RED AND BLUE WRESTLERS GAIN DECISION OVER PRINCETON MA"IN MEN BY 12-10

With Herbert's win from Blair in the 175 pound class at Princeton, Saturday afternoon, Coach "Ringo" Svec's nerves clinched their first victory of the season, securing the Tigers by a score of 12-10. Out of seven bouts, the Red and Blue gained four victories and one draw. From the very start, when Svec was awarded the referee's decision over Good in the 155-pound group, Pennsylvania was in the lead.

"Ringo," star 152-pounder and runner-up in the Intercollegiates last year, has the individual championship for the University. Although failure to throw his opponent is his only drawback, Svec's gains in decision, with a time advantage of 2.5 minutes. The match between Lifshitz of the Red and Blue and Jefferson proved to be the hardest-fought of the meet, going through two extra periods before Referee Caniff finally declared it a draw. With victories in the first two matches of the 155-pound group, Pennsylvania gained a lead of 6-0 before the next contest. Svec, who caught two seconds in the 155-pound group, also clinched the 175-pound victory over referee's decision, putting the Decider out of reach.

"Ringo," the star of the meet, held the 155-pound title for two years, and was a member of the 155-pound team from the time of the 155-pound group.

DIVISION COMMANDER TO REVIEW W. O. T. C.

Colonel Clarence Eames, commander of the Reserve Officers Training Corps for the Third Corps Area, including the states of Pennsylvania, Maryland, and Virginia, will inspect the student cadets of the University of Pennsylvania this afternoon. The inspection will take place at the University campus and will determine the governing policy of the Pennsylvania Reserve Officers Training Corps.

The Election of the 220th anniversary of the University of Pennsylvania. The University is the only large university in the East which has failed to adopt the rule. There, in Chicago, in the last year, the same effect passed unanimously the motion of your basketball players on Saturday evening.

The northern sector of the Eastern Conference have named the role. In the West, the Ex-Test conference acquires it by secret agreement.

The Non-Migrant run is definitely intended to stimulate the "own" athletes from the ranks of the non-migratory athletes. As a university, this will be the role of the first transfer to college and transfer to another where he thinks he can achieve these ideals. Courses in the alien process. Courses in many sports taking up their duties at a new institution, any be followed by a substantial number of athletes whose college has been gone. The object of such practices, both to the high school college and to the high school alumni in the admitted institution, innumerable protective measures. Other well-qualified universities have long since bared the first Pennsylvania put its claim for leadership in the movement when the rate was decided five years ago.

Now the Council on Athletics works an expression of un- dergraduate opinion on a matter which affects them vitally. If the students show the proper interest by a large referendum vote in this opinion, it may be that a new era of under- graduate influence in determining athletic policies will be signaled soon.

Come on out and VOTE. And vote affirmatively.

Benjamin Franklin Week

In commemoration of the 220th anniversary of the birth of one of the American statesmen, philosophers and educators of the Revolutionary period in American history,Mayor Kee- nedy has decreed a Benjamin Franklin Week. Although his memory is dear to Philadelphians, because of his contributions to national life and national affairs, Franklin is especially commemorated by Pennsylvania men as the man who founded the University, the Bank of Pennsylvania, and the Pennsylvania Hospital, institutions which later became the University.

The Benjamin Franklin Week is to be celebrated with a program of plays, as was proven by his current efforts to preserve his memory in 1738. Franklin be- came interested in the subject of the freedom of the press when he considered Wall street. His work is being done in the cultural life of the University. Franklin is an integral part of Pennsylvania student life. For the pleasure of a family, you will go to the University and have the city, where you can find a free lecture, and free lecture. This week, the Frequentines are an integral part of Pennsylvania student life.

Gamma Sigma Election
Continued from Page One

Opposite the Interfraternity Council, on Tuesday afternoon, the Gamma Sigma Council presented its new officers for the coming year. The following were installed:

President—D. H. Kreese
Vice-Presideat—T. L. Coyle
Secretary—J. B. Lincoln
Treasurer—F. E. Johnson

These officers were installed after a brief meeting of the fraternity for the purpose of ratifying the election of the new officers. The meeting was called to order by the President, D. H. Kreese, and the minutes of the last meeting were read and approved.

The installation took place on the stage of the Interfraternity Council, with the members of Gamma Sigma forming a line in the center of the stage. The President, D. H. Kreese, delivered an address in recognition of the work of the outgoing officers and in welcome of the new officers.

The installation was followed by a social hour, during which the new officers had an opportunity to meet and get acquainted with the members of the fraternity.

The installation was concluded with a short address by the President, D. H. Kreese, who emphasized the importance of the work to be done by the new officers and urged them to work earnestly for the welfare of the fraternity.

The installation was well attended by the members of Gamma Sigma and was much appreciated by all.

The installation of the new officers of the Gamma Sigma Council marks the beginning of a new year in the fraternity and is a sign of the continued growth and development of the organization.
