REV. J. R. HART SUMMARIZES VOCATIONAL WORK DONE BY CHRISTIAN ASSOCIATION

"The Vocational Committee of the Christian Association has been in operation for ten years," stated Rev. John B. (Jack) Hart, pastor of the Church of the Resurrection, recently in summarizing the work of this organization, "and it was the first of its kind of which the writer of this paper is aware." The National Church and the Christian Association in this respect were pioneers.

After conducting a very restricted and small program for the first two years, the committee has been able in recent years to stimulate a larger scope of the work, and it is recognized that the representatives of various departments from every university that had vocational influence in the United States are now included.

In psychology: Dr. Willett, Dr. Williams, Dr. Hald and Dr. Steen, in the School of Pharmacy; Prof. Fairman, in engineering; and Dr. Askel, in the School of Agriculture, have all been called to the organization.

Lecturers representing all the professions and branches of science appear before the committee, as well as the requirements and the qualifications needed for success in any field of work. Opportunity for personal consultation with these experts was arranged. All of the Illinois freshmen are in the class that is recommended to be bought by the members.

HOLD TRIVIUM FOR SPORTS

Sports for the annual Sports Club play Wednesday night

Trivium will be held in Mount Pleasant hall Thursday evening at 8 o'clock. All students desiring to take part are requested to report at the first trivium that time will be no delay in choosing the lists. The play will be produced in the order of the American Legion at eight o'clock, followed by the regular meeting of the club will be held in Boston.

We therefore request that all members of the Legion be present at the meeting.

MANAGEMENT OPENS GRID COMPETITION

All freshmen in good standing will sign up for Management or Schiller in Council Office

HOLD SPRING PRACTICE SOON

Members of the football team in good standing were called to the football managerial competition as the most important and difficult first step in preparation for the season. The competition was open to all men who have played on the varsity team in the past three years and are in good standing. All men who are interested are urged to sign up.

The competition will be held at a late date, and the first meeting will be held at 7:30 P.M. The competition will be held in the gymnasium, and all men who are interested are urged to sign up.

Details of the competition will be released at a later date.

PUNCH BOWL MAKES APPEARANCE TODAY

With recent victories over the University of Michigan and the University of Oregon, the punch bowl is making a comeback on many campuses. The popularity of the punch bowl is due to its ability to bring people together and create a sense of community.

Punch bowl recipes are diverse and can include a variety of ingredients such as fruits, vegetables, and spices. The punch bowl is typically served in a large, ornate bowl with a ladle for serving. The bowl is usually filled with a mixture of juices and syrups, and the punch bowl is topped with a variety of garnishes such as fruits, nuts, and spices.

The punch bowl is a staple of many social gatherings and can be found at parties, weddings, and other events. The punch bowl is often enjoyed as a cocktail or as a non-alcoholic beverage.

In conclusion, the punch bowl is a great addition to any social event and is a fun way to bring people together. Whether you are hosting a party or simply enjoying a drink with friends, the punch bowl is a great option.

COLLEGE BOXING GAIN

Many Eastern Institutions Make Extent in Contests for Coming Season

Although the number of colleges participating in intermittent boxing this year is approximately the same as in the past season, the number of entries for 1908 shows a marked increase. Pennsylvania, as in the past two years, since the organization of the Intercollegiate Boxing Association, will compete in the matches.

According to the statistics as furnished by the association, interest in college boxing is increasing greatly, as many additional eastern colleges in both the North and South have signified their intention of competing with each other during the coming season. This is significant, as the reference of recognition among colleges in this branch of sport is in its early stage.

As the final schedule has not yet been decided upon, the association undertakes to note that some of the eastern colleges will see their way clear to enter the next series of contests. Some of the prospective competitors, in addition to Pennsylvania, Yale, Harvard and Princeton, are Dearborn, Colgate, Swarthmore, Navy, Virginia, and other southern institutions.

