Spanish Club to Hold Annual Affair in Cristal Room of Adelphi Hotel at 6:30 P. M.

Music Furnished by Chapman

Members of the Class of 1926 will be entertained at Cristal in the Cristal Room of the Adelphi Hotel, at the annual Sophomore Euchre. The formal affair will take place this Thursday, April 30th, at 6:30 P. M., and some popular entertainers have also been accepted.

For the benefit of any sophomore desiring to attend the banquet, but who have not yet obtained tickets, a booth has been placed in Houston Hall, and will be open today from 1 to 2:30. The proceeds of the booth will be accepted at the banquet, at the price of three dollars. It will be the responsibility of the person purchasing the ticket to furnish the name of the person receiving the ticket, and the management, in the presence of one of the officers of the College, will deliver the ticket to the person so designated.

One of the features of the program will be several numbers from the World's and Pig production. The "Mop-up" dance will be given by the students, which includes W. F. W. Fletcher, Jr., A. T. W. Johnstone, J. F. Trappe, W. T. Boon, J. H. B. Birkett, J. F. Blau, H. M. M. Parton, and B. W. T. Franklin. The band will consist of the band director and registrar of the Adelphi of the Class of 1924, which consists of its original members.

As in years past, the Emergency Needs Committee of the Adelphi and the Campus Community Center will continue in conducting their annual spring Regatta, which this year the event will be held in the Cristal Room of the Bethel Baptist Church next Friday, April 30th, at 6:30 P.M. The proceeds from this Regatta will be used for the advancement of social service and recreation.

America will be represented in two numbers—one an American Indian dance done by Chief Sitting Bull and Donald Wishon of the University Museum, and the other in the dramatic, when the goddess of Liberty will lead the closing march and be the center around which the representatives of the other nations will group themselves.

Native of the Philippines will show how a dancing maiden of the islands should be. Miss Anita Comstock will play the island maiden, while Marianna Frazza is to be the accomplished dancer. Holland will be represented by twelve Dutch girls who are to sing Dutch folk songs. The gavotte, as danced in the court of Louis XV, will be the nucleus about which the sketches representing France will be built. The costumes are typical of the Pompadour period.

Each nation will be interpreted in its most prominent dancing in its national picture. The Chinese, Japanese and Hindu students are establishing programs that will introduce the migration and atmosphere of these Orientals. The staging, thrumming will be elaborate and true to life of the various nations.

WALTER CAMP MEMORIAL PLANS SHOW PROGRESS

458 American Colleges Will Participate in Rating Moments to the Late Football Czar

JOHN W. CROSIS IS ARCHITECT

General Palmer E. Pierce, president of the National Collegiate Athletic Association, recently appointed a committee on the Walter Camp Memorial for the purpose of raising a fund of $300,000 with which a memorial will be erected in commemoration of the late Walter Camp. It is sincerely urged that all college men, undergraduate and alumni alike, should participate in this movement to commemorate the "Father of American Football."

The financing of this unique undertaking is to be carried by 458 American colleges. Half of the amount required will be raised by the Yale alumni, while the remaining half will be subscribed by the other universities. The memorial will take the form of a gateway, which, together with the imposing pyramids and enclosure, has been designed by John W. Cross, Yale 1896, of New York. At the entrance to the north field, directly in front of the Yale Bowl, will be erected a lofty, massive stone archway, 110 feet in width and 46 feet in height. Over the arched entrance the inscription "Walter Camp Fields," will be carved in stone. Extending from this massive arch to the base of the ornamental grounds on either side, for a distance of 900 feet, will be a low, ornamental stone wall in keeping with the character of the massive arched entrance.

Monuments of British History

Each year thousands of visitors are delighted with the "Cathedral Route" which traverses the historic site of Great Britain—its cathedrals and castles, its monuments of British History and its architectural and artistic beauties. The present year the British are being inspired to raise a fund of $300,000 for this purpose. The architect who designed the new "Cathedral Route" with its monuments of British History will be the nucleus around which the memorial will be built. The "Cathedral Route" traverses the historic site of Great Britain, passing through the most famous cathedrals and historic buildings in the land. The wood engraving is a perfect picture of a most interesting part of the old world.

TWENTY-EIGHT GATHERS ROUND THE BOARD

Since the abolition of the Sophomore Prom by the present Undergraduate Council, the only large social event which the second-year men are permitted to hold is the annual banquet. This function, therefore, has been elevated to a position of prime importance on the Sophomore social roster.

Tonight the long-expected event will be held. Gathering around the festive board, the second-year group will mingle together more intimately than at any other time during the school year. The strain of competition and petty grievances will be forgotten as the doors give over the evening to the pleasant company of their classmates.

Aside from the advantages which can be derived from the association of classmen, there are other aspects of the affair that should prove extremely attractive to those who attend. The committee has been quite fortunate in obtaining a splendid group of speakers for the occasion. They are none who are unfamiliar with the campus for their ability in an official capacity and also as speakers.

With only a week before the Pants Fight, this occasion offers a fine opportunity for the class to formulate plans which might enable it to capture the Pennsyl Exam this year's competition.

The success of the entire affair depends entirely upon the support that it receives from the men as a class. A failure in this first social activity will give the Sophomore class a setback from which it will be difficult to recover. Success, however, will place the Sophomores as a class which has the ability to conduct social affairs, as well as its management over the other classes. The success or failure of the banquet depends upon the response which is tendered by the individual members of the class.

DISSATISFIED EFFORTS

A professor once suggested to one of his classes of Freshmen that each of them set aside one drawer of his desk and that he should leave himself without. The idea was only a unexecuted one. However, his students followed the whimsical suggestion and the drawer would have been designated a genius expense account hook, that half-completed set back from which it will be difficult to recover. Success, therefore, will give the Sophomore class a greater number of "Last Weekies."

The chemistry instructor at Illinois, who was discharged because of conducting an experiment in gross for- mation, seems to have been only brewing trouble for himself.

The Freshman Across the Hall says he is going to see the Spanish Club play "Marcela" to see how the girls get their hair waved.

Many have submitted a hastily compiled report shortening that the proposed Probation School will save the University.

I signed up my name, to be dotted line
And his upon the ballot;

But a big Saline named Cliff Chlorine
Said, "We cannot allow it."

"Why, what is wrong?" I said.

Shaking in my shoes.

"You cannot vote for Charlie Chute;
You haven't paid your dues."

Yale, Columbia and Pennsylvania Rowing Committees Meet With Rail

TRAIN SCHEDULES ANNOUNCED

At the conclusion of a conference held by the officers of the Yale, Columbia and Pennsylvania rowing committees, plans were announced regarding the triangular meet to take place at New Haven on May 4. Representatives of the New York, New Haven & Hartford Railroad and President Frank H. Gates of the Derby Chamber of Commerce also were present at this meeting.

The meet will take place on the Housatonic River and will be raced over a new section, two miles from the head of the course. The first race will be that of the three Junior Varsity crews, scheduled to begin at 4 o'clock. The three Preliminary crews will be called up at 4:30 P.M. and the final race of the day will be about 5 o'clock, when the Varsity crews will line up.

Several arrangements have been made for a special train to leave New York City at 12:30 P.M. (Midland Train), which will arrive at Derby at 2:00 P.M. The same train will leave Derby for New York City ten minutes after the return of the observation train to Derby.

Today will be the last opportunity for students to procure reservations on the observation train for Saturday's race. Those, it was announced by Robert Sinclaire, Jr., manager of crew, may be obtained at the Colonials Athletic office and the Central Athletic office.
