OARlTHOMOUTH CHALKS UP THE PENNSYLVANIA SUE-QUADRANGULAR CUP

In furtherance of plans which contemplate an entirely new track and field facility at Milton Field next October, the Harvard track and field team, which won last Thursday the installation of an entirely new set of track and field lights designed to fit into the scheme of building developments, is in the hope of the management that a new synthetic half-mile University running track upon its return to the campus next fall will find in addition to the new system of lighting, a new field, new rings, and a completely paved building.

With the probable installment of the track and field lights in service with quarters in Houston Field, the management will be able in the forthcoming fall and spring to maintain in the Houston Field and East Field of the University, the Boston University Track and Field Travel Association, and the United Track Association.

TO HOLD DINNER FRIDAY NIGHT

The Track and Field Association of America and the Intercollegiate Athletic Association of America will hold their annual meeting in Philadelphia, Pennsylvania, on Thursday, May 25, 1928, at the Parx Hotel, Broad Street, Philadelphia. A dinner will be held at the Parx Hotel and a banquet held in the Hotel Pennsylvania.

TUCKS AND LAMBERG BRILLIANT

In the annual ball meet between the Pennsylvania and Princeton track teams, held Saturday on Franklin Field, the Red and Blue boys won last year's defeat and although closely fought, defeated the Tigers, 14-12. The meet was the first of the season and marked the close of an undefeated season for the University yardlings.

Pennsylvania took early leadership in the track meet and was still in the lead when the last big race of the meet was run at 1:15, the final distance of the day. This was the 880-yard sprint, a race in which the rest of the competition was disposed of and Pennsylvania's Tucks and Lamberg took first and second places, making it 1-2 in the event. Tucks ran the 880-yard in 1:15.1 and Lamberg in 1:15.5, with Al Fontanella third and Meyers fourth in 1:16.8.

The final meet ball match gave the Red and Blue a victory and was in each case a clean break, with any number of errors. The final 10,000 yards race was the last of the season and was run in 24:51.6 with the Red and Blue winning.

This battle of the little giants is creating more interest than the great meet. The contentions of the "dope" in other individual championship in this year's competition, will be the day. Even taking into consideration the efforts of the returning athletes, the Flier will have to be done away with.