DR. CARIS - COACH FOR FIFTEEN YEARS AT PENNSYLVANIA

Popular Baseball Mentor Has Excellent Record During Tenure

Dr. Walter Carisa, mentor of the Varsity baseball team, is now beginning his eleventh year as a coach of baseball at Pennsylvania. During this time he has developed teams that have been placed among the best in intermittent baseball circles, and has uncovered several players whose names and fame will live forever at Pennsylvania.

Dr. Caris graduated from the Medical School of the University in the Class of 1905. During his undergraduate career he made a name for himself in baseball, playing three years on the Varsity team. During his freshman year he was the regular catcher on the pitching team. In 1906, his sophomore year, he tried out for the Varsity squad and gained the back-up position. In his last two years at college Dr. Caris switched from the catching position to second base. During his senior year he was elected captain of the team, and proved himself to be worthy of the honor by leading his men to many victories and displaying remarkable baseball ability.

Immediately following his graduation, Dr. Caris accepted an offer to coach the local team for the following spring. At the 1906 season he dropped the coaching position until 1908, when he was again made coach of the proofs. He continued to hold this position until 1908. An interval of three years elapsed before Caris again took the coaching position.

"We better to have a suit and not need it than need a suit and not have it.

Whether you need one or not, it is a wise thing to have in Perry's Great Sale now in full swing.
When Riss and Kafei won the flying rings and the tumbling respectively, Pennsylvania's Junior Varsity engaged Vassar's Saturday afternoon, and was victorious. 51-12, Taylor of the Red and Blue, was the individual star of the meet, with four 2nd places and two thirds. Hempseed gave the best assistance for the team.

**CLASS RECORD ADVANCES PRICE AFTER THIS WEEK**

Last Payments Not Received on Portraits Before March 15 Automatically Payable at New Rate

**PHOTOGRAPH TOTAL REACHES 500**

Circulation Manager Griffin of the Class Record, has announced that only one more week remains before the subscription price of the annual will be raised from 85.00 to 86.00. Students have been very responsive this year in declaring their intentions of purchasing a book, and that many will have to pay the advanced rate, according to present indications. The circulation last week fell below the two thousand mark, and is the desire of this year's Record Board to eclipse that amount. The purpose in setting March 15 as the last opportunity of sending in a subscription at the regular price, is to ascertain the extent of the order which must be sent in to the publishers on that date. Griffin also stated that a large number of men on the campus will be disappointed in their hopes of getting a Class B. If they delay beyond the time limit, on March 15, only the list with the final payments on 85.00 subscriptions, and all following partials will have to be taken on the new base. In order to make a thorough canvass of the school, the Record brokers have divided their forces into four teams, and partial payments or non subscriptions may be limited to any one of these representatives. Cards have been sent out to all clubs, societies, fraternities and other groups that had space in last year's book, in order to ascertain their intentions as to making reservations this year. A larger number have already applied for their space, among whom are several new fraternities which will be added to the old list. It is estimable that every organization be represented in order that the Year Book may accurately represent the University.

The Class Record contains the only complete list of every fraternity, together with the pictures and names of the members, that is published on the campus. This fact is, is indicated by the fact that the Veterinary School last year did continue the issuance of an annual book in order to affiliate itself more closely with the other University departments. It was also announced that the number of subscriptions and distribution blanks already registered has been increased to 600, beating a balance of 298, which is still a very poor showing for this time of year.

**GYM TEAM DEFEATS DARTMOUTH**

Captain Kramer Ties Intercollegiate Record for 20-Foot Rope Climb

Pennsylvania's gymnastic team defeated the strong Dartmouth aggamation in a closely contested meet at Hanover, N. H. on Saturday afternoon by the score of 50 to 24. The Red and Blue team took four out of the last six places and three seconds. Captain Kramer of Pennsylvania, was the individual high scorer of the meet, winning the rope climb and placing second in both the side horse and flying rings for a total of eleven points. In an exhibition performance the Red and Blue leader equalled the intercollegiate record of 4.5 seconds in the 20-foot rope climb. Three times in the meet was one-4th of a second faster than this figure, but a measurement of the rope proved it to be an inch short. He now shares the present record with Forrest and Withrow, both of the Navy, who established the record in the intercollegiate last year. Dartmouth was only two first places.
