to have ensured our win on Elsie Field yesterday has again postponed the game. If this keeps on the game will probably be played at the Central of Homes before New Year's Day.

That would give them an excuse to use the gridiron again this year.

The next note from the Penn Florin will no doubt be cut later than usual, as the funny had to be used for tackling practice.

Several members of the Pennsylvania football team, after reading the reports of Red Grange, have been informed that they have reconsidered and will probably not play professionally.

We think that Grange will make quite asuccess ofact.

We have seen him take part in a number of good plays and stage several good sets with little supper.

Forgive innumerable successes, the Illinois team's morale seems broken. Strength has got to pay an income tax.

We'll probably have to go back to school to study how to do it.

The young men now take a million by spring. He might be able to find college on his earnings if we could help them.

While the eating places seem determined to kill the spirit that in our football coaches, the Council on Athletics would like to kill the campus rumors.

Excess of the proposed courses is not established. It looks as though the rumors would confuse the boarders.

Today's Historical Question

"What difference will it make if we don't have Kent and Hendricks next year?"

After every football season we hear the cry that the sport has brought about the decadence of modern student life. And those who do any of the saying are those who choose to be ruled by the general public.

"Poor," who has been working on the case all season, reports that the majority of the Flitz 27 has not yet been overflowed.

Now that the Prince of Wales has decided to wear his last year's garments, or least suits of the same style, a hard blow is predicted for the tailcoat and the frock coat.

"Boys," who has been working on the case all season, also suggests that the Junior Prom has something to do with the recent rainy spell.

If the chap who showed up in his gym suit will report to this office, we will be glad to learn from him how to open that locker.

It will save us gym caps for the rest of the year.

ing the University's appreciation for the work of its athletes.

After appointing Ward Ewell, '27, and Philip Dweck, '27, to the Scholarship Committee to manage the details of the award to the award of the Cup, the Council discussed the Interfraternity Ball and solicited suggestions for an Ivy Ball. Although no definite resolutions were made, it was brought out that the dances should not follow too closely upon each other.

A request was also made that the Interfraternity Ball be held at a time when the members of the Mark and Wig must not be on the road. This led to the suggestion that the affair might be held during the week that the show plays in Philadelphia. Following a short discussion of the various hotels and clubs of the city as a place for holding the dance, it was apparent that the members were partial to the Bellevue-Stratford.

The approval of the Council was always a vote for a private enterprise for the publication of a fraternity directory. It was promised that the book would be tastefully arranged and composed and would include as a supplement a complete map of the campus with the locations of all their在校 lectures.

TOWNE SCHOOL DOWNS
COLLEGE GRIDDERS

By virtue of better all-around play, the
Towne School gridiron club defeated the
College gridiron club, 6-0, in a hard-fought
game yesterday on River Field. Although,
out-numbered and out-blocked, the scientists
managed to put the ball over for the only
touchdown of the game, by means of a
forward pass that caught the College
men napping.

The feature of the game was a weighty
tried run for a touchdown by Captain Bel-
ner in the last quarter of the game. Before
received the forward pass on his own
thirty-yard line, from Donnelly, and ran
practically the entire length of the field to
score. Better show of two touchdowns
and one or more of his opponents
his finest of the way. The place-
ment try for the extra point was blocked.
The College eleven threatened to score
many times during the game but they
failed the punch at the opportune mo-
tons and did not make the most of the
numerous breaks of the game that came
t heir way. It was not until the last few
minutes of play that Captain Biggley
would get started to duplicate the skill
be displayed in the game with the Movee
School gridiron.

Tomorrow at 2:30 P.M. the Wharton
School will meet the Towne School in River Field to decide the cham-
ship of the Inter-Departmental
League.
